Summer Reading is made possible thanks to the generosity of the Pierce County Library Foundation.
Welcome!

We are so happy you are joining us for Summer Reading! The best way to help your child develop a love of reading is fun and easy, and something you're probably doing already—reading, talking, singing, writing and playing together every day. These five simple activities help your child develop brain connections for learning to read. When you complete 15 activities together return this log to the library for a prize. If you complete all 25 activities before August 31, you can earn an additional prize!

Have fun reading, talking, singing, writing and playing together this summer!

- Let your child help you cook by stirring, pouring & measuring ingredients
- Attend a story time or a library program
- Play peek-a-boo or hide & go seek
- Talk about the pictures in a book
- Let your child turn the pages of a book
- Take a walk together outside & talk about the things you see
- Read an alphabet book
- Point out colors in a book
- Have your child point out things that start with the first letter of their name
- Read a book that's a song you can sing
- Play with something messy
- Sing ABCs
- Use a paintbrush, feather or sticks to paint with water outside
- Look at all the traffic signs around you & see what shapes and colors you find
- Sing nursery rhymes
- Point to the words in a book as you read
- Share a bedtime story
- Print your child's name & help them trace the letters with their finger
- Play with clay or playdough
- Draw a picture of your family
- Make up a story using stuffed animals or puppets
- Go on an alphabet, shape or color hunt in the grocery store
- Give your child toys to dig, scoop and shovel
