## The Waves On the Beach from *More Simply Super Storytimes*

(Sing to the tune “The Wheels on the Bus”)

The waves on the beach go up and down,  
Up and down, up and down,  
The waves on the beach go up and down,  
All day long.  
The crabs on the beach run back and forth...all day long  
The clams on the beach go open and shut...all day long  
The jellyfish on the beach goes wobble, wobble, wobble...  
all day long!

*Make up your own verses and actions.*

*This song is also very fun to act out with scarves!*

## Here is the Sea

Here is the sea, the wavy sea  
Here is my boat,  
And here is me  
All of the fishes  
Down below  
Wiggle their tails  
And away they go.

## Stretch Game: Sea Life Pictures and Dice!

Find pictures of animals that live in the ocean.

You could look for them in a book or magazine, print out pictures from the web,  
draw your own sea animals,  
and use some of the pictures in this activity packet!.

Find some dice from another game in your home.

To play the game, think about how each of the animals  
from your pictures might move.

Then, toss the dice to  
see how many times you get to move like each animal.

Here are a few ideas for moves -

- Whale = jump up out of the water!
- Octopus = wiggle your arms
- Sea Turtle = make your arms glide
- Sea Otter = float on your back
- Stingray = spread your arms out as wide as you can and float
- Fish = Make your hands swim

## Dolphin Banana Snack

### What you need:

1 banana per child

Small fruit (grapes, blueberries, or strawberries)

Plastic cup and butter knife

Markers

Leave the banana peeled and slice it in half. You want to use the half of the banana with the stem - this is the dolphin's mouth! Cut into the stem to make the mouth.

Draw eyes on either side. Put fruit into a plastic cup and then place the dolphin banana in the cup too.

Give the dolphin banana a grape to eat!

# Color by Number

Match the numbers in the pictures to their colors above.

# UNDER THE SEA

connect each picture with its other half

# Under the Sea

*Draw animals found under the sea!*

WHALES

How many animals are in each box? Color the correct number!

# Ocean Coloring

# COUNTING FISH

Count each animal and color the number of squares to match how many of each fish you find.

 Puffer Fish							
 Clownfish							
 Whale							
 Seahorse							
 Jellyfish							
 Sea turtle							

# SUMMER HOLIDAY

You're going on a summer holiday!  
Draw what you would take with you?

## Find Differences

Can you find 7 differences between these pictures? Color what you find.

# SUMMER SYMMETRY DRAWING

Use the grid to draw the other side of the image:

**octopus**

**sea horse**
