Rhymes, Games, and Activities

Plant a Little Seed by Nancy Stewart

Credit: <https://nancymusic.com/SOM/2010/plant-a-little-seed.htm>

(you can hear the tune to this song here)

Plant a little seed,

Watch it grow,

Soon we will have a vegetable

Show children different vegetables - you could use a grocery bag and real vegetables or plastic veggies. For more fun, give children clues about each vegetable before pulling it out of the bag.

Ask children about the colors of the veggies too. Here's another version -

Plant a little seed,

Watch it root,

Soon we will have a piece of fruit

Just like with the veggies, have children guess the different kinds of fruit and show them with real fruit or plastic fruit. Talk about their colors.

Sensory Activity: Mixing Bag

Credit: [Colors Storytime \(storytimesprout.com\)](http://storytimesprout.com)

Put two primary paint colors (tempera paint would work great)
in a Ziploc bag,

trying to get each to stay on one side.

You may also add some shaving cream for extra fun.

Then, seal the bag and tape the top with duct tape.

Now you have a no mess coloring mixing bag
that kids will love swishing with their fingers!

Red Light, Green Light, Yellow Light

Play this fun game with your children outdoors or indoors on a rainy day!

When you call out green light, everyone goes fast,

yellow light, everyone slows down,

and red light, everyone must STOP or FREEZE.

Keep going with this game as long as you like.

Rhyme: Blue is the Lake

Blue is the lake (form waves with hand)

Yellow is the sun (make circle with arms overhead)

Silver are the stars (wiggle fingers)

when the day is done

Red is the apple (make small circle with hands and take a big bite!)

Green is the tree (wave arms above head like branches)

Brown is the chocolate chip cookie

For you and me! (hold out hand as if sharing a cookie)

COLORS

Read and Color in the Circles.

Red

Orange

Yellow

Green

Blue

Purple

Pink

Black

Grey

Red

Apple

Cherries

Strawberry

Ladybug

Crab

Yellow

Banana

Corn

Sun

Bee

Duck

Blue

Butterfly

Cap

Bird

Whale

Crayon

Green

green

Draw a square around the green objects.

Purple

purple

Draw a square around the purple objects.

COLORS

Color each candy differently and name the colors.

Use RED to color the strawberry

Color patterns

Look at the color pattern. Continue by coloring the next color in the pattern.

Color the squares according to the
given colors.

Trace and Color

Trace the lines and color the inside.

DOT-TO-DOT FOOD

Complete the dot-to-dot and then
color the picture.

Color by Letter

Use the key at the bottom of the page to color the picture.
