

AGENDA

Regular Meeting of the Pierce County Library System Board of Trustees
May 8, 2024 | 3:30 p.m.
The meeting will be held in person at 3005 112th St E, Tacoma, WA 98446

Virtual attendance options: **Phone:** Dial+1.253.205.0468 | **Webinar ID:** 862 2356 6846 | **Passcode:** 539640
Web Browser or App: <https://us06web.zoom.us/j/86223566846?pwd=2hF4iFK21bhxftMgR8R6FSRdN4sPhv.1>
(Zoom user account is required to join via web browser)

Call to Order: Pamela Duncan, Chair

Public Comment: *This is time set aside for members of the public to speak to the Board of Trustees. Comments will be limited to three (3) minutes. To provide comments virtually, sign up by emailing pmcbride@piercecountylibrary.org by 2:00 p.m. on May 8. Written comments must be provided 24 hours prior to the meeting.*

Consent Agenda [ACTION]: *Consent agenda items are considered routine and are acted on with one motion. There will be no separate discussion on these items unless a member of the Library Board requests an item to be removed from the Consent Agenda for discussion.*

1. Approval of Minutes of April 10, 2024, Regular Meeting
2. Approval of Minutes of April 20, 2024, Special Meeting
3. Approval of April Payroll, Benefits, and Vouchers
4. Approval of Polaris Support Renewal
5. Resolution 2024-07: To Declare Furnishings and Equipment Surplus to Public Service Needs

Board Development

1. Cybersecurity Training Modules

Reports

1. Executive Director Report
2. Fundraising Performance Report
3. March 2024 Financial Report
4. Public Services Report and Metrics Dashboard

Unfinished Business

1. Lakewood Libraries
 - a. Interim and Downtown Libraries Update
 - b. Future Lakewood Library Planning
2. Buckley Site Contamination
 - a. EHSI Change Order Approval **[ACTION]**
 - b. Approval of Landscaping Purchase Order **[ACTION]**
3. Policy Review
 - a. Program and Displays Discussion
 - b. Meeting Room Discussion
 - c. Naming – 2nd Reading **[ACTION]**
 - d. Fiscal Management Policy – Introduction

New Business

1. Levy Sustainability Fund Review
2. 2025 Budget Development Timeline
3. Ordinance No. 802, City of Lakewood Tax Increment Area Notification Discussion
4. Approval of Purchase Order for Security Patrols at Parkland Library **[ACTION]**

AGENDA

Officers Reports: *Brief, informational updates or reports about the Library, its staff, and activities*

1. Q1 Marketing and Communications Results
2. Library Giving Day Results
3. All Staff Day
4. National Library Workers Week
5. Friends Connection Meeting
6. Services Available to the Visually Impaired
7. City of Tacoma Annexation of Manitou

Announcements

Adjournment [ACTION]

Consent Agenda

**BOARD OF TRUSTEES
PIERCE COUNTY LIBRARY SYSTEM
REGULAR MEETING MINUTES – APRIL 10, 2024**

CALL TO ORDER

Chair Pamela Duncan called to order the regular meeting of the Pierce County Rural Library District Board of Trustees at 3:31 pm. Board members present were Pamela Duncan, Neesha Patel, Abby Sloan, Jamilyn Penn and Pat Jenkins. The meeting was conducted in person, with the option of virtual attendance.

CONSENT AGENDA

1. Approval of Minutes of March 13, 2024, Regular Meeting
2. Approval of March Payroll, Benefits, and Vouchers
3. Resolution 2024-06: To Repeal Board Policies No Longer Needed

Trustee Sloan moved for approval of the consent agenda as presented. Trustee Jenkins seconded the motion. Motion carried.

BOARD DEVELOPMENT

Books Bans and Advocacy Recording – Executive Director Gretchen Caserotti encouraged the Board to review the list of the top ten challenged books. Trustees were encouraged to review the material referenced in the board report.

REPORTS

Executive Director Report – Executive Director Caserotti reported the All Staff Day will be held on April 11, 2024, giving all staff the opportunity to connect with others in the Library System, and to discuss the future and focus of the Library as the strategic planning process continues.

Discussion ensued around the differing learning and development needs within the various locations. Executive Director Caserotti noted much of the event will focus on universal elements such as the mission and vision of the Library rather than on skill development.

Chair Duncan noted that it was National Library Workers Week and encouraged Trustees to post on social media and share their appreciation of library workers. She thanked Library Administrators for their efforts to review policies as well as their engagement in the community.

Executive Director Caserotti expressed her appreciation to those who donated on Library Giving Day this month.

Public Services Report and Metrics Dashboard – Deputy Director Connie Behe reported on the efficiencies being realized through the consolidation of programming kits.

UNFINISHED BUSINESS

Lakewood Libraries:

Interim Library Update – Facilities and Capital Projects Director Kristina Cintron reported progress continues at the Interim Library. The modular building is estimated to be placed onto the new site on April 16 and 17, 2024. Discussion ensued on plans for the opening activities.

Approval of Wildaire Property Demolition Purchase Order – *Trustee Sloan moved to approve a purchase order to Skycorp, Ltd. not to exceed \$273,000. Trustee Jenkins seconded the motion. Motion carried.*

Future Lakewood Libraries Planning: In-Person Study Sessions – Meetings will be held on April 20, 2024, to discuss the Lakewood Library and May 11, 2024, for the Tillicum Library discussions.

Policy Review:

Naming 1st Reading – Executive Director Caserotti presented the policy for consideration. There was no further discussion.

Donations and Sponsorships 2nd Reading – *Trustee Patel moved to approve the Donations and Sponsorships policy as presented, and to replace all preceding versions having been merged into this policy and deemed unnecessary. Trustee Sloan seconded the motion. Motion carried.*

NEW BUSINESS

Increasing Meeting Efficiency: Revised Agenda Structure and Topics – Executive Director Caserotti noted the Library will be making procedural changes to improve Board meeting efficiency.

Chair Duncan expressed appreciation for the streamlined efforts of calling for votes. Library administrators will continue to seek feedback on the reports and adjust the agenda accordingly throughout the year.

Strategic Plan Update – Deputy Director Behe reported that the core planning team is entering into the next phase of their work. Several work sessions are scheduled throughout the summer. The situation assessment and community engagement phase is concluding. Data will be analyzed by the consultants and provided to the core planning team. She noted the Board will be engaged in the review and support of the draft plan later this year.

Discussion ensued on making meaning of the demographic data and changes to the census reporting for certain race and ethnicity criteria.

OFFICERS REPORTS

2024 Legislative Session Summary – Executive Director Caserotti noted 2025 is the beginning of the biennial budget and many legislators will be new to their positions due to a significant number of incumbents not seeking re-election. It is unknown whether bills that did not advance will be brought again. Library administrators will continue to monitor legislative activities. Executive Director Caserotti noted Property tax reform is of concern to many organizations and jurisdictions.

Trustee Recruitment Update – Chair Penn expressed gratitude to the panel and Library staff involved in the recruitment process.

Q2 Marketing and Communications Focus – Online Books, Videos, Magazines – Discussion ensued on the ADA materials for the board packets and the website.

ANNOUNCEMENTS

All Library branches will be closed on April 11, 2024, for All Staff Day.
Board development next month will be on annual cybersecurity training.
The first in-person study session to discuss future Lakewood Libraries will be held on April 20, 2024.

There was discussion on the Library’s ADA compliance efforts.

ADJOURNMENT

The meeting was adjourned at 4:30 pm on motion by Trustee Sloan, seconded by Trustee Penn.

Gretchen Caserotti, Secretary

Pamela Duncan, Chair

**BOARD OF TRUSTEES
PIERCE COUNTY LIBRARY SYSTEM
SPECIAL MEETING MINUTES – APRIL 20, 2024**

CALL TO ORDER

Vice-Chair Neesha Patel called to order the Special Meeting of the Pierce County Rural Library District Board of Trustees at 1:32 pm. Board members present were Abby Sloan and Pat Jenkins. Jamilyn Penn joined the meeting at 1:34 pm. Pam Duncan joined the meeting at 1:59 pm. The meeting was conducted in person, with the option of virtual attendance.

Long-Term Plans for Future Lakewood Libraries

Executive Director Gretchen Caserotti provided an overview of the materials in the agenda packet, which included the Lakewood Community Advisory Committee recommendations, the Lakewood Libraries Feasibility Study, Library Building Program and Design Guide, and the Site Selection Criteria. She reminded the Board of the agreement to postpone this discussion because staff's capacity was prioritized to opening an interim Lakewood Library and addressing the City of Lakewood's requirements concerning the existing building. She noted the goal of this study session was to seek direction from the Board and to meet the obligation to discuss options in a transparent way.

Executive Director Caserotti noted that work on the building condition assessments continues, with early drafts of existing facility needs being completed. The Request for Qualifications for consultant services for long range capital planning will be issued by the end of April. The last time this work was done was in 2010.

Discussion ensued on whether there was any reason the Library should not use the existing site on Wildaire Rd. Executive Director Caserotti noted considerations include parking concerns, size constraints, and the lack of ability to co-locate the library with a senior center. The current site could accommodate a site up to an approximately 20,000 square foot building.

Discussion ensued on the projections for use at a new library and whether 20,000 square feet would be adequate to provide the services desired. Executive Director Caserotti noted a common size of a library branch is 15,000-20,000 square feet.

Discussion ensued on parking constraints. Executive Director Caserotti indicated a 15,000 square foot building on the 1.67-acre site could accommodate a 60-70 stall parking lot, but no architectural work has been done to date, that is based on experience with other library building projects. She noted this would limit what programs or services the Library could offer. For large events, there may be a need to seek overflow parking in neighboring businesses.

Executive Director Caserotti noted the City of Lakewood had expressed interest in the past to build a senior center and work with the Library on co-location. To date, she has not heard anything from the City that they are taking active steps to develop such a project. Caserotti reported the City recently passed Ordinance 802, designating the Lakewood Downtown Tax Increment Area, which will freeze property revenue and reallocate funds for growth in two local

parks. Additionally, multi-family housing is in development in the Towne Center on the Barnes and Noble property. Growth in the downtown is anticipated which will increase demand for library services, but the Tax Increment Financing (TIF) will redirect revenue growth toward the repayment of the City's parks. Caserotti will add this to the May meeting agenda for further discussion.

Discussion ensued on safety concerns from the public. Executive Director Caserotti noted all are welcome in the Library and those who are unhoused and needing shelter are free to utilize the library buildings. The Wildaire building was not modernized and there were sightline issues that limited visibility for staff to effectively manage the space. The second story also required additional staff to supervise that area. The concerns of the community regarding safety were incorporated into the design of the interim building.

Discussion ensued on the possibility of lockers on the interim site. Executive Director Caserotti noted there are no lockers planned. It was important to ensure a space for the Friends of the Library. She noted the Library is open to ideas such as this but the expectation of self-management would be required.

Trustees reflected on the survey results, the outreach efforts and the diversity of stakeholders. They discussed the genuine connection of the respondents to the Wildaire property.

Additional discussion ensued on how to effectively separate the youth and teens group spaces, addressing behavior and the expectation is that parents are responsible for the supervision of their children.

Discussion ensued on shared workspaces and dedicated space for staff. Most locations include dedicated restrooms for staff. The Library also includes provisions for wellness/nursing rooms. There is a need for restricted access to staff areas which will be addressed in facility planning.

Trustees discussed the lack of feasible options available for a future Library site, which limits the Board's choices. Executive Director Caserotti offered to explore locations, but noted that financial constraints could prohibit the Library from purchasing property. She also noted that leasing was not available in the privately owned Lakewood Towne Center, as was explored and determined when the Library closed in 2022.

Executive Director Caserotti reminded the Board that the goal of this discussion was to meet the obligation to discuss options in a transparent way and provide staff with direction for future planning.

Next steps include preparation for demolition of the Wildaire building. The intention is to prepare the site and make it build-ready. This includes back filling the site. This work is expected to take throughout the year.

Executive Director Caserotti noted the Library understands it can take years to fund, design and build a project. She reminded the Board that the Library entered into a 10-year ground lease for the interim Library.

Executive Director Caserotti noted she would include the capital funding methods information that was shared with the Board in November 2022 in the agenda packet for review at the upcoming May 11, 2024, study session to discuss the Tillicum Library.

Discussion ensued on long-range capital funding. The Library is faced with funding challenges based on the sustainability fund balances and property tax caps. The long range plan will inform modernizations for the Lakewood building. Initial estimates for the entire project were estimated at \$900 per square foot. Those estimates of \$900 per square foot now cover only construction costs. While there may be reductions in labor costs, bids are coming in at 20% over estimates.

Business and Compliance Director Cliff Jo stated the Library cannot bear the costs without a major influx of funding. Cost-estimates for the 20,000 square foot building in Sumner is approaching \$30 million. He added there would be much more work needed to identify whether the community will support this endeavor.

Discussion ensued on ballot measures and the uncertainty of taxpayer support. It was noted that community outreach, marketing, and communications will be very important. The importance of directing the community to the interim Library as a temporary solution for service needs was also stated.

Discussion ensued on considerations to move toward a framework to inform future Library locations and the importance of distance and travel time considerations. Executive Director Caserotti stated that while that would be difficult to achieve fully, it is important for the Library to find alternate means of providing services to its communities.

Trustees expressed the need to respond to the Lakewood residents and provide direction for the long-term future of the Library as each delay increases prices. Trustees stressed the importance of honoring the community's connection to the Wildaire property, and the need to consider the expression of the heart and what it might mean to rebuild on the current site. Also discussed was the importance of respecting the time the residents took to send their messages through public comment and other engagement activities, and the Board's responsibility to demonstrate responsiveness while being careful stewards of the taxpayers' dollars.

Executive Director Caserotti acknowledged that she understands the impossibility of altering the past. She expressed a commitment to rebuilding community trust by collaborating with the City of Lakewood to retain the Douglas Slice artifact, thus honoring the public's sentiment. Additionally, she acknowledged the presence of voices advocating for a new building instead of renovating the existing one. Caserotti emphasized her aspiration to restore trust by demonstrating a dedication to serving the community through the Interim library.

The conversation then turned to the oversight in adequately preparing the public for the closure of the Library prior to opening another site.

Trustees expressed that what goes on inside library buildings has a greater impact than the building itself.

The consensus of the Board was that the Library rebuilds on the current Wildaire site, although there is concern about a potential lack of available parking.

Executive Director Caserotti stated Library administrators would take that direction and factor into library planning. She noted engaging architects at this time would be premature.

Executive Director Caserotti reiterated the Library would be honoring the passion and recognition of the building's design and history through its work with future architects. Regional Services Manager Elysha Ryan worked closely with the Lakewood Historical Society to preserve additional artifacts. Some artwork will be displayed in the interim library. Other larger pieces will be stored for use in a future building.

Discussion ensued about the importance of preparing the community for the actual demolition, noting the distinction between hearing about and actually witnessing the demolition. Questions arose on what the Library could do to help residents move through their sense of loss and how to honor those sentiments. Executive Director Caserotti expressed that the Library has an obligation to honor the disruption and hurt felt by the Lakewood community. She was hopeful that the community will be excited by the opening of the interim Library, which brings new possibilities and opportunities for healing.

Executive Director Caserotti noted public engagement is an important element in a new building program and will be important to gauge funding support.

The timeline between the opening of the interim Library and the Wildaire demolition is not finalized. The interim Library is anticipated for an August opening.

ADJOURNMENT

The meeting was adjourned at 2:42 pm on motion by Trustee Jenkins, seconded by Trustee Sloan.

MEMO

Date: April 23, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Brian Lee, Director of Technology

Subject: 2024 Polaris Licensing and Support Renewal

The Library needs to renew our subscription, support and licenses for our Polaris Integrated Library System (“ILS”) for 2024-25, an essential component of the library services. The renewal provides for the following elements:

1. Staff user licenses
2. SIP2 Interfaces (to interface between this system and other library systems)
3. Polaris PowerPac Multilingual Subscription
4. Polaris Public Core Bundle (a bundle of services specific to public libraries)
5. Polaris Self Check Stations
6. Polaris Client Deployment Subscription (for client automation deployment)
7. Polaris Syndetics Unbound (for enhanced content linking like shareable cover art)
8. Polaris Telephone Services (for Multilingual automated telephone support services)
9. Polaris Third Party E-Commerce (for self-service management of fines and fees)

Innovative Interfaces, Inc. provides managed support for the Library’s ILS system, in use continuously since 2004. This system provides support for the Collection and Patron Management activities that drive the checkout functions for library holdings. This is a module-based system that provides additional services over the basic public bundle as outlined.

This is a planned purchase identified and budgeted in the Library’s annual budget, and is supported in the Library’s Five-Year Technology Roadmap. The estimated cost of annual renewal is \$240,015.31. The Library’s current agreement expires on May 31, 2024. This renewal would be effective from June 1, 2024 to May 31, 2025.

Board Action: *Move to approve the purchase of Polaris Licensing and Support not to exceed \$241,000.*

(PAPI)		developer's sandbox. The API has been used by several libraries to create their own plug-ins to Polaris for PAC and Phone Notification. It is also required for the Bibliotheca/3M Cloud.		
Polaris Self Check Stations	1	Natively developed Self-checkout client that does not require SIP. Offering customized options and user-friendly features, Polaris ExpressCheck reads both barcodes and RFID tags while maintaining the security of a library's collection. Patrons can use this system to check out and renew materials without the assistance of a librarian. They can also use it to view and print account information. Since ExpressCheck can be used in either a wireless or hard-wired environment, it gives a high level of flexibility at an extremely low cost. Each library can configure the self-check station to conform to its circulation policies.		28,003.38
Polaris Client Deployment Subscription	1	Used by library when there is a Polaris upgrade. It allows the library Sys. Admin. to push the Polaris Client out to Staff workstations or have the workstaion 'pull' the updated cleint software. Saves staff time by not having to physically be at each workstation to perform the update manually.		1,016.00
Polaris Syndetics Unbound	1	Syndetics Subscription options enable libraries to display enriched content in their PAC. Content choices include full-color cover art, full-text reviews from commercial sources, professional summaries, table of contents data, book excerpts, author bios, and more.		10,172.98
Polaris Telephone Services	1	Reduce cost of staff time and materials with inbound and outbound calling services. Using real-time, fully- customizable notification of requests, cancellations, and overdue notices. Polaris Telephony Services also comes with a multi-lingual option for French Canadian and Spanish languages calls and prompts.	Incoming: 1 Outgoing: 1	1,773.55

MEMO

Date: April 25, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Brian Lee, Director of Technology

Subject: 2024 Technology Surplus and Recycling

The Library surpluses high value items, and recycles low value technology items to reduce no longer needed assets. Staff have identified technology to surplus or recycle that was either at end of support from the manufacturer, or damaged and unusable.

Equipment valued at \$50 or more and in good working order is sent to Department of Enterprise Services to be sold in an auction. Due to the age, condition and estimated value of the remaining equipment, these items are recycled through Green PC. In either case, the Board must declare the items as surplus.

See attachment for details.

Board Action: Move to approve Resolution 2024-07 regarding the surplus and recycling of the technology equipment, as presented.

Total	Information Technology Surplus Items	estimated value (each)
58	Orbic Speed MiFi (new condition)	\$10
38	Latitude 3310	\$100
1	Latitude 3300	\$100
1	Latitude 3400	\$75

1	Brother IntelliFax 2840	\$100

RESOLUTION NO. 2024-07

**A RESOLUTION OF THE BOARD OF TRUSTEES OF THE
PIERCE COUNTY RURAL LIBRARY DISTRICT
TO DECLARE FURNISHINGS AND EQUIPMENT
SURPLUS TO PUBLIC SERVICE NEEDS**

WHEREAS, the Pierce County Rural Library District (“Library”) has identified items of furnishings and equipment to surplus, and

WHEREAS, unless otherwise noted, each item has an estimated value of less than \$50.00 and is of no further need for public or administrative service, now, therefore,

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE PIERCE COUNTY RURAL LIBRARY DISTRICT THAT:

The item(s) on the attached list(s) be declared surplus and disposed, including but not limited to being sold at public auction and as trade-in value toward replacement.

PASSED AND APPROVED THIS 8th DAY OF MAY, 2024.

BOARD OF TRUSTEES, PIERCE COUNTY RURAL LIBRARY DISTRICT

Board Development

MEMO

Date: May 1, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director

Subject: Mandatory Cybersecurity Training for Trustees

This month's Board development topic centers on Cybersecurity.

As trustees, you play a vital role in the governance and stewardship of our organization, and ensuring the security of our digital assets is paramount to safeguarding our operations, reputation, and the trust of our communities.

In today's digital landscape, cybersecurity threats are constantly evolving, and organizations across all sectors are increasingly targeted by cybercriminals seeking to exploit vulnerabilities in their systems. Trustee email accounts are on Library systems and thus, susceptible to the same risks as employees. As such, it is imperative that we remain vigilant and proactive in our approach to cybersecurity.

To this end, we are continuing our mandatory cybersecurity training for all staff and trustees. This training will cover essential topics such as social engineering/phishing attempts, safeguarding sensitive information, and adhering to best practices for secure online behavior.

Each of you should have received an email from KnowBe4, the Library's cybersecurity training platform, with instructions on completing the required modules. If you encounter any difficulties or have any questions regarding the training, please do not hesitate to reach out to Petra McBride for assistance.

We estimate that the training will require approximately 40 minutes of your time. To ensure timely completion of the training, we are setting a deadline of July 31, 2024. This timeframe provides sufficient opportunity for you to work through the modules at your preferred pace, ensuring that we are all well-prepared to tackle cybersecurity challenges effectively.

Executive Director Report (Routine Reports)

MEMO

Date: May 2, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director

Subject: Executive Director Report

As always, I will be happy to answer any questions from the Trustees on this or any of the departmental reports this month.

We have published a Request for Qualifications (RFQ) for consultant services to guide us through part II of our new long-range capital planning. This initiative marks a critical step forward in our strategic capital planning process, ensuring that we effectively manage our facilities for the future. We anticipate a full year for this body of work, but are striving to have a consultant selected and under contract this summer and timelines established with the scope of work.

Our Nash Leadership Training supervisors' cohort is currently underway, marking the first of two sessions planned for this year. The goal is to ensure that all Pierce County Library System supervisors complete this training, enhancing leadership capabilities across the organization. This is a major investment in Library leaders and those who have already completed the training are eager to expand the shared language developed further across the system.

In May, Director of Operations Melissa Munn and I completed meetings with all Police Chiefs and the Sheriff to discuss the upcoming legislative change to open carry prohibitions (SB 5444). Their feedback has been invaluable in informing our internal planning processes. The three most important things to know are:

- 1) Open carry of firearms or other visible weapons is prohibited in libraries as of June 6, 2024.
- 2) Signs will be posted in all PCLS facilities before June 6 in compliance with [RCW 9.41.050](#).
- 3) Staff will be provided instructions on handling situations involving open carry in library facilities. This has not been a common problem in the Library System's branches and with a strong communication plan now in place, local law enforcement agencies are aware of the change in legislation and prepared to respond should the instance ever occur.

The first cost-estimates have been received for building and site concepts for the new Sumner Library and we are now working to refine scope and concepts with the architects. We are finalizing the public engagement plan which is scheduled to occur during the Schematic Phase, ensuring that community input is integrated into our planning processes. Additionally, we attended the Sumner Community Summit on April 30, 2024, along with our architects, resulting in valuable input for our projects.

Following the application period closure, five applicants for the Trustee vacancy will be interviewed in May by the Trustee Selection Committee. We have revised the interview questions and tightened our process with the assistance of Petra McBride, Manager of Executive Office Administration. Packets and

materials are prepared for both the committee and the candidates, streamlining the recruitment process for new Trustees.

In addition to All Staff Day on April 11th, Deputy Director Connie Behe and I have been connecting with library workers by conducting "SnackChats" with library staff in various branches. This initiative has allowed us to connect directly with staff, gaining insights into the excellent programs and services offered across different branches. In April, we visited Bonney Lake, Buckley, Fife, Milton, Sumner, and University Place, engaging with staff and learning about their contributions firsthand. At this point, we have visited about half of the branches with the remaining and the Administrative Center departments coming over the next three months. Coming up, library leaders look forward to hearing more from a Staff Engagement survey that will be administered for us by the National Business Research Institute. A staff engagement survey is conducted to learn about concerns, identify knowledge gaps, and improve employee engagement. These surveys can also help organizations foster a culture of open communication, mutual respect, and continuous growth.

As we move into May and June, we begin the internal budget development process, continued organizational work to simplify and clarify institutional practices, continue to work toward operational efficiencies and build capacity for the critical community engagement we want to be doing. Our commitment to excellence remains unwavering, and we are dedicated to ensuring that our organization continues to thrive.

Updates

What's going well

- Annual Campaign: we're at 21.7% of Fundraising Goal
- Planned Giving: collaborated with Seattle Public Library Foundation and King County Library Foundation to host a free estate planning webinar: The Power of Planning: Taking Control of Your Own Aging Journey
- Capital Campaign: Campaign Steering Committee at work; LOI's out to a few private foundations

Areas to capitalize on

- Foundation Board: seeking 5 new board members, specifically with legal, financial, and real estate backgrounds & skills

Terms Defined

- Fundraising Goal: The minimum required amount of funds distributed to PCLS in fulfillment of the annual agreement value between PCLS & Foundation. Funds originate from the annual campaign, capital campaign, or other.
- Annual Campaign: Raised funds are first applied to fulfill the budgeted Impact Commitment with PCLS, and then to fulfill the Foundation's annual operational budget. Funds exceeding goal are applied to a Reserve Fund. * (*in process)
- Capital Campaign: Funds required to fulfill the PCLS/PCLF Spark! Future Libraries projects.
- Total Committed Revenue: All cash gifts + pledges
- Unrestricted Revenue: Undesignated funds which PCLF Board can commit all or a portion to PCLS for agreed upon programs/services in fiscal year
- Temporarily Restricted Revenue: Designated funds (typically) from sources like Friends groups, GTCF, etc., in support of priority and/or special PCLS projects
- Constituency: A group of donors/prospects categorized to ensure more personalized, meaningful engagement
- Constituency Gifts: The number of gifts, not necessarily number of donors, from each donor constituency
- Constituency Revenue: All committed revenue from each donor constituency
- New Donor Rate (YTD): How the total number of new donors acquired in the current fiscal year compares to the number of constituents who gave over the previous five years
- New Donor Revenue Rate (YTD): How much new donors gave - in total - during the current fiscal year
- Continuing Donor Rate (YTD): How the total number of donors from the previous year - as a percentage - gave again during current year
- Continuing Donor Revenue Rate (YTD): How retained revenue amount compares to previous year's overall giving from retained donors

- Continuing Donors (1st year): A donor who gave their first gift in the previous fiscal year and again in the current fiscal year
- Returning Donor Rate (YTD): How the total number of donors who lapsed in their giving last year and have given again this year compares to everyone who gave two to five years ago but not last year
- Returning Donor Revenue Rate (YTD): How returning donor revenue amount compares to the previous fiscal year's returning donor revenue
- LYBUNT (YTD): All gifts received in the Last Year But Unfortunately Not yet received In this year
- LYBUNT (1st year): A subset of LYBUNTs, all first time gifts received in the Last Year But Unfortunately Not yet received In this year

In Focus: Mar 2024 Service Highlight

Public Services Highlight: Ask Us

[Ask Us is a new service](#) model that brings the Library's information services (reference; readers' advisory; technology assistance) under one umbrella service, making it easier for both customers to connect with staff and for staff to respond to customer needs.

The Library's [Ask Us](#) service provides a streamlined and simplified way for customers to connect with Library staff, resources and services. Through the Library's website, customers are able to request and receive timely support with library resources, research assistance and technology assistance by filling out a brief form online. Customers can also request an in-person, phone or virtual appointment with Library staff for personalized one-one-one assistance. Library staff respond to Ask Us requests within 24 to 48 hours.

The Ask Us network of Library staff or "collective brain" effectively meets customer needs by responding quickly and thoroughly.

555 customers served in first three months

Stories of Impact

After Library staff assisted a customer through the Ask Us service in finding a book she had previously read but couldn't recall the name of, she responded:

"That's exactly it!! Thank you so much! No one I have asked has been able to help me so I'm very grateful!"

Ask Us provides convenient access to the Library's readers' advisory services and digital collections. A customer requesting audiobook recommendations for their teenage son shared:

"Thank you! He's long used the Libby app. That's how he has read through most of your collection already. I'll suggest those books you mentioned. Those are very welcome ideas."

Looking Ahead

Events to Know About

Friends of the Buckley Library Book Sale - Saturday, May 11, 10:00am - 12:00pm; Buckley

Japanese sumi (ink) painting - Monday, May 13, 3:30pm – 4:30pm; Gig Harbor

Garden Talk: The Resilient Yard, Battling Climate Change at Home - Saturday, May 18, 10:30am – 12:00pm; Sumner

Never Too Old for War, Book Discussion and Signing - Saturday, May 25, 2:00pm – 4:00pm; DuPont

Ten Thousand Things, Artifacts of Asian American Life with Shin Yu Pai - Saturday, May 25, 3:00pm – 4:00pm; Orting

Craft a Bird House - Sunday, May 26, 1:00pm - 2:00pm; Parkland/Spanaway

Minimize to Maximize Tools & Tips on Getting (And Staying!) Organized! - Tuesday, May 28, 5:30pm - 6:30pm; Steilacoom

Meditation Practice Group - Wednesday, May 29, 6:00pm – 7:00pm; Virtual

Public Services Operational Highlight

[Teen Volunteer League](#) is an annual summer volunteer program for teens ages 14-18 with the Pierce County Library System. It is an 8-week program that will run from July 1-Aug. 26. As volunteers, teens will earn service hours for attending weekly virtual trainings and in-person work sessions with library staff and a group of peers from across the county.

Teen Volunteers can expect to gain skills and experience, make friends and give back to the community by meeting with other teens to work on engaging community projects and assist in library activities, while building their résumé and earning volunteer service hours. Teen Volunteers can expect to receive: at least 15 hours of community service; résumé support and job skills training; mentorship from library staff; access to community resources; and leadership experience.

Customer Impact and Community Engagement - Stories by Location

Bonney Lake: A Teen Specialist recently participated as a facilitator at the Elhi Hill Youth Forum. Elhi Hill is an alternative high school program that is part of the Sumner-Bonney Lake School District. As a facilitator, the Teen Specialist worked with teens to identify and prioritize strengths and needs within the community, and strategize ways they could take action to help in addressing these needs. This event facilitated stronger bonds with our local schools and provided a direct platform for our community's teenagers to express their concerns and priorities. We aim to integrate this valuable feedback into our programming and services.

Eatonville: Attending community events and offering services such as Legal Help Pop-up and VPOA (Voter Point of Assistance), the Eatonville Library staff hear time and again "I didn't know the Library had that" and "I have never been in here before".

Gig Harbor: Staff set up a pop-up library at a local park to promote upcoming programs, sign people up for library cards and answer questions. Staff interacted with 70 people, answering questions about the Library, books and the community. They also handed out tote bags to people walking along the harbor.

Lakewood Services: At a recent pop-up event at Lakewood City Hall, staff engaged with numerous customers. Service highlights encompassed aiding with interlibrary loan requests, resolving Libby (digital library app) issues, and assisting a customer in locating local employment resources. Having a dependable location for library services during the transition to a new building has been invaluable, allowing for connecting with regular patrons who dropped by to return materials and peruse the pop-up "shelves" and it's a great way to share the news about the anticipated August opening with everyone who stops by!

Milton/Edgewood: Supervising Librarians from Fife and Milton/Edgewood are working with the North Pierce County Community Coalition to coordinate a Health and Hope event on May 1. The focus of the event will be on summer jobs, health, student opportunities, young adults in trades, and other offerings that supports youth and families.

South Hill: From a customer who attended a recent class called Get to Know Libby: *"I wanted to let you know that I really enjoyed learning about Libby from you. Since then, I have borrowed several books from the library. Most I could read on my Kindle, but one I could not, so I read it in Libby on my cell phone. I also borrowed an audio book, which I listened to in Libby on my cell phone."*

Unfinished Business

MEMO

Date: April 26, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Kristina Cintron, Director of Facilities and Capital Projects

Subject: Interim Lakewood Library Update

In April, A1 Landscaping and Construction (“Site Contractor”) completed the foundation and stem wall for the building footprint, which enables WillScot (“Building Contractor”) to deliver and install the thirteen (13) modular units. With modular units in place, the Building Contractor will set and secure them to the foundation, install exterior siding and roof membrane to make the building watertight. The Site Contractor will continue with site development of the plaza and curbing.

The Site Contractor submitted a number of change orders that were necessary over the last several months, which increased the contract value from \$1,374,000 to \$1,600,000. This is due to unforeseen site conditions, significant jurisdiction-required changes, and design upgrades.

Because the cost of the change order exceeds \$150,000, we are asking the Board to authorize an adjustment to the original purchase order for the Site Contractor.

Board Action: Move to approve an amended purchase order total to A1 Landscaping and Construction in the amount not to exceed \$1,600,000.

MEMO

Date: May 2, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director

Subject: Future Lakewood Library Planning

Library Board Minutes will reflect the discussion held at the April 20, 2024, Study Session regarding the Downtown Lakewood Library. Trustees directed Library administrators to prioritize planning for a future long-term Library on the existing property Pierce County Library System owns on Wildaire Road. As the Library System embarks on long-range capital planning for the district as well as exploring funding methods, this direction is important to focus on this strategic direction.

With the second Study Session to discuss the Tillicum branch scheduled for May 11, 2024, this memo and opportunity on the Regular Meeting agenda is a space for the Board to request any information to be provided ahead of the meeting.

MEMO

Date: April 29, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Clifford Jo, Business & Compliance Director

Subject: Buckley Library Site Contamination Update

With the construction and contamination mitigation complete, the Library requires Board action for the following:

EHS-I Change Order

EHS-I is the Library's environmental consultant since this began in 2016. The personnel and resources the firm brought to us have been invaluable in understanding issues of property contamination, mitigation, environmental science and law, and general consultation.

The final change order pays for the additional work that was required this year to close out the construction phase of the project. The amount is just shy of \$90,000, from \$174,600 to \$264,500. Because this exceeds \$50,000 and was not included in the 2024 budget, board action is required.

Board Action: Move to approve an amended purchase order total to EHS-I, in an amount not to exceed \$265,000.

Landscaping Purchase Order

The Library now turns to restoring the landscaping of the Buckley Library. This phase completes all work that resumed in 2016 to close out the project that trailed off in 1994.

The Library issued a request for bid in March and received six submissions, two of which were not responsive to the bid specifications. The contract is awarded to Buckley Nursery Company, Inc., the lowest, responsive and responsible bidder. The firm resides in the local area and had excellent references. Their bid came in for a total amount of \$225,740 plus tax.

Because the cost of the purchase order exceeds \$150,000, even though budgeted for 2024, we are asking the Board to authorize the purchase order.

Board Action: Move to approve a purchase order to Buckley Nursery Company, Inc., in an amount not to exceed \$249,000.

While monitoring is still required for two or more years, the project is nearing its end. As such, later this year I will present a comprehensive report to the Board.

From: Alison Eckes, Customer Experience Director of Programs and Services

Subject: Library Programs and Displays Policy – Discussion

This month, we introduce a policy that updates and expands the current Programming Board Policy. The proposed policy revisions are summarized below:

- Expands the scope of the policy to include Library displays
- Establishes Library programs and displays as curated content and reinforces the Library’s commitment to provide fair and equitable access to information and ideas
- Defines and increases transparency of decision-making criteria for Library programs and displays
- Removes language specific to partnerships that are addressed through a separate Board policy

This policy revision is presented for discussion prior to the first reading. We look forward to hearing Trustee comments and answering questions from them during the meeting.

Board Policy

Programming

Policy Statement

Pierce County Library System offers programs to support, enrich, and collaborate with communities.

Definition

Program: Group activities to further the Library's mission, vision, philosophy, goals and initiatives.

Policy

Programming is offered that furthers the Library's mission, vision, philosophy, goals and initiatives, and that meets the cultural, informational and educational needs and interests of the community.

Among the purposes that programs may fulfill are:

- To provide information,
- To promote social skills and language development,
- To encourage curiosity and creativity,
- To contribute to knowledge of self and the world,
- To draw target audiences into the Library,
- To provide opportunities that allow the library to engage with residents,
- To promote and make accessible the Library's services and resources, and,
- To give residents opportunities for engagement, community involvement, collaboration, and learning.

Programs may be offered in library facilities or offsite.

Access

All programs are open to the public.

Attendance may be limited due to space, or when safety or the success of a program requires it. Limits will be accomplished on a first come, first served basis either with advanced registration or at the door. The Library will not charge admission fees for programs.

Fund Raising

At the discretion of the Executive Director, fund raising to benefit the Library may be permitted.

At the discretion of the Executive Director, sale of books or other materials by authors or performers may be permitted as part of a library program.

Variety of Viewpoints

The Library will strive to include a wide spectrum of opinions and viewpoints in Library-sponsored programs, as well as offer programs that appeal to a range of ages, interests and information needs in order to engage the community.

Library sponsorship of a program does not constitute an endorsement of the content of the program or the views expressed by presenters or participants.

Partners and Community Collaboration

The Library encourages partnerships with non-profit and civic organizations, governments, commercial entities and other groups in order to support and enrich our communities, to reach new audiences and to create opportunities to meet the goals of programming.

**Adopted by the Board of Trustees of the Pierce County Library System, July 17, 1974.
Revised May 8, 2002. Revised January 10, 2010. Revised September 11, 2013.**

Board Policy

Library Programs and Displays ~~Programming Board~~ Policy

Policy Statement

The Pierce County Library System ("Library") supports its mission and strategic goals by developing and presenting programs and displays that provide additional opportunities for connection and learning.
~~Pierce County Library System offers programs to support, enrich, and collaborate with communities.~~

Purpose

~~Library programs and displays are developed as extensions of the Library's books and materials, and are therefore governed by the Selection of Library Materials Policy.~~ Pierce County Library System's Board of Trustees recognizes that the Library's responsibility to provide fair and equitable access to information and ideas extends to Library programs and displays. Library materials, including programs and displays, present a diversity of viewpoints that help citizens people make informed choices.

Definition

~~Program: Group activities to further the Library's mission, vision, philosophy, goals and initiatives.~~

Policy

The Library provides fair and equitable service to all people of every age, education, background, personal philosophy, religious belief, occupation, economic level, ethnic origin, and human condition.

Library staff expertise, collections, services, and facilities are used in developing and delivering programs and displays. Library staff create displays to highlight the Library's books and materials, and to inform and engage the public on a range of topics.

Library programs include, but are not limited to, lectures, community forums, performing and visual arts, participatory workshops, technology programming, story times, book clubs, class visits, discussion groups, installations, and presentations for social, cultural, educational, or entertainment purposes. Library programs and displays may take place on-site in Library facilities, offsite in other locations, or online and may be delivered by Library staff or Library partners and vendors.

Library staff use the following criteria in making decisions about program and displays topics, speakers and accompanying resources:

- Community needs and interests
- Availability of program space
- Treatment of content for intended audience
- Presentation quality
- Presenter background/qualifications in content area
- Budget and staff resources
- Historical or educational significance
- Connection to other community programs, exhibitions or events
- Relation to Library books and materials, resources, exhibits, and programs

Commented [AE1]: Per Admin Team discussion, add First Amendment language rather than linking to a separate policy

Commented [AE2]: Since this policy now applies to both programs and displays, do we need to add "and display" language here and make sure the criteria reflects that? Or, since we have display guidelines is that not necessary?

The Library includes a broad spectrum of opinion and a variety of viewpoints in its programs and displays. The Library may collaborate with other community ~~groups~~-organizations or businesses on programs and displays that support the Library’s mission and strategic goals. Library sponsorship of a program does not constitute or imply the Library’s endorsement of the content of the program or the opinions expressed by individuals and groups presenting the program.

Programs are free and open to all, including non-cardholders; and some programs are designed for age-specific audiences. No person or organization may use disruptive behavior to interfere, per the Library Rules of Conduct, with another person’s access to or participation in Library programs. Responsibility for participation in programs by children and teens rests with their parents or legal guardians.

Library staff who present programs may do so only if the duties are a part of their classification and job description. Library staff will not be hired or volunteered as independent contractors or presenters for programming while employed by the Library.

Commented [AE3]: Updated language based on consultation with SE to ensure accuracy and consistency with internal communications and documentation.

Marketing

Marketing of all Library programs is coordinated by the Library’s Communications Department. ~~and External organizations or individuals partnering with the Library on programs must coordinate marketing efforts with the Communications Department.~~

~~Programming is offered that furthers the Library’s mission, vision, philosophy, goals and initiatives, and that meets the cultural, informational and educational needs and interests of the community.~~

~~Among the purposes that programs may fulfill are:~~

- ~~• To provide information;~~
- ~~• To promote social skills and language development;~~
- ~~• To encourage curiosity and creativity;~~
- ~~• To contribute to knowledge of self and the world;~~
- ~~• To draw target audiences into the Library;~~
- ~~• To provide opportunities that allow the library to engage with residents;~~
- ~~• To promote and make accessible the Library’s services and resources, and;~~
- ~~• To give residents opportunities for engagement, community involvement, collaboration, and learning.~~

~~Programs may be offered in library facilities or offsite.~~

Accessibility

The Library makes every effort to comply with all applicable laws, including the standards and requirements of Americans with Disabilities Act (ADA) and state or local disability accessibility guidelines. ~~If a program is held in a location not controlled by the Library, the Library will ensure that the space is accessible to all visitors. If visitors overflow designated event areas during Library events, Library staff will protect accessible public spaces (i.e., ramps, pathways, and emergency exit routes) to ensure access and public safety. Reasonable accommodation will be made to have interpretation or real-time captioning for the deaf or hard-of hearing at Library-initiated programs when needed or requested by visitors.~~

Commented [AE4]: Revisit or strike this language per Admin Team discussion – can Library reasonably ensure/guarantee accessibility at community sites?

Commented [AE5R4]: Recommend striking; perspective that language in first sentence is all encompassing and demonstrates Library’s commitment to accessibility regardless of location.

Access

All programs are open to the public.

~~Attendance may be limited due to space, or when safety or the success of a program requires it. Limits will be accomplished on a first come, first served basis either with advanced registration or at the door. The Library will not charge admission fees to programs.~~

Board Policy

Fund Raising

~~At the discretion of the Executive Director, fund raising to benefit the Library may be permitted.
At the discretion of the Executive Director, sale of books or other materials by authors or performers may be permitted as part of a library program.~~

Variety of Viewpoints

~~The Library will strive to include a wide spectrum of opinions and viewpoints in Library sponsored programs, as well as offer programs that appeal to a range of ages, interests and information needs in order to engage the community~~

~~Library sponsorship of a program does not constitute an endorsement of the content of the program or the views expressed by participants.~~

Partners and Community Collaboration

~~The Library encourages partnerships with non-profit and civic organizations, governments, commercial entities and other groups in order to support and enrich our communities, to reach new audiences and to create opportunities to meet the goals of programming.~~

MEMO

Date: May 2, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Connie Behe, Deputy Director

Subject: Public Meeting Rooms Policy

This memo provides an update on the revisions made to the Public Meeting Rooms Policy, which was discussed during the August 2023 Board meeting.

During the August meeting, a Trustee raised a question regarding study rooms, prompting analysis into the difference between conference, meeting, and study rooms. It became clear that there was a need for simplification and consistency in the terminology and procedures governing the use of these rooms.

Following the August 2023 meeting, Melissa Munn, Customer Experience Director of Operations, led an initiative to gather insights from managers and staff familiar with these rooms. Through this effort, it was clarified that study rooms operate independently of the public meeting room policy and should remain distinct.

Upon review, it was determined that there is no functional difference between conference and meeting rooms, with the primary distinguishing factor being size. Therefore, we recommend renaming conference rooms to align with meeting rooms, simplifying the process for customers by categorizing them as small and large meeting rooms.

The policy has been updated to include a purpose statement and outlines criteria for room use to provide clarity for both customers and staff. Expectations for appropriate conduct during meetings, including a prohibition on collecting money during or after the meeting are clarified in this update of the policy.

Overall, these changes streamline language and clarify the criteria for public use of meeting rooms, reinforcing the Library's commitment to providing access to all viewpoints while establishing clear expectations for conduct.

Given the time passed since the initial discussion, we are presenting these updates for discussion instead of proceeding directly to the first reading.

Board Policy

CURRENT POLICY

Public Meeting and Conference Room

Policy Statement

Library meeting and conference rooms provide space to conduct Library activities for the community that offer the opportunity to learn, connect, and collaborate.

Policy

Pierce County Library System maintains meeting and conference rooms to provide Library- sponsored programs, classes, workshops, events, and other services that support educational, civic, cultural and other activities; engages the community in discovering and exchanging information and ideas; and provides opportunities to learn, gather, connect, and collaborate.

The primary purpose and use of meeting and conference rooms are for Library-sponsored activities.

The Library may make meeting and conference rooms available to the public when they are not being used by the Library or Library-affiliated organizations. At those times, the space will be available to the public on equal terms, regardless of the beliefs or affiliations of individuals or groups requesting their use, and abiding by the terms for public use of the Library meeting and conference rooms.

The Library reserves the right to approve, restrict, or deny usage, and may impose a fee for usage. All public usage of meeting rooms will be open to the public and no fee will be charged to those attending.

Use of Library facilities by an individual, group, or organization does not constitute Library endorsement of the activities, tenets, or purpose.

[Public Meeting and Conference Room Procedures](#)

**Adopted by the Pierce County Rural Library District Board of Trustees: December 11, 1991,
Revised: August 20, 1998
Revised: April 13, 2011
Revised: August 13, 2014**

Board Policy

Public Meeting ~~and Conference~~ Room

Policy Statement

The Pierce County Library System’s (the “Library”) provides meeting rooms as a public service. In the context of this policy, meeting room activities that are Library-related take priority over other uses. When they are not being used by the Library or Library-affiliated organizations, including Friends of the Library groups and the Pierce County Library Foundation, the meeting rooms are available to the public on equal terms, and as a limited public forum, decisions on availability will not be based on the beliefs or affiliations of individuals or groups requesting their use.

Commented [CB1]: Clarified the Library’s obligation to provide equal access to public meeting rooms.

Commented [CB2]: Removed conference rooms as a separate type of meeting room. Rooms are now called large and small meeting rooms.

~~Library meeting and conference rooms provide space to conduct Library activities for the community that offer the opportunity to learn, connect, and collaborate.~~

Purpose

To establish the policy for public use of Library meeting rooms. This policy does not apply to study rooms.

Commented [CB3]: Added purpose statement for consistency with the PCLS policy template.

Commented [CB4]: Study rooms are not required to be open to the general public.

Policy

The Library provides meeting rooms for programs, classes, workshops, events, and other services that support educational, civic, cultural, and other activities; engages the community in discovering and exchanging information and ideas; and provides opportunities to learn, gather, connect, and collaborate.

Use of a Library facilities meeting room by an individual, group, or organization not affiliates with the Library (“public use”) does not constitute or imply Library endorsement of the activities, tenets, or purpose of the user.

The Library reserves the right to approve, restrict, or deny public use of Library meeting rooms ~~usage~~ based on the criteria described below.

Meeting Room Criteria

Designated Library staff members are authorized to approve, renew, or reject requests for public use of Library meeting ~~spaces~~ rooms. The following criteria determine the public use of meeting rooms:

Commented [CB5]: Added criteria for clarity for staff and the public.

- All meetings must be free and open to the public.
- ~~The m~~ Meetings must take place during the Library’s regular open hours.
- Meeting participants are expected to follow the Library Rules of Conduct and may not interfere with the proper functioning of the Library.
- Fees may not be charged to attend meetings, etc., and no dues, tuition, etc. ~~will~~ may be collected during or after the meeting.
- No donations of money or other property will be solicited or collected ~~from the attendees or other visitors to the Library~~ meeting participants and no sales pitches will be made.
- No alcoholic beverages may be provided or served, ~~unless as covered by~~ at meetings except in compliance with the *Alcohol Consumption on Library Premises Policy*.

- Meeting times and organizations may be posted on community boards within the Library for non-Library groups/users.

~~Pierce County Library System maintains meeting and conference rooms to provide Library sponsored programs, classes, workshops, events, and other services that support educational, civic, cultural and other activities; engages the community in discovering and exchanging information and ideas; and provides opportunities to learn, gather, connect, and collaborate.~~

~~The primary purpose and use of meeting and conference rooms are for Library sponsored activities.~~

~~The Library may make meeting and conference rooms available to the public when they are not being used by the Library or Library affiliated organizations. At those times, the space will be available to the public on equal terms, regardless of the beliefs or affiliations of individuals or groups requesting their use, and abiding by the terms for public use of the Library meeting and conference rooms.~~

~~The Library reserves the right to approve, restrict, or deny usage, and may impose a fee for usage. All public usage of meeting rooms will be open to the public and no fee will be charged to those attending.~~

~~Use of Library facilities by an individual, group, or organization does not constitute Library endorsement of the activities, tenets, or purpose.~~

MEMO

Date: May 1, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director

Subject: Naming Recognition Policy – 2nd Reading

Thank you for your thoughtful review and discussion of this policy. At the May meeting, we will seek your approval of the policy as presented.

Board Action: Move to approve the Naming Recognition Policy as presented.

Board Policy

Naming Recognition

Policy Statement

Pierce County Library System (the “Library”) locations are typically named for geographic areas where they are located. In certain circumstances, the Library will recognize donors through the display of commemorative signage and/or by bestowing a donor’s name on a Library space.

Purpose

To establish naming conventions which ensure easy understanding of facility locations for the public, and to allow opportunities for the Library to be consistent and equitable in recognizing substantial donations.

Policy

The Foundation Director and the Library Executive Director develop naming opportunities, guidelines, and thresholds to ensure equity and consistency. Such opportunities are intended to allow the Library to show appreciation for substantial donations and to inspire substantial donations.

Prior to, or in the midst of, a major capital fundraising initiative conducted by the Foundation, the Library Executive Director and Foundation Director will approve a list of naming opportunities and thresholds related to the project.

Naming as recognition generally lasts for the useful life of the space of facility. The Library reserves the right to determine whether existing named spaces will be transferred when a facility is replaced or remodeled.

An exception to geographically-oriented names of libraries may be considered when a library site or construction, or both, if financed in part through private donation(s) and when such donation(s) equal or exceed a substantial portion of the total project cost.

Changes in library names will be considered if a name no longer provides a readily apparent indication of the library’s geographic area.

Honoring opportunities may be offered to individuals, foundations, groups, or corporations in recognition of substantial funding support for the Library and its programs. Donors seeking such opportunities may have the choice of honoring a leading community figure or requesting that their name or the name of another individual or entity be recognized. Honoring opportunities do not extend beyond the useful life of the spaces or facilities in which they are located.

Substantial donation: Cash, securities, real or personal property, or contributions of services or service that represent a major percentage of the cost of the portion of the facility named or represent a substantial donation to the Pierce County Library Foundation (the “Foundation”), a separate Washington State

nonprofit organization having 501(c)(3) status. “Substantial”, in the context of this policy, shall be determined solely by the Foundation and Library.

Not all substantial donations will be recognized by naming.

Charitable Agreement Morals Clause

If at any time the donor/sponsor fails to conduct themselves without due regard to public morals and decency, or if the donor/sponsor commits any act or becomes involved in any situation pertaining to the intentions of this clause, or occurrence tending to degrade the donor/sponsor in the community, or which brings the donor/sponsor into public contempt or scandal, or which materially and adversely affects the reputation or business of either the Library or the Foundation, whether or not information in regard thereto becomes public, the Library and Foundation at their sole discretion shall have the right to remove donor’s/sponsor’s recognition rights as required pursuant to the donation/sponsorship agreement.

Adopted by the Pierce County Rural Library District Board of Trustees (as Policy on Branch Library Names): January 21, 1981. Revised and renamed (Naming Policy): September 17, 1998. Revised: May 15, 2013, May X, 2024

By the enactment of this policy the Board of Trustees of Pierce County Library System is concurrently rescinding any prior policy or procedure within PCLS that is either in conflict with or expansive of the matters addressed in this policy.

MEMO

Date: April 26, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Mary Stimson, Finance Director

Subject: Fiscal Management Policy - Introduction

During the July 2023 Board meeting, we announced that we would be reviewing all finance-related policies and practices as part of the ongoing policy work. We have been working on this process over the past several months and are ready to present a draft of the revised Fiscal Management Policy for discussion. The policy review will continue to serve to capture the Board and Library’s fiscal philosophies and serve as an opportunity to consider revisions aligned with the annual fiscal year’s budget process.

The revised Fiscal Management Policy consolidates several existing Board policies into a streamlined and easily understandable comprehensive policy. This combined policy was condensed to provide straightforward and sufficient directives for overseeing the Library’s finances and delineating the responsibilities of the involved parties.

POLICY #	CURRENT POLICY	NEW POLICY
115	FISCAL MANAGEMENT 3.15	FISCAL MANAGEMENT POLICY
3	FOOD PURCHASE POLICY	
69	PAYMENT OF CLAIMS 3-9	

Akin to the recently approved Human Resources Policy Manual, we are developing an internal Finance Procedures Manual that will capture Administrative policies, guidelines on our intranet, and finance procedures into one document for staff to reference. We are working closely with the IT Department to align this rollout with our second reading of the revised Fiscal Management Policy, which references the Finance Manual.

We are confident these efforts to simplify and offer clarity will aid the Library in maintaining its role as responsible custodians of public funds.

New Business

MEMO

Date: April 29, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director
Clifford Jo, Business & Compliance Director

Subject: Levy Sustainability Fund Review

Background

In November 2018, voters of the Library's taxing district approved the levy lid-lift ballot measure by 911 votes. As part of the Library's commitment towards stewardship, not all monies were to be used for expenses, but were to be saved up to be spent in the years during which expenses exceed revenues.

To articulate this commitment, Library administrators created a method to sustain the levy lid-lift (Levy Sustainability) in three simple and easy to understand phases:

- **Phase 1: Revenues exceeds expenditures**
 - A portion of property taxes are to be deposited into a special revenue fund legislated into existence by the Board's approval of a revised fiscal management policy in late 2019.
 - Investments are made to improve the Library's Strategic Plan's and the seven core services (Materials, Staff, Technology, Partnerships, Classes & Events, Business Processes, and Spaces).
- **Phase 2: Revenues equals expenditures**
 - All new revenues match expenditures, a phase that would be no more than one or two years.
 - Any improvements are paid for by offsetting reductions elsewhere in the general fund.
- **Phase 3: Expenditures exceeds revenues**
 - A portion of the special revenue fund is transferred to cover general fund shortfalls until such time it is depleted and a strategy is in place for future Library funding and operations.
 - Services are assessed and reductions and efficiencies are actively developed and implemented.

To better depict these phases, a Levy Sustainability Curve projection model was created, which took millions of data points from current and future revenue and expenditure trends and projections, and synthesized it into a visual graphic. Although mentioned periodically, the projections model was introduced formally to the Board in January 2022. This version showed the Levy Sustainability strategy as cash-liquid until 2031.

Current Situation

The Library entered Phase 2 this year. After five years of deposits to the Levy Sustainability Fund, no more deposits would occur. The balance of this fund, including interest earned, is \$17 million.

Applying current rates and expenditure trends, the Levy Sustainability Fund is anticipated to deplete between 2027 and 2028, several years sooner than originally projected (assuming no changes are made to current spending).

However, the Levy Sustainability Fund offers a sound approach to managing current and future finances, all due to having ample funds to draw from during Phase 3. While in Phase 3, well-thought and methodical strategies must be implemented either to:

1. Prepare for the depletion of the fund, or
2. To extend it meaningfully.

The Library's choice is the latter, due to two principle reasons:

- **The 2018 levy lid-lift proposition was passed by a sliver of votes.**

The voting climate is increasingly skeptical of tax measures.

- **There is little to no mill rate to lift.**

A plateau, if not a correction, of property values began in 2023 and is projected to continue for several years.

The result is an increase to the Library's mill rate, with it nearing the statutory limit of 50 cents per \$1,000 of assessed property values. During the previous two levy lid-lifts, the Board carefully weighed whether a mill rate above 42 cents per \$1000 of assessed property values provided a compelling reason to run the ballot measure, especially should it fail. While it is good consideration for the Board to consider running a ballot measure when the mill rate is higher than 42 cents, during times of property value stagnations or corrections, the increased revenue from the lid-lift diminishes quickly. More of this will be introduced during an upcoming study session on Levy Sustainability this fall.

The Library is committed to providing the best services to its communities in a way that is affordable and honors fiscal stewardship of public monies. As always, budgets will be balanced without needing to secure lines of credit or other sources of debt to pay for operations.

Current financial pressures are mounting on capital projects, especially buildings. Most of our facilities are over 30 years old and, as we have seen in recent years, require major capital improvements if not outright replacements. While the concept of Levy Sustainability includes largely operational sustainability, it also includes sustaining viable facilities as safe, comfortable, well-kept, and modern spaces.

We can't operate libraries without staff, of course. We are beginning the process of evaluating staffing models and preparing to map total labor costs to the future projections. Currently personnel consumes

about 70% of the total library budget, which is higher than the fund will sustain. A critical strategy to control operating costs will accompany this work in alignment with the capital cost needs in the future.

The strategy for Phase Three can be shaped with direction from the Board on the desired outcome for library operations and facilities by the time the fund is depleted. We look forward to hearing the Board's thoughts on this matter.

This discussion is meant to reintroduce the Board to these realities as we begin the 2025 budget development process. As mentioned above, a study session will be scheduled in several months to delve deeper into Levy Sustainability, the fund, and library priorities.

MEMO

Date: April 30, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director
Clifford Jo, Business & Compliance Director

Subject: Ordinance No. 802, City of Lakewood Tax Increment Area Notification

Attached is City of Lakewood (“City”) Ordinance No. 802 as passed during an April regular council meeting and having been sent to the Library Board of Trustees shortly thereafter. The context of this ordinance relates to the Tax Increment Finance (“TIF”) that the City is implementing.

From what the City’s staff presented to us, TIF funds of up to \$15 million would be used for land acquisition for creating public parks and development of their amenities. The City’s justification rests in the TIF being a “powerful economic development tool designed to fund public infrastructure in targeted areas . . .”

The statutes regarding TIF provide a strict feature that prevents harm to affected taxing districts. The operating reason is that without the capital improvements, the taxing districts would not have collected the resulting increase in property taxes. This is, by effective argument, the prevention of direct harm. However, there is indirect harm that manifests threefold:

1. The improvements are designed to greatly enhance residents and visitor satisfaction and appreciation, and thus drive demand for increased services in the affected areas. In the Library’s case, an increased demand through physical use of a facility may mean more staffing needed, increased operational and maintenance costs, and importantly, expansion to the facilities to meet fundamentally shifted consumer behavior. The TIF freezes funding to pre-TIF levels for any improvements to meet those changes. An outcome is a twenty-year erosion of monies spent on services to match needs.
2. Should the mill rate hit our statutory limit of 50 cents per \$1,000 of assessed property values, the TIF would directly affect our property taxes. TIF-impacted areas are funded by bonds, which take precedent for repayment. Thus, if we are very near or at our 50-cent mill rate, funds would be taken from our property taxes to first repay the bond. While this will not materially affect the loss of property taxes solely due to this TIF, the indirect harm from multiple TIFs across the county could be material.
3. The likelihood of more TIFs are a great concern to the Library, which serves fifteen incorporated areas and all of unincorporated Pierce County. While not all jurisdictions would automatically engage in implementing TIFs, should enough cities, towns, or Pierce County utilize this tool, the Library would be adversely affected by not having the evolutionary ability to meet increased demand for modern services that are copacetic to the TIF-improved areas.

The financial effects of TIFs are set for a maximum of twenty years. Meaning, the Library's additional property taxes for TIF-improved areas would be frozen for two decades limiting the Library's ability to grow or adjust services to a potential increased demand.

Washington State TIFs are codified in law in a manner that affected taxing districts have neither any decisional authority nor substantive recourse. The only obligation for cities is to inform us of the projected fiscal impacts. Hence, your receipt of the City of Lakewood ordinance as having been passed.

We will keep the Board apprised of any developments related to the City of Lakewood's TIF, or other TIFs being considered by other jurisdictions.

ORDINANCE NO. 802

AN ORDINANCE OF THE CITY OF LAKEWOOD, WASHINGTON, DESIGNATING THE LAKEWOOD DOWNTOWN TAX INCREMENT AREA; SETTING A SUNSET DATE FOR THE INCREMENT AREA; IDENTIFYING THE PUBLIC IMPROVEMENTS TO BE FINANCED; INDICATING THE CITY'S INTENT TO ISSUE BONDS TO FINANCE PUBLIC IMPROVEMENT COSTS IN A MAXIMUM PRINCIPAL AMOUNT NOT TO EXCEED \$15,000,000; PROVIDING THAT THE INCREMENT AREA WILL TAKE EFFECT ON JUNE 1, 2024; IMPOSING A DEADLINE FOR COMMENCEMENT OF CONSTRUCTION; AND PROVIDING FOR RELATED MATTERS.

WHEREAS, for many years the City has been studying, evaluating, designing and completing key infrastructure improvements to enable a residential and commercial use development within the Lakewood Downtown; and

WHEREAS, the City has identified a proposed Tax Increment Area (TIA) of approximately 124 acres of property that is being planned for residential and commercial development and is in need of substantial infrastructure improvements to support the desired development; and

WHEREAS, the TIA has the opportunity, if developed, to provide a variety of housing types, parks, open space and commercial amenities for the community providing for increased tax revenues to support City services and providing employment opportunities for the residents of the City; and

WHEREAS, the Washington State Legislature, during its 2021 legislative session, enacted Engrossed Substitute House Bill 1189 as Chapter 207, Laws of 2021, titled "AN ACT Relating to tax increment financing" as amended by Chapter 354, Laws of 2023, and codified as Chapter 39.114 RCW (the "TIF Act"), which authorizes local governments, including cities, to carry out tax increment financing of public improvements needed to support vital private economic development projects; and

WHEREAS, the TIF ACT authorizes the allocation of property tax revenues generated from the increased assessed valuation of properties improved by private development that are within a TIA to pay for public improvements that are needed to support the private development; and

WHEREAS, City management has identified the TIF public improvements (TIF Projects) to support the desired development based on market conditions necessary to accommodate housing demands and commercial tenants; and

WHEREAS, the TIF Projects are estimated to cost approximately \$15 million to construct; and

WHEREAS, City management anticipates bringing forward for Council consideration an agreement between the City and future developers that memorializes the infrastructure improvement responsibilities and private development associated with the TIF Projects; and

WHEREAS, the City has prepared a Project Analysis for the Lakewood Downtown and submitted such to the Office of the State Treasurer for review and comment as required by law; and

Section 2. Designation of Increment Area. Pursuant to the TIF Act, the City designates the approximately 124 acre parcel of land known as the Lakewood Downtown and described in Exhibit A to this ordinance. In making this designation, the Council finds that the Increment Area designated by the ordinance (i) is the only increment area designated by the City under the TIF Act, (ii) is located within the boundaries of the City, (iii) does not include the City's entire territory, and (iv) does not have an assessed value on the date of this ordinance greater than the lesser of \$200,000,000 or 20 percent of the total assessed value of taxable property within the City of \$11,150,721,653 (2023 assessment values for 2024 taxes).

Section 3. Sunset Date of the Increment Area. The sunset date of the Increment Area is hereby set as (i) December 31, 2050, which is the date not later than 25 years after the first year (calendar year 2025) in which tax allocation revenues will be collected on taxable property within the Increment Area (the "outside sunset date"), or (ii) if earlier, the date ("an early sunset date") on which the City certifies to the County Treasurer that all public improvement costs to be paid or reimbursed with tax allocation revenues derived from the Increment Area have been fully paid, including but not limited to reimbursements to the City for principal and interest payments required to be made by the City from revenue sources other than tax allocation revenues on limited tax general obligation bonds issued to finance the portion of public improvement costs that are intended to be paid and retired, in whole, from tax allocation revenues, as authorized by RCW 39.114.060(1).

Section 4. Identification of Public Improvements to Be Financed. The public improvements to be financed consist of the following infrastructure improvements to be owned by the City and located within or outside of and serving the Increment Area:

\$15 Million Total TIF Public Improvements

- Acquisition of land: \$2 million
- Park Amenities \$13 million (including grass, restroom, water feature/splash facility, benches, play features, etc.)

The exact timing, specifications, and features of the public improvements described above are to be determined by the City. As authorized by RCW 39.114.020(1)(h), the City may expand, alter, or add to the public improvements identified above only if the City Council determines that such changes are necessary to assure that the public improvements identified above can be constructed or operated as intended. If the City Council determines that it has become impractical to acquire, construct, or equip any, or any portion of, the public improvements by reason of changed conditions, or costs substantially in excess of the amount of bond proceeds or tax allocation revenues, the City shall not be required to acquire, construct or equip such public improvements or portions.

Section 5. Expected Issuance of Bonds to Finance a Portion of the Public Improvement Costs. Pursuant to RCW 39.114.060 and other law, including the applicable provisions of Chapters 39.36 and 39.46 RCW, the City intends to incur general indebtedness and issue limited tax general obligation bonds with a term of approximately 25 years to finance a portion (the "bond-financed portion") of the public improvement costs to be paid in whole or in part from tax allocation revenues. The City expects to pledge the tax allocation revenues received by the City from the Increment Area, the City's other regular property tax revenues, other lawfully available revenues of the City, and the full faith and credit of the City. The bonds are expected to be issued as tax-exempt bonds under the applicable provisions of the Code; however, if and to the extent that bond counsel determines that any of the public improvements (or portions thereof) do not qualify to be financed with tax-exempt bonds, the City expects to allocate funding sources other than proceeds of tax-exempt bonds, including but not limited to proceeds of taxable bonds, to the financing of those public improvements (or portions thereof).

The private development would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future without the proposed public improvements; and

The increased assessed value of taxable property within the Increment Area that could reasonably be expected to occur without the proposed public improvements would be less than the increase in the assessed value estimated to result from the proposed private development with the proposed public improvements.

Section 9. Preparation and Consideration of Project Analysis. As required by RCW 39.114.020(2), the Council has caused the Project Analysis, attached hereto as Exhibit B, to describe and analyze, among other matters, the factors and considerations listed in that statute. The Council takes note of the conclusion expressed in the Treasurer's Review Letter that the City's Project Analysis generally addresses the topics listed in subsection (2) of RCW 39.114.020. In its consideration and passage of this ordinance, the Council has reviewed and considered, among other things, the Project Analysis and the Treasurer's Review Letter, attached hereto as Exhibit C, including the "General Risks", "Concerns with the Projects Analysis" and "Recommendations" noted in the Treasurer's Review Letter.

Section 10. Reimbursement of Expenses Incurred by County Assessor and County Treasurer. Pursuant to RCW 39.114.020(6), the City may enter into arrangements to reimburse the County Assessor and County Treasurer for the expenses incurred by those officials in connection with the implementation and ongoing administration of the Increment Area as described in RCW 39.114.010(6)(e). Such expenses shall be a portion of the public improvement costs to be paid or reimbursed from tax allocation revenues derived from the Increment Area.

Section 11. Public Briefings Held by the City. As required by RCW 39.114.020(7)(a), the City has held two public briefings for the community regarding the Lakewood Downtown development and the public improvements needed to serve the Increment Area. These public briefings were held on April 9, 2024, and April 11, 2024. Public notice was published at least two weeks prior to each public briefing in the Tacoma News Tribune, a legal newspaper of general circulation in the City and the greater County area, and by posting information on the City's website and on all of its social media sites. Each public briefing included a description of the Increment Area, the public improvements proposed to be financed with tax allocation revenues derived from the Increment Area, and a detailed estimate of tax revenues for the participating local governments and taxing districts, including the amounts allocated to the public improvements serving the Increment Area. The City also has provided additional briefings for elected and administrative officials of the County Assessor and Treasurer, Fire District, EMS, Pierce County Library District, Sound Transit, and the Flood Control District.

Section 12. Publication of Notice and Delivery of Ordinance Designating Increment Area. On April 1, 2024, which is at least two weeks before the date of adoption of this ordinance, the City published in the Tacoma News Tribune, a legal newspaper of general circulation within the jurisdiction of the City, a notice concerning how information may be obtained regarding the Lakewood TIF project. Following the adoption of this ordinance, the City will deliver a certified copy of this passed ordinance to the County Treasurer, the County Assessor, and the governing body of each taxing district within which the Increment Area is located at the respective addresses specified pursuant to RCW 42.56.040 within 10 days of the date on which the ordinance was passed.

I, the undersigned, City Clerk of the City of Lakewood, Washington (the "City"), hereby certify as follows:

The attached copy of Ordinance No. 802 (the "Ordinance") is a full, true and correct copy of the Ordinance duly passed at a regular meeting of the Lakewood City Council held on April 15, 2024 (the "Meeting"), as that Ordinance appears on the minute book of the City.

The Ordinance is in full force and effect.

The Meeting was duly convened and held in all respects in accordance with law, the public was notified of the access options for remote attendance via the City's website, a quorum of the members of the Council was present throughout the meeting and a sufficient number of members of the Council present voted in the proper manner for the passage of the Ordinance.

About Lakewood

Lakewood is home to nearly 64,000 residents and has one of the most culturally diverse populations in Washington. With lush parks, lakes, thriving businesses, and plenty of opportunities we are happy to call Lakewood home.

On October 1, 2018, the Lakewood City Council adopted the Downtown Subarea Plan, Downtown Development Code, and Planned Action Ordinance. The Plan went into effect on November 1, 2018. The Proposed Tax Increment Area (TIA) of this Project Analysis lies with the City's Downtown Subarea.

Following a 2017 economic analysis of Lakewood's downtown and the local area, the City Council directed the Downtown to be focused on meeting the daily needs of residents. In terms of retail and services, this is the opportunity to provide:

- Daily goods and services, including groceries, personal care products, restaurants, coffee shops, and bars.
- Professional and healthcare services, including financial services, dental offices, and trend toward retail-based medical providers.

The Plan reflects input from hundreds of Lakewood citizens of all ages and walks of life. It reflects both Lakewood's unique past and desires to create a Downtown area that works for today's and tomorrow's residents. This includes incentivizing new types of housing and services within walking distance of each other. The area in and around the Towne Center is envisioned as a magnet for intensive mixed-use urban development including higher-density office and residential uses.

At the north end of the Plan area, the Colonial Center will serve as the hub of Lakewood's cultural activity. Higher quality, higher density urban redevelopment is expected within the TIA. This will noticeably increase social, cultural, and commercial activity. Streetscape and other urban design improvements will make this area more accessible and inviting to pedestrians.

The Planned Action Ordinance will also make developing Downtown easier and faster for property owners and developers. It includes the required environmental analysis for the entire area. This means that when an individual application is submitted, the permit review will be streamlined. The Downtown Development Code is user-friendly and allows for creativity while requiring the desired design standards expressed by citizens.

In general, our State's TIF is a financing option which allows a city, county, or port to fund publicly owned infrastructure determined necessary to encourage private development within a TIA. As private development occurs because of the public agency's investment in public improvements, property values rise, and the public agency uses the newly generated property tax dollars to pay for the public improvements. After the costs are paid, the public agency retires the TIA. Sponsoring jurisdictions identify TIAs and the public infrastructure, including costs of construction by ordinance. The sponsoring jurisdiction may incur debt through bond issuance to secure financing to make public improvements in the TIA.

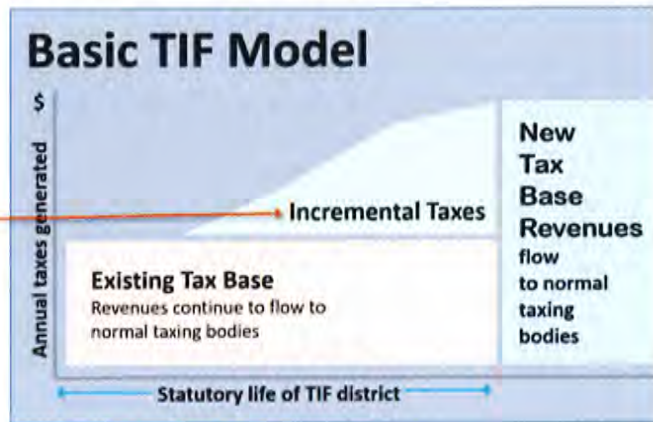

Figure 1: TIF Model

Generally, TIF captures property taxes generated from the increased assessed valuation on the site that results from private development following infrastructure investment.

Washington State TIF law excludes State property tax and voter approved school levies.

Revenues from **REGULAR** property taxes assessed against the **Increment Value** only, are captured:

- ✓ To pay "public improvement costs"
- ✓ To **repay bonds** issued for "public improvements"

Source: *Stowe Development & Strategies, 2023*

Statutory limits on TIF

- No more than two active increment areas per sponsoring jurisdiction, which cannot overlap, and cannot be changed.
- Increment areas may not total more than \$200 million in assessed valuation, or more than 20% of the total assessed valuation of the sponsoring jurisdiction, whichever is less.
- Once public improvements are identified, additional public improvements cannot be TIF financed.
- Construction of public improvements must begin within 5 years following adoption of the TIF ordinance (with an ability to extend for good cause).
- Sponsoring jurisdiction may only receive TIF revenues for the time period necessary to pay for the public improvements.
- TIA must be retired no more than 25 years after the adoption of the ordinance.

Planning

The City of Lakewood has been planning for land use and public improvements for its downtown as part of its Council approved Downtown Plan adopted in October of 2018. A major goal of the City of Lakewood is to create a Downtown focused in the Central Business District (CBD) zone, redeveloping it into a rich urban area with civic amenities, walkable streets, and a mix of uses including housing, entertainment, restaurants, and retail.

The Lakewood Downtown Plan encompasses over 315 parcel acres, with three districts that illustrate different characters (see Figure 2).

Colonial: This district includes colonial-style commercial buildings. It includes the historic Lakewood Theater, which has not operated for approximately 20 years.

Figure 2: Downtown

Source: City of Lakewood, 2023

Concept Plan: The overall concept plan was initially developed during the 2017 charrette and informed by the public design exercise, public input to date, and insights from the planning and design team based on best practices and experience on similar projects (See Figure 3). The following are highlights from the concept plan:

Green Street Loop: To address the lack of park space, improve public streets, and improve circulation for pedestrians and bicyclists the Green Street Loop will include park like elements, green infrastructure, and support redevelopment in Downtown.

New Public Streets: The Downtown lacks a dense and walkable street grid to support urban development, circulation, and an active public realm.

Central Park: A new urban park of between two to four acres is proposed just north of City Hall to serve as the main gathering space for the community and to include a variety of features and programming.

Revised Gravelly Lake Drive: As part of the Green Street Loop, a revised road design for Gravelly Lake Drive SW is proposed. The revision will allow for expanded sidewalks and a multi-use path on the east side of the street.

Catalyst Sites: Catalyst sites are the best opportunities to weave together public improvements in infrastructure and amenities with infill and redevelopment by the private sector. The best opportunities for redevelopment based on vacant and underutilized sites, and large surface parking areas, and surrounding context have been identified as catalyst sites in the near term to further the implementation of this Plan.

Motor Avenue Plaza: The City recently constructed a large central plaza, a pedestrian promenade, street trees, landscaping, and public art opportunities.

The City Downtown Plan was created to ensure the following.

- The heart of the community and civic life
- Where all modes of travel are possible
- Designed for people to walk and bike
- Designed to be accessible by all ages and abilities
- Safe and welcoming
- Livable and affordable
- Where people of all ages go to do fun things, indoor and outdoor
- Rich with cultural diversity
- Sustainable and connected to nature
- Part of a thriving local economy and offering entrepreneurial opportunities
- A source of pride and identity for Lakewood
- Where people live, work, meet, play, shop, and eat

Private Development

Based on discussions with the City, the following three development program scenarios have been generated for purposes of the Phase 1 TIF analysis:

Aggressive: Represents the most development that is likely to occur in the TIA and represents nearly \$522 million of private market value among nine different development sites plus all the tenant improvements within the TIA.

Moderate: Includes three of the development sites plus 75% of the tenant improvements from the Aggressive Scenario representing nearly \$260 million of private development market value.

Conservative: The most conservative scenario and includes only two development sites and 50% the tenant improvements from the Aggressive Scenario representing nearly \$213 million of private development market value.

Figure 5: Development Program Scenarios

Figure 6: Development Program Scenarios Chart

Source: ECONorthwest, 2023

These scenarios have been developed to help assess potential risk based on different levels of development within the TIA. Understanding and accepting a certain level of risk is important as the City will be obligated for the repayment of any bond debt that is issued for the infrastructure improvements, regardless of whether the projected private development and property tax materialize. The City has identified the Moderate Scenario as the most likely development scenario to occur.

The below table in Figure 8 summarizes the parcel identification numbers and assessed values of properties in the TIF area.

Figure 8: Summary TIF Parcels

Tax Increment Revenue Projections

Overview of TIF Allocation Revenues

Following guidance issued by the Washington State Department of Revenue (June 29, 2022), the analysis estimates the apportionment of taxes to the TIA. These revenues are available to the sponsoring local jurisdiction for funding the identified public infrastructure projects (that are named in the ordinance). Under the TIF legislation, only certain regular levies are available to the TIA. Using tax year 2023 tax year levy rates in the Lakewood Downtown TIA, only \$3.83 of the \$10.04 total levy, approximately 38.2%, would be available.

Figure 9: TIA Levy

Levy Code Area 760	2023 Taxes Rates	Exempt: State Property Tax	Exempt: Excess and Other Levies	Available for TIF allocation
Total	\$10.0418	\$2.3122	\$3.8968	\$3.8328

TIA Allocation Revenue Modeling

New incremental development in the TIA will drive future growth in incremental assessed value. These values will then be multiplied by the levy rate in the respective years to estimate the amount of TIA allocation revenues. To accomplish this, there are four separate analyses that must be completed.

- **Forecast incremental TIA assessed value.** Based on the development program, the future assessed value is estimated by assigning market-based improvement prices based on the land use and size of the proposed development. For this analysis, incremental assessed value within the TIA assumes both the value of construction of new projects as well as some underlying appreciation of all properties.
- **Forecast jurisdiction assessed value.** Outside of growth in the incremental assessed value in the TIA, it is necessary to forecast growth in the City’s overall assessed value (not counting the incremental growth in the TIA. Historical rates of assessed value growth are used for the analysis.
- **Forecast highest lawful levy.** For each taxing jurisdiction in the TIA, future levies must be estimated. To do so, the amount of new construction, other add-on value, 101% limit

Figure 10: TIA Allocation Revenues - Aggressive Scenario

TIA Revenue Allocations		
	Present Value	Nominal Value
Lakewood	\$4,310,000	\$8,734,000
Pierce County	\$4,660,000	\$9,433,000
Port of Tacoma	\$810,000	\$1,637,000
Sound Transit	\$950,000	\$1,918,000
EMS	\$2,500,000	\$5,068,000
Fire District	\$7,510,000	\$15,207,000
Library	\$2,030,000	\$4,104,000
Flood Control	\$600,000	\$1,215,000
Total	\$23,370,000	\$47,316,000

Figure 10.1: TIA Allocation Revenues - Moderate Scenario

TIA Revenue Allocations		
	Present Value	Nominal Value
Lakewood	\$3,160,000	\$6,344,000
Pierce County	\$3,410,000	\$6,848,000
Port of Tacoma	\$590,000	\$1,190,000
Sound Transit	\$690,000	\$1,391,000
EMS	\$1,830,000	\$3,683,000
Fire District	\$5,490,000	\$11,042,000
Library	\$1,480,000	\$2,983,000
Flood Control	\$440,000	\$882,000
Total	\$17,090,000	\$34,363,000

Figure 10.2: TIA Allocation Revenues - Conservative Scenario

TIA Revenue Allocations		
	Present Value	Nominal Value
Lakewood	\$2,030,000	\$4,020,000
Pierce County	\$2,190,000	\$4,340,000
Port of Tacoma	\$380,000	\$752,000
Sound Transit	\$450,000	\$885,000
EMS	\$1,180,000	\$2,333,000
Fire District	\$3,540,000	\$6,994,000
Library	\$960,000	\$1,886,000
Flood Control	\$280,000	\$560,000
Total	\$11,010,000	\$21,770,000

Figure 11: Chart of TIF Allocation Revenues (Nominal Values)

Debt Service Payments and Coverage

Assuming the City issues \$2 million of debt in 2026 and \$13 million in 2029 to fund the proposed public park improvements, it will need to service that debt with available resources regardless of whether the anticipated private development occurs and regardless of whether assessed values increase within the TIA. The debt service in Figure 14 assumes an interest rate of 5% and the schedule is illustrative of the range of debt but does not have the precision of working with bond professionals in the issuance of debt.

However, given the nature of TIF, incremental revenues early in the TIF period may not be sufficient to service the debt as private development construction will be in progress, and it will take time to build incremental assessed value contributions that ultimately determine the TIF allocation revenues estimated in this report.

Figure 15 summarizes potential debt service payments (assuming equal debt service) relative to the different TIF tax allocation revenue scenarios that would flow to the City. Until private development (and more specifically increases in assessed valuation in the TIA) catches up and matches the City's debt service payment, the City will need to cover these early deficits by using revenues identified in this Project Analysis (see Additional Incremental Tax and Impact Assessment and Mitigation Sections below) or structure their debt payments to align with anticipated revenue stream (such as interest only).

Figure 14: Illustrative Debt Service Schedule – Level Payments

Year	Issue 1	Issue 2	Combined Debt
2023			
2024			
2025			
2026	\$160,485		\$160,485

Jobs Analysis

The job analysis considers two sources of employment tied to the TIA. First, the construction of private development will create jobs in the construction industry. These jobs will occur during the construction and are therefore “one-time” events. Once the buildings are constructed, commercial-oriented buildings will be used to for commercial purposes. These jobs are “ongoing”, meaning they are permanent on the condition of occupation within the TIA. The following sections summarize these job estimates, and the methods used to derive them.

Construction Employment

Construction of the development over the anticipated build-out period would create temporary construction jobs within the region and state. The jobs estimated in Figure 17 are derived by using the 2023 value of construction investment for the Development Program Scenarios (Aggressive, Moderate, and Conservative) and interpolating them into the Washington State Office of Financial Management’s Input/Output model.

The model relates spending in an industry sector to the number of jobs directly supported by that same investment. While the model estimates the number of jobs generated in the state of Washington, it is likely that most of these workers would come from the immediate region. The region is rapidly growing in population, such that many of the jobs created would be additive to existing jobs within the region. Ultimately, the income earned by workers would bring additional spending to the City that would not have otherwise occurred.

ECONorthwest estimated the total number of construction jobs based on the spending by scenario. The number of jobs at any given time would vary depending on the timing and scale of development. As expected, the scale of the investment in the Baseline scenario produces the largest amount of construction jobs, in this case, 1,810 construction jobs.

Figure 16: Construction Jobs

	Baseline	Alt 1	Alt 2
Construction Jobs	1,810	1,310	830
Investment (millions)	\$530	\$381	\$236

Source: ECONorthwest calculations and Office of Financial Management Input/Output Model, 2022.

Ongoing Employment

Based on the types of uses and square feet of building area, ECONorthwest estimated the potential number of jobs the development would support when built. These numbers are derived from ratio estimate building area to number of employees. The U.S. Energy Information Administration releases data from the 2018 Commercial Buildings Energy Consumption Survey (CBECS) that provides building characteristics information for commercial buildings in 2018 in the U.S. (the latest year of data). The data contain the average building square foot per worker by building use. Using the amount of planned development square footage by building use at full buildout of the scenarios, these ratios can be applied (less a vacancy rate of 5%) to estimate the number of ongoing jobs. The Baseline scenario, by measure of having more commercial space than either of the other scenarios has the largest number of ongoing jobs at 220.

Early Outreach to Impacted Taxing Districts

While Washington State law requires formal notice to be provided to each impacted taxing districts upon approval of the Tax Increment Area (TIA), the City plans to engage the Pierce County Council, Treasurer and Assessor, and the Port of Tacoma earlier in the process. This early outreach will allow the City to collect feedback focused on the logistics of implementing TIF.

The taxing districts whose property tax levy would be directly impacted by TIF include:

- The City of Lakewood
- Pierce County
- The Port of Tacoma
- Flood Control District
- Sound Transit
- Emergency Medical District (EMS): West Pierce Fire & Rescue
- Library District
- West Pierce Fire & Rescue

The levy rate from each of these jurisdictions will be applied to the increased assessed valuation within the TIA and remitted to the City to pay the bonds associated with constructing the public infrastructure to support the anticipated private development. Alternatively, if TIF revenues exceed the amount necessary to pay the bonds then excess revenues will be distributed to these taxing districts.

The City will provide the formal notice regarding the proposed TIA to the various taxing districts in accordance with State law.

But-For-Requirement

Washington State's TIF law requires its local government sponsor to make the following findings:

- (i) The public improvements proposed to be paid or financed with tax allocation revenues are expected to encourage private development within the increment area and to increase the assessed value of real property within the increment area;
- (ii) Private development anticipated to occur within the increment area as a result of the proposed public improvements will be permitted consistent with the permitting jurisdiction's applicable zoning and development standards;
- (iii) The private development would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future without the proposed public improvements; and,
- (iv) The increased assessed value within the increment area that could reasonably be expected to occur without the proposed public improvements would be less than the increase in the assessed value estimated to result from the proposed development with the proposed public improvements.

Figure 18: Comparison of Incremental Assessed Value Growth Between TIF Scenarios and No TIF

Assessment Year	2024	2028	2033	2038	2043	2048
Aggressive	\$48,513,000	\$388,544,000	\$573,524,000	\$825,113,000	\$940,390,000	\$1,071,773,000
Moderate	\$48,513,000	\$313,483,000	\$408,645,000	\$592,635,000	\$675,433,000	\$769,799,000

Summary of “But-For-Requirement”

Based on the above analysis the proposed private development could not be reasonably expected to occur without the identified TIF infrastructure improvements. Additionally, the assessed values from projected private development within the TIA would be less than the increase in assessed values from private development with the TIF improvements.

Additional Incremental Taxes

The City’s LTGO bonds will be backed the City’s full faith and credit, meaning bondholders can make a legal claim against the general revenue of the City if a default occurs. However, the City can use any unrestricted revenue sources it has available to satisfy its debt obligations. Washington state tax policy has conditions that allow governments that grow their tax bases to collect additional revenues. This relationship creates a mutually reinforcing benefit of housing and commercial development with additional tax revenues. New land development represents a direct financial investment in land preparation and building structures. Those structures, occupied by residential neighborhoods and businesses, increase the lands' productive economic capacity. That economic value generates taxable bases at the land, business operation, and transaction levels, represented in land value, retail sales, business income, etc. State tax policy allows government jurisdictions to tax these bases (subject to rate, annual increase and other limitations) to fund needed public services and infrastructure.

Outside of the TIF property tax, the development and occupation of buildings in the TIA will also generate other incremental taxes which are differentiated into the three categories below:

- **One-time Revenues.** These revenues are tied to construction. Specifically, they include the retail sales tax on construction (materials and labor), which is taxable under Washington state law.
- **Recurring Revenues.** These revenues are derived from the occupation of structures by residents and businesses. Specific revenues include retail sales tax, and utility taxes.
- **Capital Restricted Revenues.** These revenues are restricted to capital and include real estate excise taxes.

City of Lakewood

The City of Lakewood is the local service provider for police, public works, community development, parks, and other local services. To support these services, the City collects a range of general and restricted taxes, these include the following.

Sales & Use Taxes

Sales Tax. Of the 10.1% sales tax currently collected in the City on general retail purchases, a 1% "local" share of the tax accrues to local jurisdictions. The City receives 85% of the 1% local tax

comparable projects (note: these costs are different from what a project is assessed at for property tax purposes).

The below costs are subject to retail sales taxes on construction activity:

- Retail: \$245 per square foot
- Multi-family Unit: \$225,000 per unit
- Townhouses: \$285,000 per unit

On-going taxable retail sales are based on assumed comparable businesses:

- Retail: \$325 per square foot
- Multi-family Unit: \$2,500 per unit
- Townhouses: \$3,500 per unit

Summary of Additional Tax Results

Based on the approximate timing of the new development the Aggressive Scenario is estimated to generate approximately \$17.6 million in additional tax revenues generated from the private development for the City (Figure 20). The Moderate Scenario generates respectively less at \$9.7 million and the Conservative Scenario at \$4.0 million. These figures represent a 25-year cash flow of incremental tax revenues to the City in 2023 dollars (e.g., all future tax revenues have been discounted at 5% back to 2023 values).

Figure 19: Summary of additional tax benefits (present value, 2023\$)

5.00% Discount Rate			
	Aggressive	Moderate	Conservative
Sales Tax on Construction	\$2,910,000	\$2,340,000	\$1,470,000
Ongoing Sales Tax	\$11,530,000	\$5,080,000	\$1,110,000
Utility Taxes	\$830,000	\$590,000	\$360,000
REET	\$2,310,000	\$1,690,000	\$1,080,000
Total	\$17,580,000	\$9,700,000	\$4,020,000

Source: ECONorthwest calculations, 2023

Risk Assessment and Mitigation Plan

As stated in the summary and introduction above, TIF is a powerful tool available to local governments for encouraging development. Using local property tax revenues to finance certain public improvements can encourage and generate the desired or envisioned private development; however, using TIF has risks. The largest risks are that: 1) the expected private development does not occur; occurs slower than expected; and/or, the type of private vertical (office, retail, housing) development and its magnitude is less than expected; and, 2) the cost projected for the public improvements is higher than projected. These risks impact the expected revenues to be generated within the TIA or the costs for the public infrastructure improvements. If revenue is not as expected, a local government must then use other sources of revenue to pay for the public improvements. The City will be obligated to pay for the TIF infrastructure even if little or no private development materializes. As stated previously in this report, the City anticipates issuing LTGO bonds which will be backed by the City’s full faith and credit, meaning bondholders can

Development Mitigation

Development Program Sensitivity Analysis: Three different private development program scenarios (Aggressive, Moderate and Conservative) have been developed and evaluated to identify potential TIF revenues and sufficient mitigation measures should development not occur (worst case) or occur at a different speed and magnitude.

Development Agreement: The City of Lakewood may seek development agreements with developers of key development sites in order to provide predictable timeframes and possible assurances that private development will occur.

Financial Mitigation

The following mitigation plan is proposed to provide multiple levels of financial protection to fill any financial gaps that occur in the early years of the TIA until private development and TIF revenues stabilize or should the expected private development occur slower than planned.

Level 1:

Debt Issuance Timing & Structure. The City may reduce its financial exposure related to the timing and scope of private development by strategically timing the issuance of LTGO bond debt to coincide with the public infrastructure and private development timelines. The City may issue \$2 million in debt in 2026 (funding for park land acquisition) and the remaining \$13 million in debt in (funding the park improvements) no later than 2029, subject to private development advancement providing for greater development and TIA revenue certainty.

The City may also make additional adjustments in the timing of the initial debt issuance based on development activity, the nexus between the identified infrastructure improvements and the proposed private development providing for greater development and tax revenue certainty to help pay the debt service associated with TIF infrastructure improvements. Figure 22 below is a modified debt service structure (interest only for first 5 years) designed to limit the City's need to borrow from other sources to pay the projected debt service under the Moderate Development Scenario. In this situation, the interest only structure shows the City will need to fill the financial gap (e.g., the difference between TIF allocation revenues and debt payments) projected to be at 3 years but the cumulative annual deficits are reduced from \$524,195 to \$355,402 over that time.

Figure 22: Comparison of Debt Payment Surplus/Deficits; Other Additional Taxes; Interest Only Example

Year	Moderate					
	TIF Allocation Revenues	Incremental Taxes	TIF Debt Service	Surplus (Shortfall)	Cumulative Surplus (Shortfall)	TIF Debt Service Coverage
2024	\$0	\$430,000	\$0	\$430,000	\$430,000	
2025	\$168,000	\$930,000	\$0	\$1,098,000	\$1,528,000	
2026	\$424,000	\$690,000	\$100,000	\$1,014,000	\$2,542,000	4.24
2027	\$513,000	\$810,000	\$100,000	\$1,223,000	\$3,765,000	5.13
2028	\$732,000	\$1,360,000	\$100,000	\$1,992,000	\$5,757,000	7.32
2029	\$1,019,000	\$1,120,000	\$750,000	\$1,389,000	\$7,146,000	1.36

2048	\$1,808,000	\$1,110,000	\$1,192,809	\$1,725,191	\$29,117,801	1.52
2049	\$1,827,000	\$1,140,000	\$0	\$2,967,000	\$32,084,801	

Source: ECOnorthwest Calculations, 2023

Level 3:

General Fund Reserves & Re-Prioritization of Existing Capital Projects. Over the last 6 years (2018 to 2023), the City has averaged approximately \$10 million in available General Fund reserves not allocated to any specific operating or capital expense. These unallocated funds can pay the debt service for infrastructure improvements if property tax revenue from the TIA is insufficient. Additionally, the City may reprioritize some capital project expenditures to respond to any gaps between TIF revenues and debt payments.

Financial Mitigation Summary:

Depending on the actual revenue-debt gap, the City will likely be required to use multiple levels of mitigation identified above to satisfy its debt obligations if development does not occur as expected in accordance with the Moderate Development Scenario.

Additional Mitigation Measures

Public Improvement Cost Containment. Municipal agencies have vast experience with building horizontal infrastructure (streets, water, sewer, parks, etc.). The City is no exception and takes pride in its ability to provide conservative construction estimates, create clear construction bid documents, and effectively manage the construction delivery process. The cost estimates for the TIF public infrastructure improvements are currently planning level estimates and include a 30%

Bob Stowe - Principal

Bob Stowe is the principal and founder of Stowe Development & Strategies — a company he formed in 2016 to help public sector clients succeed with their economic and community development interests. With 34 years of experience in progressive community transformations, Bob is one of the Northwest’s most innovative and entrepreneurial real estate and community developers. He uses sound long- range fiscal planning skills and has achieved enviable results in leading redevelopment efforts from the dream stage to construction. This is true for projects large and small, straightforward and complex.

Bob’s understanding and experience with tax increment financing, master plan development, transit oriented development, placemaking, negotiation of purchase and sale agreements, development agreements, public benefit agreements, and his ability to create public private partnerships make him an ideal public sector development partner.

Bob has been responsible for leading, managing, coordinating, and implementing a wide variety of complex and multi-faceted projects including, downtown revitalization plans, civic center plans and development, master plans, public-private partnerships, and transit-oriented developments to name a few.

Bob was the City Manager for the City of Bothell, Washington from 2005 to 2016 where he was the architect and leader of Washington’s largest and most successful publicly-led downtown revitalization. Under Bob’s leadership, this project utilized a Local Infrastructure Financing Tool award (AKA TIF light) as part of the funding package that stimulated private investment of over \$300 million; a very big step in achieving the City’s 25-year goal of \$650 million. The fact that nearly half that goal was reached in just a few years, during the Great Recession, and with leverage from public/private collaboration, made it all the more remarkable.

Bob guided the development of approximately \$150 million in public sector improvements (relocation of a state highway, creation of new streets, storm water system, parks, environmental clean-up, etc.) identified as necessary to achieve the revitalization vision. The massive public development plan and schedule also needed to align with private sector purchase of surplus land from the City, environmental remediation, public streets to be developed by the private sector, and on-site mixed-use development. Precise scheduling, communication and the ability to respond to changing conditions were skills that Bob successfully delivered on this project.

Before arriving in Bothell, Bob was the City Manager for the City of Mill Creek for nine years and helped lead development of the award-winning Mill Creek Town Center in the early 2000s. His first downtown transformation project began with the revitalization of Downtown Dayton, Washington in the late 1980s.

The hallmark of Bob’s effort is his commitment to create well designed and environmentally sustainable places where people want to live, work, and come together to celebrate. Bob has tackled the most difficult and complex projects, achieving the redevelopment and economic dreams of several communities with his failure is not an option approach.

Prepared by:

In association with:

March 12, 2024

John Caulfield
City Manager
City of Lakewood
6000 Main St. SW
Lakewood, WA 98499

Dear Mr. Caulfield:

This letter confirms the Office of the State Treasurer's ("OST") receipt and review of the City of Lakewood's (the "City") tax increment financing ("TIF") project analysis dated December 27, 2023. OST and PFM Financial Advisors LLC, the state's municipal advisor, have reviewed the provided materials. Based on our review, which is detailed in the sections to follow, we believe that the City's revised project analysis generally addresses the topics listed in section 020(2) of RCW 39.114 (the "TIF Statute").

Please note that this review is based on the information, projections, and assumptions provided by the City and its consultants in the project analysis. OST has not independently verified the data or its accuracy or performed any feasibility analyses or projections of its own.

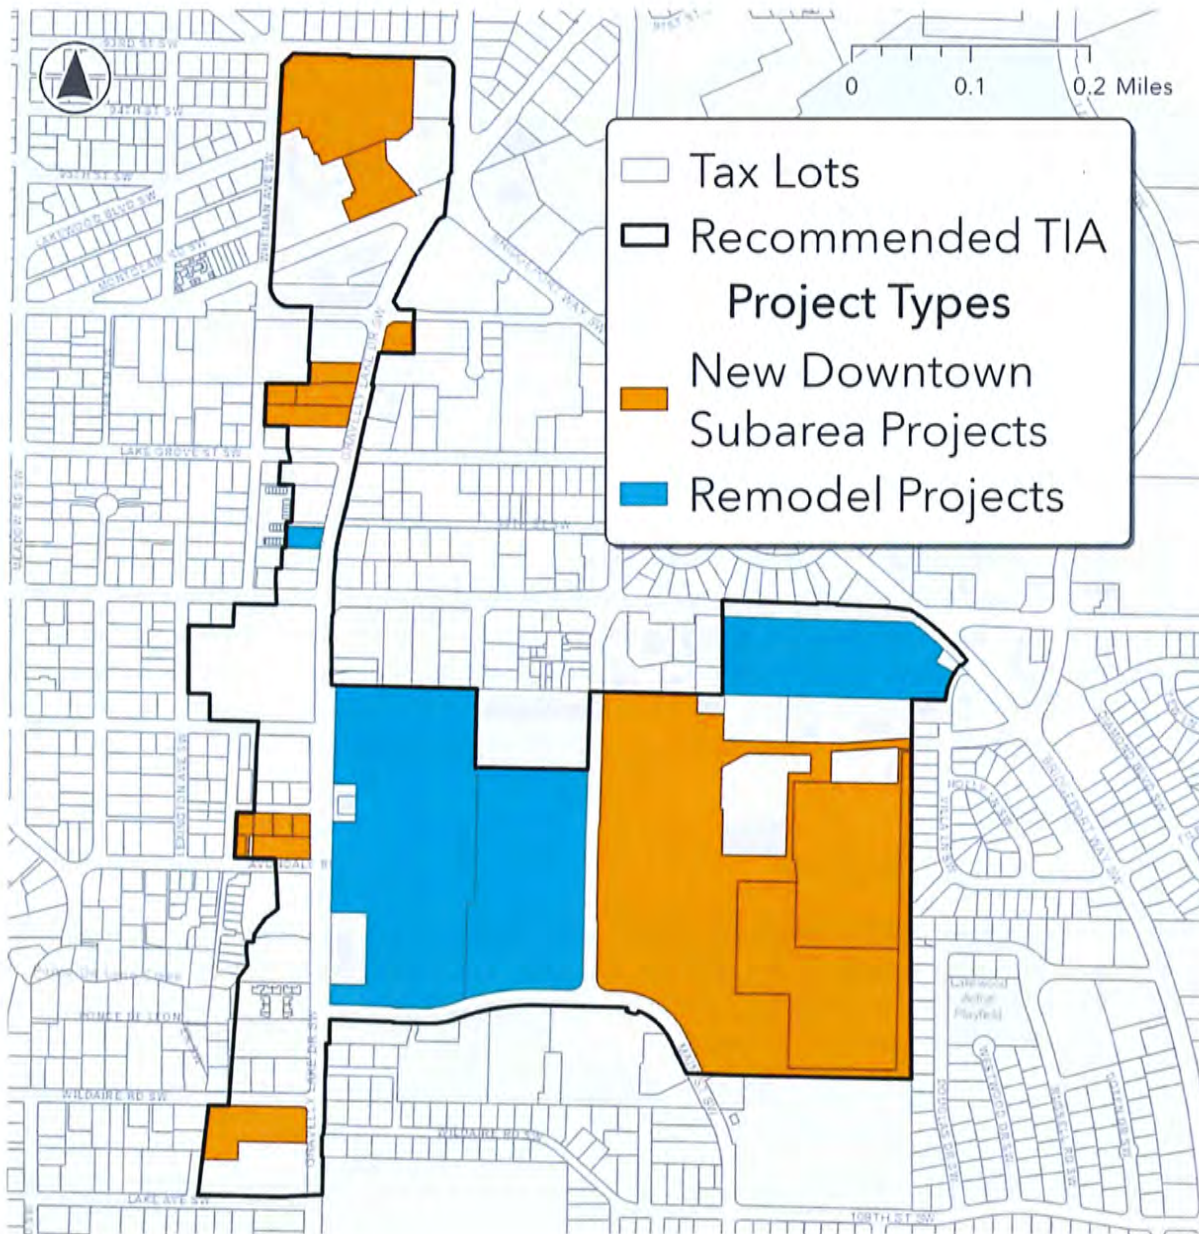

Executive Summary

The purpose of the City's proposed tax increment area (the "TIA") is to fund a portion of the cost of the property acquisition and development of a Central Park in downtown Lakewood. The public improvements are expected to encourage private retail, commercial, and multi-family housing (including senior housing) development and/or redevelopment within the City's downtown core. The private developments are expected to add 230,000 square feet ("SF") of retail space, 100,000 SF of commercial tenant improvements, and 1,532 residential units, equaling a total market value of \$260 million in the base scenario.

As described in the City's project analysis, the total cost of the TIF-related public improvements is estimated to be \$17 million. To finance the Central Park project, the City intends to issue Limited Tax General Obligation ("LTGO") bonds, which will be backed by the full faith and credit of the City, to fund \$15 million of the \$17 million estimated cost of the project. It is expected that the remaining \$2 million will come from a contribution from the City's Opportunity Fund.

Our review of the project analysis found potential risks worth consideration. A discussion of these risks, as well as other factors that could impact tax increment revenue projections are included later in this review.

Figure 1 – Map of Proposed Tax Increment Area

Source: City of Lakewood

Impacted Taxing Districts

Eight taxing districts with regular property tax levies will be directly impacted by the TIA. These districts are:

- (1) Pierce County Current Expense;
- (2) Port of Tacoma General Fund;
- (3) Pierce County Flood Control Zone District;
- (4) Sound Transit;

Legislative Building, P.O. Box 40200 Olympia, Washington 98504-0200
 (360) 902-9000 • TTY USERS: CALL 711 • FAX (360) 902-9037
www.tre.wa.gov

The TIF Statute also (39.114.020(2)(b)) states that the project analysis requires a statement as to the property within the TIA that the local government intends to acquire. We note that the parcel the City intends to acquire was not defined in the project analysis.

Figure 2 – Downtown Plan Vision

Source: City of Lakewood

to calculate the TIA's total AV with the County Assessor's office to ensure that the size of the TIA will not need to be reduced, in order to remain below the \$200 million threshold.

We note that in the project analysis' discussion of the "But-For-Requirement", the City included a table that demonstrates expected AV growth between the three scenarios as well as a "No TIF" scenario, which the City estimates would capture 60% less development overall (it is unclear which scenario this is in comparison to). Curiously, despite starting with a lower AV in the TIA in 2024, the "No TIF" scenario ends up with greater AV growth than the Conservative scenario. It is unclear why the starting AV in 2024 is lower in the "No TIF" scenario than in the other three scenarios, as it appears that the "Alliance Residential" project, scheduled to start in 2024, is going to happen in advance of any TIF related construction or acquisitions taking place.

Tax Allocation Revenue Projections

The TIA is expected to take effect on June 1, 2024, with 2025 being the first year in which the City expects to receive tax increment revenues. The term of the TIA is assumed to be 25-years (the maximum allowed by statute) with 2049 being the final year in which tax increment revenues will be received. The City estimates a 2024 tax increment base AV of \$191.6 million and estimates \$769.8 million in additional AV will be added between 2025 and 2049 through new construction. It is unclear if appreciation or speculative development was included in the analysis in addition to the expected new developments. We recommend clarifying this point in the City's project analysis.

Under the TIF Statute, only certain regular levies are available to the TIA. Both parts of the state school levy, local school district excess levies, voted bond levies, and levies of Port districts for bond payments are excluded from the TIA levy rate. The TIA's annual levy rate may change year-to-year based on factors including future incremental increases to the AV of the TIA, future AV of the taxing districts, and relevant levy limits. The project analysis calculated the levy rate for each of these jurisdictions and applied the levy rates to the projected incremental AV within the TIA to calculate the projected tax allocation revenues summarized in Table 2.

The City projects that in the Moderate scenario, \$33.5 million of tax increment revenues will be collected over the 25-year term of the TIA (see Table 2 – Tax Allocation Revenues). This compares to \$45.1 million and \$21.2 million in the Aggressive and Conservative scenarios, respectively.

The project analysis notes that the Alliance Residential project, which is expected to begin construction in 2024, is expected to be subject to an 8-year multi-family tax exemption. However, it is not clear whether this exemption has been factored into the TIA's revenue projections. Based on the information provided, it appears that the AV growth projected to be generated from this project is not being excluded from projections for the 8-year period. Our understanding is that the Alliance Residential project represents approximately 48% of the total expected market value projected to be generated from the private developments in the Moderate growth scenario. As such, we would expect to see a large step-up in revenues in year nine, when the exemption expires. However, the revenue projections in Table 4 don't show a material bump up in year nine. We recommend that the City review the exemption associated with the Alliance Residential Project to determine if adjustments to the TIA's revenue projections are needed. If such adjustments are warranted, it could represent a material change to the revenue projections.

Table 3 – Estimated Financing Scenarios##

	Issue 1	Issue 2	Total
Issuance Date	2026	2029	-
Final Maturity	2045	2048	2048
Project Proceeds	2,000,000	13,000,000	15,000,000
Total Debt Service	3,209,700	20,863,080	24,072,780
Interest Rates	5.00%	5.00%	-#

Source: City of Lakewood

The City’s debt service estimates assume a 20-year amortization per series, with the final maturity of Issue 2 occurring one year prior to the final year of the increment area (2049). We would note, extending the final maturity of Issue 2 to the final year of the increment area (2049) could help reduce annual debt service payments thereby potentially reducing any revenue shortfalls.

Debt Capacity

Based on the City’s 2023 total AV, the City has \$164,289,641 total non-voted debt capacity (1.5% of 2023 AV). Per the project analysis, the City has \$16,437,639 of outstanding non-voted general obligation debt, resulting in \$147,852,002 in remaining capacity. The City projects to have \$132,852,002 of remaining non-voted debt capacity after the issuance of TIA related debt, or 80.86% of total non-voted capacity.

Table 4– Debt Capacity (2025 Issuance)

Assessed Valuation for 2023 Tax Year	\$ 10,952,642,723
Non-Voted Debt Capacity (1.5% of AV)	164,289,641
Less: Outstanding Non-Voted Debt*	16,437,639
Remaining Non-Voted Debt Capacity	147,852,002
Less: Financing Proposed (in total)	15,000,000
Projected Remaining Non-Voted Capacity	132,852,002
Projected Remaining Non-Voted Capacity %	80.86%

Projected Debt Service Coverage

Tax increment revenue is projected to be sufficient to cover debt service for Issue 1 in all years, in each of the three scenarios.

When Issue 2 is included, only the Aggressive scenario shows sufficiency in all years.

The Moderate scenario projects annual shortfalls ranging from \$184,639 to \$62,639 (\$524,195 in total) after Issue 2 debt service begins in 2029 through 2033. However, because of the surpluses before 2029, the Moderate scenario does not develop a cumulative shortfall.

An alternative scenario that assumes a bond structure with five years of interest-only payments was also presented in the “Financial Mitigation” section for the Moderate scenario. This scenario pushes the annual shortfall out five years, with annual deficiencies of \$217,134 to \$44,134 in 2034 through 2036. This strategy lowers the amount of the total shortfall to \$355,402 over the three-year period while increasing total debt service costs by \$1.29 million.

Table 6 – TIF Debt Service Coverage

Year	Aggressive Scenario				Moderate Scenario				Conservative Scenario

Source: City of Lakewood, ECONorthwest

exemption is not factored into the TIA's revenue projections. If this is true, it can be expected that factoring the exemption into projections will materially reduce the TIA's projected revenues, as the Alliance Residential project makes up just under 50% of the total expected market value to be added by the private developments.

Impacted Fire District: The project analysis appears to have conflicting information about the impacted fire district. If the incorrect fire district was included in the project analysis, calculations involving fire district AV and levy rates may need to be revisited.

Fire District AV: The project analysis appears to list the aggregate AV for the West Pierce Fire & Rescue as \$5,577,808,275. However, the Pierce County Assessor's 2023 assessments appear to provide an aggregate AV of \$18,489,641,063. We recommend that the City double check this value for accuracy.

But For Requirement: In the project analysis' "But-For-Requirement" section, the included projections show the Conservative scenario generating less tax increment growth than if the City elects to not form the proposed TIA. The section also shows the "No TIF" scenario having a lower starting AV in 2024 than what is used in the other three scenarios. If our review is correct, we recommend correcting these assumption errors to help improve the City's but-for analysis.

Recommendations

To help ensure the financial success of the project, and to minimize unanticipated costs and risks, we recommend the City consider the following measures:

1. Prior to approving the TIA, we recommend that the City discuss and establish a policy regarding how much debt service it is able and willing to pay from City general revenues and reserves on an annual basis, to offset projected as well as unanticipated tax increment revenue shortfalls.
2. Prior to approving the TIA, we recommend that the City review and clarify whether the 8-year multi-family tax exemption is factored into the revenue projections contained in the project analysis. If not, we suggest amending the projections and resubmitting the project analysis for OST review.
3. Prior to approving the TIA, we recommend that the City carefully review its calculations and confirm the assumptions used to calculate the TIA's total AV, including assumptions related to any tax-exemptions and fire district assessed valuations, with the County Assessor's office and legal counsel. This is important to ensure that the City's TIA is in compliance with statutory requirements limiting the size of the TIA to the lesser of \$200 million in AV and 20% of the City's total AV.
4. Prior to approving the TIA, we suggest that the City clarify whether appreciation or speculative development was included in tax increment revenue projections in addition to the expected new developments.
5. Prior to approving the TIA, we recommend the City coordinate closely with the taxing districts impacted by the project, and the County Assessor's Office, to ensure that all parties have an accurate understanding of how the TIA will impact them and provide sufficient time to work through any concerns.

MEMO

Date: April 26, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Mary Stimson, Finance Director
Melissa Munn, Customer Experience Director

Subject: Markham Investigation and Protection LLC Purchase Order Approval

Over the past six months, there has been a notable rise in both the frequency and seriousness of incidents at the Parkland/Spanaway Library. In response, the Library has taken proactive measures to address these events and mitigate associated risks. Recognizing the need for additional support, we have determined there is a need to implement regularly scheduled security guards at this location to enhance safety for both the library and its patrons.

The Library currently contracts with a security vendor, Markham Investigation and Protection LLC (“Security Contractor”), whom we have been utilizing since 2016 for continuous support of patrolling several libraries that require this service. We are working with the Security Contractor to select their personnel to support our needs. Melissa Munn will provide extensive training on the Library’s Code of Conduct Policy and Library-specific training on how to engage with staff and customers. With the Board’s approval of an extension of the purchase order to include these services, beginning in May 2024, the equivalent of one security guard will be scheduled for all open hours. This will continue for two months, and in July we will evaluate the level of security presence needed and adjust as necessary.

Because the purchase order exceeds \$50,000 and was not included in the 2024 budget, Board approval is required. The contract cost for additional security patrols at the Parkland/Spanaway Library for the remainder of the year is \$137,592. However, should the quantity and nature of incidents improve to indicate this level of security is no longer needed, we will close the purchase order accordingly.

Board Action: Move to approve a purchase order to Markham Investigation and Protection LLC. in an amount not to exceed \$138,000.

Officers Reports

MEMO

Date: April 24, 2024

To: Chair Pamela Duncan and Members of the Board of Trustees

From: Mary Getchell, Marketing and Communications Director

Subject: 2024 Pierce County Library System Marketing and Communications First Quarter Results

The Pierce County Library System’s first quarter of 2024 marketing and communications activities is off to an excellent start showing positive results to inform and engage individuals and encourage their use and support for the Library System’s services, by exceeding nearly all key performance indicators to meet the Library goals for marketing and communications

For news media, we achieved 43 news articles. We sought news coverage and realized many print articles about the Library’s Black stories and voices events and offerings, early learning services, and Read with a Daffodil Princess events.

A significant portion of our communications included engaging the public with the Library System’s new strategic plan and encouraging completing a survey. We employed numerous tactics including web content; collateral print materials (translated the flyer into Spanish and Korean); news media; social media marketing; e-newsletter; sharing with local governments; advertising in print and digital in The News Tribune, targeted digital, Pandora streaming, and KZTM-FM Spanish radio; and a direct mailer to all households in our service area. The paid advertising exceeded industry standards by nearly twice, with click through rates exceeding industry standards by an average of .09%. In all, approximately 3,000 individuals completed the survey, making it statistically significant.

Also, in the first quarter, we communicated the Library’s recruitment for a new member for the Board of Trustees, using online and print assets, news media, social media marketing, e-newsletter, sharing with local governments and chamber of commerce organizations, advertising with KNWN, Spanish radio, and The News Tribune.

The Library System’s first quarter marketing and communications focus featured job and business services, and we used collateral assets—flyers (translated into Spanish, Korean, and Russian), bookmarks, posters, and sandwich boards; KZTM-FM Spanish radio ads; web information; social media marketing; e-newsletter; community marketing; direct mailer to asset limited households; and other tactics to share information.

PIERCE COUNTY LIBRARY SYSTEM

2024 Marketing and Communications Plan

FIRST QUARTER RESULTS, January-March 2024

Overall Evaluation Measures

- Enhance brand awareness and preference for the Pierce County Library System.
- Position the Pierce County Library as the spark for success for residents.
- Bolster the Library’s visibility in Pierce County communities.
- Inspire excitement and build support for and use of the Library’s services.

News Media Stories

- Goal: Maintain or exceed 2023 news coverage.
- Quarter One (Q1) 2023: 50 news articles and 43 media mentions/calendar placements.
- Quarter One (Q1) 2024: 43 news articles and 45 media mentions/calendar placements.

Paid Advertising

Pierce County Library—new strategic plan community engagement, Board of Trustee recruitment, and job and business services marketing and communications focus (January-March 2024)

- The News Tribune print and digital advertisements, new strategic plan:
 - Digital ad impressions (the number of times the ad was served/content displayed to the viewing/listening audience): 319,819
 - Clicks on digital ads: 198
 - Digital Click-through rate (CTR): **.06%. CTR exceeded industry standard of .05%.**
 - Homepage takeover ad impressions: 90,212; 143 clicks; **.16% average CTR, exceeded industry standard.**
 - E-newsletter: 116,407 subscribers; 22,287 views/opens (19.15%); 2,425 clicks (2.08%)
- The News Tribune print and digital advertisements, Board recruitment:
 - Digital ad impressions: 402,186
 - Clicks on digital ads: 245
 - Digital Click-through rate (CTR): **0.06%. CTR exceeded industry standard.**
- Targeted digital website ads, new strategic plan:
 - Impressions: 1,205,940
 - Clicks on ads: 905
 - **CTR: .08%, exceeded industry standard**
- KNWN (AM 1000; 97.7 FM) ads Board recruitment: 32 spots.
- Spanish Radio ads on KZTM-FM, new strategic plan: 72 spots.
- Spanish Radio ads on KZTM-FM, Board recruitment: 72 spots.
- Spanish Radio ads on KZTM-FM, job and business services: 72 spots.
- Pandora, new strategic plan
 - Streaming: 333,000 impressions goal; 336,661 impressions realized; 72,470 reach.
 - Digital ads: 166,000 impressions goal; 185,686 impressions realized; 31,288 reach; **.11 CTR, exceeded industry standard.**

- 18 bus ads, yielding estimated impressions: 7,212,033.
- 12 bus shelter ads, yielding: 546,000 impressions. All in-kind through partnership with Pierce Transit.

E-newsletter

- Goal: Meet or exceed industry standards:
 - Open rate industry standard: 25.17%.
 - 3 e-newsletters to an average of 68,651 active subscribers.
- Average number of e-newsletters opened with each campaign: 44,115; 64.6% open rate.
- **Open rate more than two times higher than the industry standard.**

Social Media Marketing

- Facebook Goal: Maintain or exceed 2023 reach rate and government industry standard of 2.19%. During the majority of the first quarter of 2024, the Library System's Facebook account was still prohibited from boosting posts and placing advertisements, due to the hack to the Library's Facebook account.
- X Goal: Maintain or exceed 2023-engagement rate for Library System and government industry standard of 1.31% engagement rate.

Facebook

- Reach: 7.3%, lower than Q1 2023 (9.4%), **exceeded industry standard.**
- 68 posts reached more than 92,500 people (1,360 average reach/post) with nearly 1,400 engagements (reactions, such as likes), with an average of 20 clicks per post.

X

- Q1 2023: 2.8% engagement rate.
- Q1 2024: 2.4% engagement rate.
- **Exceeded industry standard.**

Work Order Satisfaction

- Goal: 90% of internal staff customers Very Satisfied with Marketing and Communications Department-produced product/service.
- **Q1 Exceeded goal with 94.44% Very Satisfied.**

Which books and films were most popular at Pierce Co. libraries in 2023?

Here's a list

By Rosemary Montalvo

Jan. 31, 2024

To many, the time of going to a library and checking a book out seems like something from the old days since we have access to millions of books now in the palm of our hand.

In today's world it is more common to hear a person talk about having a subscription to reading apps such as Kindle or Audible rather than having a free library card to a local city or county library.

Nonetheless, libraries persist. In fact, millions of physical and digital checkouts happen every year.

Mary Getchell, the marketing and communications director of the Pierce County Library System, said in an email that they saw an estimated 5 million checkouts of books, audiobooks, movies and other materials in 2023.

Of those estimated 5 million checkouts, "2.3 million of those being online e-books, audiobooks and movies and approximately 3 million from books and movies on shelves in libraries. This is nearly 14,000 checkouts a day," Getchell noted.

Here are the most popular adult books, teen/young adult books, children's books, audiobooks, e-books, and movies that were checked out from the Pierce County Library system in 2023.

Adult books:

1. *Lessons in Chemistry* by Bonnie Garmus: 706 checkouts
2. *Remarkably Bright Creatures* by Shelby van Pelt: 608 checkouts
3. *The Wager: A Tale of Shipwreck, Mutiny and Murder* by David Grann: 568 checkouts
4. *Homecoming* by Kate Morton: 553 checkouts
5. *Demon Copperhead* by Barbara Kingsolver: 537 checkouts

Movies on DVD:

1. *A Man Called Otto*: 905 checkouts
2. *Top Gun: Maverick*: 879 checkouts
3. *John Wick: Chapter 4*: 876 checkout
4. *Black Adam*: 844 checkouts

5. *The Super Mario Bros*: 776 checkouts

Teen/young adult books:

1. *The Assassin's Blade* by Sarah J. Maas: 173 checkouts
2. *Crown of Midnight* by Sarah J. Maas: 163 checkouts
3. *Mockingjay* by Suzanne Collins: 150 checkouts
4. *Gilded* by Marissa Meyer: 145 checkouts
5. *Cinder* by Marissa Meyer: 140 checkouts

Children's books:

1. *Dog Man. Twenty thousand fleas under the sea* by Dav Pilkey: 638 checkouts
2. *Diper Overlöde* by Jeff Kinney: 509 checkouts
3. *Guts* by Raina Telgemeier: 434 checkouts
4. *Dog Man : Fetch-22* by Dav Pilkey: 405 checkouts
5. *Diary of a Wimpy Kid. Big Shot* by Jeff Kinney: 402 checkouts

Top five e-book titles borrowed:

1. *Verity* by Colleen Hoover
2. *It Ends with Us* by Colleen Hoover
3. *Spare* by Prince Harry, The Duke of Sussex
4. *Lessons in Chemistry* by Bonnie Garmus
5. *It Starts with Us* by Colleen Hoover

Top five online audiobook titles borrowed:

1. *Fourth Wing* by Rebecca Yarros
2. *A Court of Thorns and Roses* by Sarah J. Maas
3. *Spare* by Prince Harry, The Duke of Sussex
4. *I'm Glad My Mom Died* by Jennette McCurdy
5. *The Covenant of Water* by Abraham Verghese

Opinion

A huge slice of old Lakewood was endangered. The city says saving it is worth the cost

By Matt Driscoll

March 14, 2024

The Big One, a historic Douglas fir tree on display at the Lakewood library from 1965 until it closed to the public in 2022, is wrapped up and ready to be transported to its new home at Fort Steilacoom Park on

Wednesday, March 13, 2024, in Lakewood, Wash. BRIAN HAYES bhayes@thenewtribune.com

James Guerrero has tackled plenty of weird and unusual projects. Once, the 59-year-old architect — a self-described “Lakewood guy” — was hired to draw up plans for a shoreline residence on a steep hillside. His answer: a street-level garage with an accessory dwelling unit tucked underneath, connected via underground elevator to a waterfront home below.

That, as Guerrero told me by phone this week, “was an architectural problem.” His bread and butter. The kind of stuff he’s accustomed to. Guerrero’s latest challenge is just *odd*, he explained, and massive — weighing more than nine tons.

Colloquially, it’s known as “The Big One” — a huge cross-section of Douglas fir dating back to the 1300s.

Forty feet in circumference, it was proudly [unveiled at the Flora Tenzler Memorial Library](#) in Lakewood in 1965, heralded as a prime piece of the largest Douglas fir ever felled (whether the claim is verifiable or not). Previously, the tree it was part of — 238 feet tall, chopped down in 1946, [according to Lakewood lore](#) — had been milled and put on display at Northwest Door Co. in Tacoma.

Recently, [Guerrero and his team](#) were tasked with designing and building a new permanent home for The Big One at [Fort Steilacoom Park](#), where it will be moved on a huge flatbed semi truck this spring.

The scheduled relocation comes almost two years after the Lakewood Library was forsaken by the Pierce County Library System, declared too far gone to be saved and [closed to the public](#). The aging, flat-roofed building is now slated for demolition.

The good news? Earlier this month the Lakewood City Council signed off on an [agreement granting the city ownership](#) of the giant, old log, fair and square. It’ll cost taxpayers at least \$150,000, but Lakewood officials and elected leaders say it’s worth it.

For Guerrero, coming up with a way to safely support and protect The Big One represents a challenge and a hyperlocal honor ... in a very weird way.

“It’s certainly in the top five unique projects I’ve worked on,” said Guerrero, who attended Hudtloff decades ago, back when it was [still a “junior high”](#) and the mascot was still offensive.

“We do get oddball projects on occasion, but this is the first one that’s been *quite* like this,” he told me.

“It’s a pretty impressive piece of wood. I think saving it is worthwhile.”

In this Richards Studio photograph from October 1946 produced for the Douglas Fir Plywood Association, courtesy of Tacoma Public Library’s archives, The Big One is displayed outside the Northwest Door Company at 1203 East D St. Herman E. Tenzler, president of the company, later relocated the huge slice of timber to the Flora B. Tenzler Memorial Library in Lakewood, which was named in honor of his late wife. *TPL/Richards Studio*

PRESERVING THE BIG ONE

Playing a small role in helping to relocate The Big One is a strange job that Guerrero, who opened up a small architectural shop in Lakewood in 1992, is taking seriously.

Using technical terms, Guerrero told The News Tribune that plans call for a giant plinth — or “concrete pedestal” — to be erected at Fort Steilacoom Park, designed to hold the 20,000-pound chunk of old-growth timber in place.

Since the display will be outside — along the trail to Waughop Lake — a picnic-style structure will be built to provide cover, Guerrero indicated.

The historical artifact will also be coated in a hard, clear sealant, he said, and a fence will be installed to help prevent damage and vandalism.

For some Lakewood residents, that last part — *protecting a piece of a proud city's history* — is what's important, and why tempers have flared over the last two years in a city of roughly 60,000 people.

BUY NOW

The Pierce County Library System's apparent disinterest in preserving The Big One— after the regional agency shuttered the local branch, offering only [promises for the future in return](#) — has rubbed some residents raw, acknowledged Mary Dodsworth, Lakewood's director of parks, recreation and community services.

As Pierce County Library spokesperson Mary Getchell put it this week, the agency has worked for more than a year to find a taker for the old log and “has never been in a position to preserve artifacts, including the Douglas fir slice.”

That much has been clear since the start, and some in Lakewood have taken note, Dodsworth said. Given the likely alternative — the demise of The Big One — she told me this week that the city's only choice was clear.

The library is paying to move The Big One, with late April as a target.

Financially, everything else falls on the city, Dodsworth said. She traced conversations regarding a potential transfer of The Big One back to 2022.

Getchell described Pierce County Library System as “very happy” with the deal.

The eventual price tag for relocating The Big One could approach \$250,000, Dodsworth indicated.

“The city said, ‘If you're going to just disregard it, we'll take it and we'll protect it’ — not really knowing what that meant. ... You can't just roll it somewhere. You can't just prop it up on a stick,” Dodsworth told me.

“The library made it clear that they didn't have intentions of moving it to a new location. They didn't know what they were going to do,” she continued. “It's important to our community. So the city stepped up.”

Besides the modest paycheck The Big One provides, Guerrero described helping to relocate the old log as meaningful — on a personal level.

The artifact has been part of his life since childhood, he said with a slight nostalgic pang after some prodding, looming in the background of countless book reports and school research projects over the years.

Like most who grew up in the area, Guerrero gazed at its enormity and marveled at the dates marked in its rings, he told me.

According to Dodsworth, who has worked in Lakewood for more than two decades now, that's precisely why saving The Big One matters.

The Big One, a historic Douglas fir tree on display at the Lakewood library from 1965 until it closed to the public in 2022, is wrapped up and ready to be transported to its new home at Fort Steilacoom Park on Wednesday, March 13, 2024, in Lakewood, Wash. Brian Hayes bhayes@thenewstribune.com

“We might not agree on a lot of things in this world, but I think a lot of people in this community agree on open space and trees and beauty. We have this beautiful piece of wood — an amazing historic artifact — and we have the ability to keep it around for a while,” Dodsworth argued.

“If you don’t appreciate your history, it just disappears. It’s gone,” she told me.

“I’ve seen the log. I know the log. I love the log. It means a lot to different folks in this community.”

Listen to Black stories and voices with Pierce County Library

Pierce County Library System, Feb. 9, 2024

Celebrate Black stories and voices with the Pierce County Library System this February. Discover enrichment activities including classes and events, specially curated booklists and informative displays during Black History month.

Black stories and voices are a critical part of a shared history. This month, the Pierce County Library celebrates with the community and highlights the many fascinating stories in Black heritage and culture, most of which can be found on library shelves.

Pierce County Library hosts its eighth annual Black Voices in the Arts series, an African-American Read-In program, showcasing artists in written word, art and film. Events include:

Black Voices in the Arts Author Panel with Bonita Lee and Katharine Threat

Enjoy a conversation with local authors Bonita Lee and Katharine Threat. For teens and adults.

Copyright © 2024 · The Suburban Times · [Log in](#)

Tuesday, Feb. 13, 5:30-6:30 p.m.

Watch the documentary "Since I Been Down," followed by a virtual Q&A with the film's director, Gilda Sheppard, PhD. For teens and adults.

Friday, Feb. 16, 2:30-5:30 p.m.

Parkland/Spanaway Pierce County Library, 13718 Pacific Ave. S., Tacoma

Saturday, Feb. 17, 1:30-4:30 p.m.

Orting Library Pierce County Library, 202 Washington Ave. S.

Black Voices in the Arts Community Art Workshop and Read-In

Join a collaborative art project to recreate a library painting by a famous Black artist. All ages.

Tuesday, Feb. 20, 4-5:30 p.m.

Summit Pierce County Library, 5107 112th St. E., Tacoma

Black Voices in the Arts Virtual Author Panel with Bonita Lee and Anastacia- Renee

Experience a virtual author panel with authors Anastacia-Renee and Bonita Lee. For teens and adults.

Wednesday, Feb. 28, 4:30-6:30 p.m.

Virtual Pierce County Library – Registration required for link.

Additional events honoring black culture will be held at Pierce County Library locations throughout the community. Classes include:

A Very Boseman Black History Month

Watch some of late actor Chadwick Boseman's most iconic movies. Ages 13 and over.

Tuesday, Feb. 13, 5-7:15 p.m. Showing "42: The Jackie Robinson Story."

Tuesday, Feb. 27, 5-7:15 p.m. Showing "Black Panther."

University Place Pierce County Library, 3609 Market Place W., Suite 100

Style, Culture, Streetwear – Exploring the evolution of streetwear

ETC Tacoma's Umi Wagoner talks about streetwear, its history and its position at the intersection of fashion and culture. For adults.

Saturday, Feb. 17, 3-4:30 p.m.

University Place Pierce County Library, 3609 Market Place W., Suite 100

Quilt Exhibit with Freddie Smith

African-American textile artist Freddie Smith displays a collection of her beautiful quilts and shares how she has been turning fabric scraps into works of art. All ages.

Monday, Feb. 26, 3-6 p.m.

Parkland/Spanaway Pierce County Library, 13718 Pacific Ave. S., Tacoma Pierce County Library will also partner with the Museum of Glass for the National

Endowment for the Arts Big Read "Homecoming" by author Yaa Gyasi. The Big Read will kick off **Thursday, Feb. 15, at 5:30 p.m.** in the Grand Hall at the Museum of Glass at 1801 Dock St, Tacoma.

A conversation with Gyasi will also be held **Thursday, March 7, at 7:30 p.m.** at the Schneebeck Concert Hall on the campus of the University of Puget Sound at 1500 N. Warner St, Tacoma. In support of the Big Read, the Library System will offer book discussions and writing workshops as further enriching cultural immersions.

Continue to deepen an understanding of the Black experience with curated booklists for all ages featuring poetry by authors Amanda Gorman and Maya Angelou, remarkable nonfiction from Trevor Noah and the late John Lewis and popular fiction titles by Bryan Washington, Zadie Smith and more,

available in book, e-book and other formats.

Read With the Daffodil Princesses at Pierce County Libraries
By LocalTalk Contributor

The Daffodil Princesses will visit several Pierce County Library System locations this spring to read with children. Members of the Daffodil Festival's Royal Court will read a story and be available for photos with children ages 3-6.

"This event is an example of how libraries bring the magic of reading to children," said Pierce County Library Executive Director Gretchen Caserotti. "Through this literacy partnership, the princesses transform reading into an enchanting experience. It's a wonderful way to spark a love for reading in the hearts of the youngest readers."

MEMO

Date: April 30, 2024

To: Chair Pamela Duncan, and Members of the Board of Trustees

From: Dean Carrell, Foundation Director

Subject: Library Giving Day 2024

Library Giving Day began in 2019 as a Washington State-based collaborative initiative between Seattle Public Library Foundation, King County Library Foundation, and the Pierce County Library Foundation.

On April 3, 2024, and now in its sixth year, the Pierce County Library Foundation participated in this international fundraising and advocacy campaign in support of public libraries by leaning into the growing trend in the world of non-profits that “collaboration is the new currency.”

Pierce County Library Foundation proposed a collaborative campaign with Tacoma Public Library Foundation and Puyallup Public Library Foundation to elevate the work of all of our public libraries in the South Sound region, specifically Pierce County. Together, we pooled marketing costs and expanded our advertising reach with a collaborative and unified message in support of our three public libraries, and retaining our own financial and strategic goals.

Here are a few statistics of Library Giving Day 2024:

Goal

- To raise \$50,000 utilizing \$10,000 in matching gifts

Results

- Raised \$33,813 from 211 donors (as of today), a significant decrease from 2023.
- 50% of donations came from Tacoma, University Place, and Gig Harbor, representing approximately 69% of funds raised

A joint debriefing meeting is scheduled with Tacoma Public Library Foundation and Puyallup Public Library Foundation later in May. Still being explored are some factors being attributed to this year’s decrease over last:

- Several competing end of fiscal quarter fund drives by other non-profits
- Distractions due to Spring Break vacations
- Tax climate: there exists a decreased incentive for lower-tiered gifts
- Evidence is showing a perceived cautious response to the economy rather than what fiscal indicators actually are
- Run-up to a general election in November

Subject: 2024 All Staff Day Recap

Feedback from the 2024 All Staff Day Survey shows overall success. In the Board packet, find a 3-page summary of post-event survey results, with staff highly valuing spending time with colleagues.

The day kicked off with a welcome address by Executive Director Gretchen Caserotti, followed by a keynote presentation by Angela Sanchez, a published author, cartoonist, education advocate, and first-generation Latino college graduate. Sanchez, also an amateur magician, shared her experience being unhoused as young person and the role libraries played in providing refuge and resources.

A panel of five community service providers then showcased their efforts, often in collaboration with the Library System, to connect individuals with essential services. Panelists included Kelly Brickhouse from Workforce Central, Laurie Davenport from Tacomaprobono, Delmar Algee from Pierce County Health Services, Tori Skinner from Goodwill of Olympics and Rainier, and Sandra Cavillo from Worksource Pierce.

Following the panel, consultants from the Coraggio Group asked for staff input on the Library System's values for strategic planning. This input will inform a situation assessment report, guiding the first draft of the strategic plan by the Core Planning Team. The draft will go through internal and Board stakeholder review. The Leadership Team will process additional staff feedback that doesn't fit into the strategic planning process to identify key themes and respond appropriately.

Throughout the day, staff engaged in activities such as capturing moments at the Staff Experience photo booth, contributing to an appreciation wall, and using a quiet room for low-stimulation breaks. Lunch and snacks were provided. The day concluded with staff discussions on various topics and participation in team-building exercises.

Special acknowledgment is extended to the All Staff Day Planning Team, led by Jamie Martin, Customer Experience Administrative Coordinator, for planning and delivering a thoughtful, organized, and impactful event.

From: Chrissy Knoelke, Regional Services Manager

Subject: National Library Workers Day

During the week of April 9th, the Library recognized staff in celebration of National Library Workers Day. A subgroup of the Culture Forward Team thoughtfully planned fun events and celebrations throughout the week for this event. The Library budgeted \$10 per employee for supervisors to purchase snacks/treats or something that might help boost morale and build camaraderie amongst teams. Supervisors led and coordinated the local celebrations with staff. The subgroup also sponsored a photo booth at All Staff Day so that staff could take photos with colleagues or teams.

Library visitors were given an opportunity to share their appreciation by recognizing staff. We asked our communities to share their stories and kudos of the great work they had seen happening in our libraries (thankyou@piercecountylibrary.org). This information was shared directly with the subject(s) of praise.

Subject: Friends of the Library Connection and Strategic Planning Engagement

The Library hosted its annual spring Friends Connection, a gathering of all Pierce County Library System Friends of the Library organizations, on Saturday, March 23, 2024.

This year's Connection provided an important opportunity to engage with the Pierce County Library System's 17 Friends of the Library organizations as part of the strategic planning process. Deputy Director Connie Behe provided an overview of the strategic planning process, timeline, framework, and stakeholder engagement. Through a facilitated activity, Friends of the Library leadership and representatives shared their experiences and perspectives as Pierce County Library System partners, volunteers and customers.

The information gathered from this and other strategic planning community engagement is important in building a broad understanding of the Library's opportunities and challenges to inform the new strategic plan.

We appreciate Friends of the Library leadership and members for their ongoing commitment and contributions in support of library services throughout Pierce County. As the Library plans for the future and implements a new strategic plan, we look forward to our continued partnership with the Friends of the Library organizations.

MEMO

To: Chair Pamela Duncan and Members of the Board of Trustees

From: Mary Getchell, Marketing and Communications Director

Subject: Library Services and Marketing and Communications Assets for Visually Impaired

The Pierce County Library System offers a range of services tailored to meet the needs of visually impaired individuals. These include audiobooks, digital audiobooks, videos with recordings, digital videos with recordings, as well as diverse classes and events available both in-person at libraries and online. From early learners enjoying story times and block play to teenagers participating in teen councils, and adults attending author events and other cultural and educational gatherings, the Library ensures services are available for all.

Currently, the Pierce County Library employs a variety of external channels and tactics to inform and engage visually impaired individuals with and drive their use and support for the Library System's services including:

- Website, with links to video/audio recordings.
- Videos with audio recordings.
- Community marketing, with organizations and businesses sharing Library information.
- Social media marketing, with video/audio recordings.
- Streaming/recorded events.
- PowerPoint presentations; presentations, presented orally.
- Pandora advertising, streaming recordings.
- Radio advertising, KZTM-FM Spanish radio.
- Radio sponsorship advertising, NPR-KNKX.
- Radio advertising, KNWN-FM (AM 1000, FM 97.7), KPLZ-FM (101.5).
- Media relations: news stories on radio, TV, streaming.
- Community relations: participating in person at community events.

Also, the Library System's Information Technology Department is engaged in an accessibility audit of its public-facing websites and of the public-facing components of the Library System's digital service interfaces with external vendors, such as Overdrive. The purpose of this audit is to test the usage of these sites with assistive technologies and to ensure that their usability is maximized when individuals with disabilities interact remotely with the Library's services.

As part of the audit, the Library System explored best practices from other library systems in their approach to providing accessible platforms. Also, we arranged one important test of the changes triggered by the audit to include working with a community organization whose members have disabilities or use assistive technologies to test the improvements to our sites and provide feedback on them. After this initial audit is completed in summer 2024, the Library System will have a regular process of accessibility reviews and specific standards of compliance expected with all vendors.

From: Clifford Jo, Business & Compliance Director

Subject: Manitou Annexation to City of Tacoma

City of Tacoma has finalized its annexation of a neighborhood called Manitou, which was surrounded by the cities of Tacoma and University Place. Manitou is a 37-acre community in what is colloquially known as an “unincorporated island” which are few in number. In the works since late 2021, the annexation is effective on April 1, 2024.

There are two impacts to the Library:

1. **Residents in this area remain eligible to use and sign up for our library cards.** Upon annexation, those cards, and any new ones, will need to be converted over to reciprocal borrowing cards. Residents can continue to use our services as well as the Tacoma Public Library, so there is no net impact to any of our cardholders in Manitou.
2. **The affected neighborhood will cease property tax payments to the Library beginning in 2025.** My estimate is a loss of between \$11,000 and \$23,000 per year (the total of which won't be known until September). However, in talking with our contact at the Office of the Pierce County Assessor-Treasurer, there will only be a nonfinancial, indirect impact to us.

When property is annexed out of a taxing district, such as Manitou, tax rules affect the mill rate, not the property taxes. The \$11,000 to \$23,000 of property taxes will be spread over to the other property owner in our taxing district. This is an outcome of how levy certificates work, because taxing districts certify the total value of the taxing district and not individual property owners.

There is nothing we do about this—it just happens. The result is a tiny uptick in our mill rate, currently at 33.8 cents per \$1,000 of assessed property values. The increase is nearly immeasurable: on the order of around +0.00000001. Property owners in our taxing district will see a tiny uptick in their property taxes; by my calculation, it will be a few cents for the average home.
