

# Could your child benefit from medical or behavioral resources?

## We can help.

**Our Children and Youth with Special Health Care Needs (CYSHCN) program can help connect your child with:**

- Health insurance (Medicaid/Apple Health).
- Primary or specialty care.
- Clinical therapy:
  - Physical, speech, and occupational therapy.
  - Applied Behavioral Analysis (ABA).
- Early Support for Infants and Toddlers (ESIT).
- Family support:
  - Parenting groups and classes.
  - Peer socialization groups.
- Programs that help with Individual Education Plan (IEP) or 504 Plan.
- Application help for:
  - Developmental Disabilities Administration (DDA).
  - Supplemental Security Income (SSI).
