- b. Approval of June and July Payroll, Benefits, and Vouchers
- c. Resolution 2026-07: To Declare Furnishings and Equipment Surplus to Public Service Needs

5. EXECUTIVE DIRECTOR REPORT

6. FINANCIAL REPORTS (May and June)

7. NEW BUSINESS

- a. Donations and Sponsorships Policy – Discussion
- b. Fiscal Management Policy – Discussion
- c. Approval of Purchase Order for Three HVAC Unit Replacements **[ACTION]**
- d. Approval of Purchase Order for Solar Panel Installation **[ACTION]**

8. MANAGEMENT REPORTS: *Informational updates*

- a. Library Trends – Convenience Without Compromise and The Flexible Library
- b. Strategic Implementation Plan Quarterly Update
- c. WA State Archives Digitization Grant

9. CLOSING COMMENT

10. ADJOURNMENT [ACTION]

Presentation

MEMO

Date: July 29, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Tim Sage, Regional Services Manager; Jessica Widmer, Regional Programs & Services Supervisor; Robert Baumle, Library Operations Supervisor

Subject: Parkland/Spanaway Library Presentation

On behalf of the Parkland/Spanaway Region staff, we look forward to welcoming you to our branch for the upcoming Board of Trustees meeting and sharing a brief overview of the Parkland/Spanaway Library. Following the meeting, staff will be happy to provide trustees with a tour.

MEMO

Date: July 27, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director
Kristina Cintron, Facilities and Capital Projects Director

Subject: Comprehensive Capital Plan Report (CCP) Presentation: Parkland/Spanaway, Summit and Orting

At the August Board of Trustees meeting, staff will provide a presentation to guide the trustees through the recommendations made by Gensler and Associates, covering the branch profiles for the Parkland/Spanaway, Summit and Orting libraries.

MEMO

Date: July 28, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Mary Stimson, Finance Director

Subject: Comprehensive Capital Planning Presentation: Funding Tools

Morgan Shook, Partner and Senior Policy Advisor at ECONorthwest, will provide an overview of funding mechanisms available to Washington library districts, review the report's recommended capital investment phases, and discuss considerations for future capital planning and financial sustainability.

Consent Agenda

1. **CALL TO ORDER:** Board Chair Neesha Patel called the meeting to order at 3:32 pm. and Trustees Pamela Duncan, Pat Jenkins and Abby Sloan were in attendance. Vice-Chair Ryan Wheaton joined the meeting at 3:39 pm. The meeting was conducted in person at the Administrative Center, with a remote attendance option.
2. **PUBLIC COMMENT:** Comments were submitted by Jen Edwards and Andrelyn Izquierdo.
3. **PRESENTATION**
 - a. Comprehensive Capital Plan: Sumner, Bonney Lake, Buckley: Executive Director Gretchen Caserotti shared detailed information and recommendations for the three locations as part of the ongoing review of the Library System's building portfolio.
4. **CONSENT AGENDA [ACTION]**
 - a. Approval of Minutes of May 13, 2026, Regular Meeting
 - b. Approval of May Payroll, Benefits, and Vouchers

Trustees Sloan and Wheaton moved and seconded approval of the consent agenda. All in favor. Motion carried.

5. EXECUTIVE DIRECTOR REPORT

Executive Director Caserotti commented on the Library's Passport to the Tournament program and its connection to the 2026 Men's World Cup. She noted, in response to questions about solar panels referenced in the report, that the information was recent and related to grant funding from the Department of Enterprise Services. Additional information will be provided at a future meeting.

6. FINANCIAL REPORT

Finance Director Mary Stimson reported receipt of the first large property tax payment for April and noted successful navigation of first-quarter cash flow constraints. General Fund expenditures were reported as being approximately 25% in most areas, consistent with expectations for the first quarter. She also reported on recent Finance Department work, including attendance at a Munis conference to improve enterprise resource planning systems, engagement with University of Washington Tacoma accounting students regarding governmental finance, and an eight-week sprint to conduct a SWOT analysis of current budget practices. Updates on the SWOT analysis will be provided in August.

7. UNFINISHED BUSINESS

- a. Trustee Vacancy Update: Executive Director Caserotti summarized the trustee selection process and recognized the time and contributions of the selection panel. The panel recommended that the Pierce County Executive appoint Tono Sablan to the Board for a term beginning August 6, 2026. Trustees noted that the candidate pool was strong and expressed appreciation for the process.

Trustee Wheaton was excused at 4:20 pm.

- b. Knowledge-Based Decision-Making Training Update: Executive Director Caserotti reported that a consultation call was held with the consultant to discuss the Library System's needs and potential scope. The proposed option was a 90-minute virtual consultant-led workshop, with trustees and administrative team members attending in person, at an estimated cost of \$4,500. Discussion ensued on the potential value of the training, relevance to future complex decisions regarding facilities, funding, and service impacts. Trustees also discussed stewardship of public funds, whether current Board processes already provide sufficient information and structure for decision-making, and whether free or self-guided materials could be used instead. Executive Director Caserotti explained that the proposed framework is intended for major or complex issues and would help to document considerations, support transparency, and align staff and Board decision-making. Discussions will continue and future options considered.

8. NEW BUSINESS

- a. State Auditor's Office 2025 Annual Report: Director Stimson reported that the Library System timely filed its 2025 annual report with the State Auditor's Office.
- b. 2024 Financial Statement and Accountability Audit Update: The 2024 audit has closed, and the Library received a clean audit opinion with no material weaknesses. Trustees congratulated the Finance Department and staff for the work required to achieve a clean audit.
- c. 2027 Budget Development Timeline: Director Stimson presented the 2027 budget development timeline. Board engagement points were identified in the timeline.

9. MANAGEMENT REPORTS: Trustees noted voter turnout information may be useful to include in future election results reports.

10. TRUSTEE RECOGNITION: The Board recognized Trustee Abby Sloan for her service. Trustees and staff expressed appreciation for her engagement, commitment to libraries, focus on staff and community service, and contributions during her term. Trustee Sloan reflected on her goals and experiences as a trustee, including support for welcoming library spaces, access for all community members, elimination of fines, and the value of community service.

11. CLOSING COMMENTS: Summer reading, Pride Stories and Voices programming, a partnership with Pierce County Human Services to provide water and other essentials during an upcoming heat event, and free summer meals available through partnerships with local school districts and MultiCare Mary Bridge were highlighted.

Chair Patel asked trustees to continue considering the proposed knowledge-based decision-making training, including the potential benefits of alignment between the Board and administrative team.

12. EXECUTIVE SESSION

At 5:02 pm, the Board recessed into Executive Session for 10 minutes to discuss the periodic evaluation of a public employee, as allowed by RCW 42.30.110. The regular meeting was called back to order at 5:12 pm.

13. ADJOURNMENT

Trustees Sloan and Jenkins moved and seconded for adjournment. All in favor. Motion carried.
The meeting adjourned at 5:14 pm.

Gretchen Caserotti, Secretary

Neesha Patel, Chair

MEMO

Date: July 30, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Kristina Cintron, Director of Facilities and Capital Projects
Brian Lee, Director of Technology

Subject: Technology and Facilities Surplus and Recycling

Facilities and Equipment

The Library needs to dispose of some low-value items and equipment that have reached their end-of-life. The PCLS Facilities team continues to carry out regular surplus efforts in keeping with our obligation to maintain our facilities and be responsible stewards of taxpayer money as well as our environment.

Background: Facilities furnishings and equipment, valued at \$50 or more and in good working order, are sent to the Department of Enterprise Services (DES) for surplus resell at auction. Due to the age, condition and estimated value of the remaining equipment, PCLS recommends that the remaining items be recycled.

Inventory Removal Mechanism: With Board's approval, high-valued items will be surplusd through DES, while remaining equipment will be recycled through a DES-recognized recycling program.

See attachment for details.

Technology

The Library surpluses high value items and recycles low value technology items to reduce no longer needed assets. Staff have identified technology to surplus or recycle that was either at end of support from the manufacturer, or damaged and unusable.

Equipment valued at \$50 or more and in good working order is sent to Department of Enterprise Services to be sold in an auction. Due to the age, condition and estimated value of the remaining equipment, these items are recycled through Green PC. In either case, the Board must declare the items as surplus.

See attachment for details.

ACTION: Move to approve Resolution 2026-07 regarding the surplus and recycling of the technology equipment, furnishings, supplies, & equipment, as presented.

RESOLUTION NO. 2026-07

**A RESOLUTION OF THE BOARD OF TRUSTEES OF THE
PIERCE COUNTY RURAL LIBRARY DISTRICT
TO DECLARE FURNISHINGS AND EQUIPMENT
SURPLUS TO PUBLIC SERVICE NEEDS**

WHEREAS, the Pierce County Rural Library District (“Library”) has identified items of furnishings and equipment to surplus, and

WHEREAS, unless otherwise noted, each item has an estimated value of less than \$50.00 and is of no further need for public or administrative service, now, therefore,

**BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE PIERCE COUNTY
RURAL LIBRARY DISTRICT THAT:**

The item(s) on the attached list(s) be declared surplus and disposed, including but not limited to being sold at public auction and as trade-in value toward replacement.

PASSED AND APPROVED THIS 11th DAY OF AUGUST, 2026.

BOARD OF TRUSTEES, PIERCE COUNTY RURAL LIBRARY DISTRICT

Neesha Patel, Chair

Ryan Wheaton, Vice-Chair

Pat Jenkins, Member

Pam Duncan, Member

Tono Sablan, Member

Executive Director Report

MEMO

Date: July 27, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director

Subject: Executive Director Report – June and July 2026

This Executive Director report covers activity from the June regular Board meeting through the August regular Board meeting, as the July Regular Meeting was cancelled.

Starting this reporting period, the [June 2026 Economic and Revenue Forecast](#) was issued for Washington State which is worth monitoring. Washington's economy appears weaker than anticipated, with employment growth slowing and state revenues modestly below forecast. The situation is not a recession signal, but an early indicator that public agencies should monitor state revenue forecasts, inflation, and labor market trends closely. For the Library, the immediate risk is limited but continued weakness affects state funding, community partner stability, and the broader fiscal environment in which local governments, including public libraries, operate.

In preparation for Trustee Tono Sablan's first regular meeting in August, the Executive Office updated new trustee orientation materials for onboarding. Welcome, Trustee Sablan, and congratulations on your appointment to the Library Board of Trustees.

Community Highlights

The Library released its final [2025 Annual Report to the Community](#), highlighting systemwide progress, strategic alignment, financial stewardship, and meaningful impact across the communities we serve. This year's report is digital only. To support community awareness of the Library's 2025 accomplishments, the Marketing and Communications Department is promoting the report through multiple channels, including digital and print advertising in *The News Tribune* and inclusion in the July e-newsletter. The Foundation will also share the report with donors.

Library staff and the Foundation participated in Pride events this summer, including Tacoma Pride on Saturday, July 11 and Puyallup Tribe Pride festival on July 25. This marked the Foundation's fourth year sponsoring the Library's booth and providing library Pride stickers to the community. The booth offered stickers, button-making supplies and conversations with visitors, including adults, who were excited to learn that Summer Reading is open to readers of all ages. These interactions reinforce the Library's role in creating welcoming and inclusive spaces and experiences where people of all ages feel seen and invited to participate.

Beginning July 6, 2026, the customer holds limit for digital materials in Libby was reduced from 25 to 10 items. This change better manages digital collection costs, aligns with peer libraries, and improves overall access to e-books and audiobooks by reducing excessive hold activity. Only a small number of high-volume users are expected to be affected.

The Library is implementing changes to Ready for Books, its early learning outreach service for childcares centers, and preschools throughout Pierce County. Beginning in fall 2026, a new [application](#) and prioritization process will expand access to book bins, increase outreach-supported programming, and create a more consistent framework for determining service levels. Eligibility and prioritization will be guided by equity criteria, so resources are directed to communities with the greatest need. These changes are intended to improve clarity for customers, strengthen service consistency, and enhance the Library's ability to support early learning organizations across the county. Customers can find information about Library services for childcares and preschools and apply for Ready for Books online.

Library staff maintained strong visibility during the busy summer season, including Sumner Region staff participation in Sumner's Rhubarb Days Festival on June 20 and 21, University Place participation in the Duck Daze parade, and outreach at summer reading and community events across Pierce County. In early July, the Library launched a new Street Medicine pilot in partnership with the Tacoma-Pierce County Health Department (TPCHD), joining other partner services offered at the Library. These partnerships strengthen the Library's role as a trusted community resource hub by connecting people with resources and services, building a stronger network of support, and advancing individual and community well-being. The pilot was made possible through the Library's strengthened relationship with TPCHD and the collaboration of the Community Engagement and South Hill Regional teams. Their work brought this service to the community, connected new visitors with library cards, programs and services, and demonstrated the impact the Library can have through strong partnerships.

Summer Reading 2026 Mid-Season Update

At the midpoint of the summer, over 6,000 books have gone home with children and teens to help build home libraries in Pierce County, and more than 2,500 children and adults have completed a Summer Reading challenge. Staff have also connected with youth at summer meal sites, apartment complexes, food banks, low-income childcare sites, YMCAs and other community locations.

Participants and partners have shared stories that illustrate the reach and impact of Summer Reading:

- On a multicultural night at Tillicum Elementary, Library staff promoted the summer program. Two sisters were highly motivated to participate when they received a pair of terrifying tales to help them get started. The two kids, ages 5 and 7, were adamant they would read and not be scared by Louise Hung's *Hungry Bones*. After taking it in hand, the 7-year-old sister clutched it tightly for the next hour and a half.
- Some giveaways were shared with the Family Advocacy Program at Joint Base Lewis-McChord. These families are working through circumstances of interpersonal violence. Counselors have shared that "the kids 'light up' when they get to choose their own book."
- A 71-year-old woman attending one of our reptile programs admitted that she didn't have any kids but had always dreamed of holding a snake. She was delighted when she held not one but two snakes!
- Three sisters are reading a series of books together and created their own book club to chat about the books.

<i>A teen's completed activity log featuring books read, and they used the Libby App</i>	<i>Jeff Evans amazed a young crowd at the Fife Library with his Science Magic event on Friday, July 10. The kids enjoyed magic tricks while also learning the science behind them.</i>

Organizational Highlights

The Library welcomed Jaire Winesberry as the new Marketing and Communications Director in July. Jaire is a communications professional with more than 15 years of experience helping organizations connect with the people they serve, with expertise in communications strategy, public-sector engagement, user experience and digital content leadership. A U.S. Army Veteran born and raised in Pierce County, Jaire used the Lakewood and Steilacoom libraries frequently while growing up. He brings a community-centered focus, vision and energizing ideas for connecting the Library to diverse communities across the county.

The Administrative Team is aligning 2027 budget development, strategic plan implementation, and the annual operational work plan into one coordinated planning process. This is the first time these essential threads have been woven together during my tenure, and it will strengthen organizational focus, accountability, and resource alignment.

After several years with limited volunteer opportunities, the Library is preparing to launch a robust volunteer model supported by Better Impact, the new volunteer management software. The new model shifts the focus from transactional, task-based activities such as cleaning books or shelf reading to relationship-based engagement that builds human connections, supports development of job-transferable skills, and helps volunteers feel invested in the Library's mission and work. Board service will also be captured into the new system, and Trustees should alert staff when they represent the Library in the community.

Beginning July 1, Washington public libraries became exempt from sales and use tax on certain retail services, including information technology services, custom website development, temporary staffing, security services and certain software-related services. The original law passed several years ago to enact new taxes on these services for nearly all private and public entities, and we thank the Legislature for amending the law to now exempt libraries. The Finance department has implemented the new Department of Revenue exemption form and updated purchasing and invoicing processes, helping the Library reduce costs and maximize public resources in alignment with Strategic Plan Goal 4.

Facility and Capital Projects

The New Sumner Library project continues to move through the public bidding and procurement process. Staff will provide the Board with a status update, including bidding results, schedule implications, and next steps, as information is finalized.

Executive Director Community Engagement

This summer I am continuing biannual presentations to city councils across the Library's service area, including Sumner, Lakewood, Milton, Edgewood, Gig Harbor, DuPont, University Place and Orting, as well as the annual presentation to the Pierce County Council.

I also met and connected with Pierce County Councilmembers Cruver, Herrera, and Morell as part of ongoing relationship-building and communication with elected officials. Invitations and written correspondence have been sent to all state legislators in Pierce County to visit library branches, observe library programs, and connect to discuss matters impacting public libraries in their service area.

I was appointed to the Pierce County Arts Commission and attended orientation in July. I look forward to serving the county by helping connect the broad umbrella of the arts with the many ways the Library contributes to community life.

Looking Ahead

The Pierce County Auditor's Elections Division has shifted voter services toward expanded support at Vote Centers, reducing the scope of election services provided in library branches. The Library will continue to provide election information, assistance accessing the state's online voter portal, ballot printing from that system, and referrals to Vote Centers and ballot drop boxes. Library branches will maintain regular operating hours on election days and will not offer extended hours for election-related services. The change applies to the August Primary and November General elections and reflects Pierce County Elections' efforts to align resources with election requirements while maintaining voter access.

Public Services Report

**Pierce County
Library System**
Information & Imagination

Library at a Glance: June 2026 YTD Key Performance Indicators

Cardholders 360,042 ↑ +6%	YTD Users - Physical 768,493 ↑ +3%	YTD Circulation - Digital 1,406,219 ↑ +4%
YTD Circulation - Physical 1,109,150 ↑ .29%		

The percentage change is a comparison of YTD from prior year 2025. Physical circulation includes renewals.

June 2026 Service Highlights

Language Literacy

The Library's language literacy services help community members achieve their language goals through free learning opportunities and access to Library and community resources. Whether learning English, maintaining a heritage language, or exploring a language and culture for travel, customers have access to trusted resources that help them build the skills and confidence needed to communicate effectively in work, school and daily life.

These services also strengthen community relationships through opportunities such as volunteer-supported Talk Time conversation groups, where participants practice language skills while building meaningful connections and a sense of belonging.

Through human-centered language-learning programs, community partnerships, digital resources and multilingual collections, the Library expands equitable access to language learning, advances literacy, and reinforces its role as a welcoming and inclusive place for all Pierce County communities.

Statistics

- **134** English Language Literacy (ELL) programs
- **1625** ELL program participants
 - **1099** - Virtual Talk Time program participants
 - **526** - ELL class attendees (classes provided through collaboration with Tacoma Area Literacy Council (TALC) at Parkland/Spanaway Pierce County Library)

7,450 lessons completed in online Mango Languages
20,807 World Language materials circulated, including magazines, books and films

Stories of Impact

- A Virtual Talk Time participant who requested additional language-learning resources shared the following after receiving support from Library staff:
"I really appreciate you taking the time to send such detailed and thoughtful information, as well as your kindness and support. Talk Time has also been very helpful for me, not only for practicing English but also as a space where I feel comfortable sharing my thoughts. I'm very grateful for it."

Looking Ahead

Events to Know About

Knit (or Crochet) Together - Craft and chat with other creative people

- Tuesday, August 18: 3:30pm - 5:00pm; University Place

Conversations on Caregiving - A Health and Wellness Program

- Wednesday, August 19: 1:00pm - 2:00pm; Eatonville

Reimagine Your Lawn - A Science and Sustainability Program

- Wednesday, August 19: 2:00pm - 3:00pm; Gig Harbor

Find Medicare Answers with SHIBA - A Health and Wellness program

- August 20: 1:00pm - 3:00pm; Orting

Street Medicine Service - Provided by Tacoma-Pierce County Health Department

- Friday, August 21: 10:30am - 3:30pm; Parkland/Spanaway

Summer Spa Day

- Saturday, August 22: 1:00pm - 3:00pm; Steilacoom

Customer Impact and Community Engagement - Stories by Location

Fife: One of the Library's outreach customers, in her 90s, walks to the library each week to access Large Print materials, movies, genealogical research resources, and staff-supported hold services. She returns home with her walker filled with books and research materials, reflecting the Library's role in supporting independence, lifelong learning, physical activity, and meaningful connections with staff and resources.

Key Center: After completing CPR and first aid training, a patron called to ask about obtaining Narcan for her emergency kit. She initially seemed hesitant to ask, so staff explained the self-service station and reassured her that no permission is needed to access the resource. The patron expressed gratitude for the resource and ended the call feeling informed and reassured.

Orting: A customer requested help identifying an engineer involved in a historic bridge project who may have been related to his spouse's family. Although the information wasn't found immediately, the staff member continued researching through the end of the day and identified several possible candidates. The findings were compiled and shared with the customer, who later requested additional research assistance while expressing appreciation for the library's support and the quality of service provided.

Steilacoom: Community Book Club leaders expressed appreciation for staff assistance in transitioning to a member-led model. Staff are providing additional training to help members independently place and manage holds for future book selections, supporting the group's long-term sustainability and self-sufficiency.

Financial Report

MEMO

Date: July 20, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Mary Stimson, Finance Director

Subject: Financial Report – Month Ending May & June 2026

This report highlights the organization's key financial payments, financial trends, standing/ongoing budget activities, and strategic financial planning efforts for the year.

Key Financial Payments

These payments are identified to be either significant in cost, relative to projects and priorities, or important payments relative to our normal M&O.

General Fund:

May

- 548000. Includes payment of \$44,825.71 and \$15,922.40 to Wayne's Roofing for Graham gutter replacement and South Hill drainpipe repair, respectively
- 535015. Payment of \$11,980.41 made to Catalyst Workplace Activation for furniture.

June

- 591721. Payment of \$259,600.55 to Innovative Interfaces Inc for Polaris subscription-based information technology agreement (SBITA) software renewal.
- 541000. Payment to Nash Consulting Inc for \$18,637.04 for leadership development.
- 548010. Includes payment of \$30,928.32 made to Hermanson Company LLP for HVAC service contract.

Capital Improvement Fund:

June

- 541060. Payment of \$27,962 was made to Starling Whitehead & Lux Architects for Architectural and Engineering for Facilities Condition Assessments and Design.

Trends

Percentages are indicated as percent used of the total available budget in these categories. These percentages include the Purchase Orders that have been allocated to vendors for anticipated and approved spend in 2026. Transfers in and out are netted in the Munis YTD reports, so may appear over/under budget until all transfers are complete for the year.

Revenues:

- **General Fund Taxes:** To date, 54.3% of the projected tax revenue has been collected. Significant revenue inflows are in April and October.
- **Other General Fund Revenues and Transfers In:** Other revenues and transfers are 41.7% of budget received. This includes \$69.8K in FOL (Friends of the Library) donations, \$233K in investment earnings, \$53K from payment of lost materials and printing, and \$66K from rebates. With the Board's approval to rescind the original LSF transfer and reduce it to \$1M, the transfer was recorded effective January 1.
- **Capital Improvement Fund Revenue and Transfers In:** To date, 18.5% of budgeted capital revenue has been collected, with investment earnings as the main source at this time. Effective January 1, \$1.2M was transferred from the Property and Facility Fund to the Capital Fund.
- **Special Revenue Funds:** No significant activity other than receipt of investment earnings in April.

GF Expenses:

- **Salaries and Wages:** On track at 46.1% of budget spent.
- **Benefits:** 42.9% of budget spent.
- **Supplies:** Currently at 46.9% for supplies, which includes current encumbered purchase orders for \$397K of anticipated spend.
- **Materials:** 44% of budget spent.
- **Services:** 58.7% of budget spent, with \$1.07M in encumbered POs.

Capital Fund Expenses:

- **Services:** 21.7% of budget spent, with \$421K in encumbered capital POs.
- **Capital Outlays:** 3.8% of budget spent, with \$91K encumbered in purchase orders (POs). \$245K PO reclassified from Capital Outlays to Capital Services in Q2.

Special Revenue Funds:

- **Levy Sustainability Fund Transfers Out:** \$1M transfer from Levy Sustainability Fund to the General Fund occurred in January.
- **Property and Facility Fund Transfers Out:** \$1.2M Transfer from the Property and Facility Fund to Capital Fund in January.

Financial/Budget Activities:

- **Financial Reporting:** Submitted the Pierce County Library System (PCLS) and Sumner Library Capital Facilities Area (SLCFA) annual financial reports to the Washington State Auditor's Office (SAO) in May, ensuring compliance with state reporting requirements and maintaining financial transparency.
- **Fiscal Development:** The Finance Director and Accounting Manager attended the Government Finance Officers Association (GFOA) Annual Conference, gaining valuable insights into emerging governmental finance trends, budgeting strategies, accounting standards, and best practices to support continuous improvement within org financial operations.
- **Strategic Financial Planning (Strategy 12 Sprint):** The 2026 Budget SWOT analysis identified strong fiscal stewardship, cost management, and budget communication practices, while highlighting opportunities to continue to enhance long-term and lifecycle planning, scenario forecasting, resource optimization, and organizational knowledge sharing; it also underscored the need to address sustainability, resilience, process, and information-sharing gaps to mitigate growing cost pressures, limited revenue resources, and capital needs.

New Business

MEMO

Date: July 20, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director
Dean Carrell, Foundation Director

Subject: Donations and Sponsorships Policy - Discussion

This recommended policy update by staff clarifies material donations of new books, used books, and materials received by both the Library and Friends groups.

The proposed revision also clarifies that financial contributions from Friends groups are considered official Library donations and must be tracked and reported under the Library's financial policies.

It also includes several minor editorial changes to improve clarity and consistency throughout the policy.

Board Policy

Donations and Sponsorships Policy

Policy Statement

Pierce County Library System (the “Library”) welcomes donations and sponsorships from individuals non-profit, and commercial entities to help underwrite the costs of delivering public access to library services and furthering the mission and vision of the Library. Donations or sponsorships will not be accepted if restrictions are purported to discriminate against any individual on the basis of a protected class, to include race, color, religion, sexual orientation, or national or ethnic origin.

Purpose

To provide direction for the acceptance, handling, and recognition of donations and sponsorships at the Library.

Donations

The Library welcomes philanthropic donations made through the Pierce County Library Foundation (the “Foundation”), both outright and deferred. The Foundation is a separate Washington State nonprofit organization having 501(c)(3) status. These are rooted in philanthropy, and are given in the spirit and with the intent to further the mission and vision of the Library and Foundation. All donations must conform to and align with the mission and vision of the Library and Foundation, and should supplement materials and services which support the needs of Pierce County residents.

The Library Executive Director, or designee, has the vested authority to accept donations that have a clear benefit and relevance to the Library's initiatives. Such donations, when accepted, become the property of the Pierce County Library System.

Types of donations encouraged include cash, redeemable checks, and securities; bequests; retirement plan assets; charitable remainder trusts; charitable lead trusts; beneficiary designations; real estate; works of art; other tangible personal property; and in-kind goods or services.

Donations of new books may be accepted with the understanding that the same selection criteria are applied to gifts as to materials acquired by purchase. Donations of used books, movies, or other items are not accepted by the Library, although are welcomed by the Friends of the Library at individual library locations.

Sponsorships

The Library welcomes sponsorships structured through an agreement between the Library or the Foundation and another entity, in which that entity makes a monetary or an in-kind donation of goods or services of a quantifiable value, which may be in exchange for promotional consideration and recognition.

Certain criteria apply in deciding the specific nature and conditions of acceptable sponsorships. They are:

- All sponsorships will further the Library’s philosophy and mission, vision, and values.
- Sponsors may neither direct nor affect the selections of particular library materials or vendors, or require endorsement of their products or services.

-
- Sponsorship opportunities offered by the Foundation will be approved in advance by the Library's Executive Director.
 - The Foundation will work with the Library's Executive Director and within the parameters of this policy to develop appropriate recognition commensurate with the amount contributed and weighed against the benefit to the Library.
 - The logos of the Library or Foundation or both will have prominence over sponsor name listing or logo. Library and Foundation events and programs will be named to reflect that they are joint Library and Foundation activities with underwriting provided by the sponsor.

Charitable Agreement Morals Clause

If at any time the donor/sponsor fails to conduct themselves without due regard to public morals and decency, or if the donor/sponsor commits any act or becomes involved in any situation pertaining to the intentions of this clause, or occurrence tending to degrade the donor/sponsor in the community, or which brings the donor/sponsor into public contempt or scandal, or which materially and adversely affects the reputation or business of either the Library or the Foundation, whether or not information in regard thereto becomes public, the Library and Foundation at their sole discretion shall have the right to remove donor's/sponsor's recognition rights as required pursuant to the donation/sponsorship agreement.

Adopted by the Pierce County Rural Library District Board of Trustees, April 10, 2024.

By the enactment of this policy the Board of Trustees of Pierce County Library System is concurrently rescinding any prior policy or procedure within PCLS that is either in conflict with or expansive of the matters addressed in this policy.

Tracked Changes

Board Policy

Donations and Sponsorships Policy

Policy Statement

Pierce County Library System (the “Library”) welcomes donations and sponsorships from individuals, non-profits, and commercial entities to help underwrite the costs of delivering public access to library services and furthering the mission and vision of the Library. Donations or sponsorships will not be accepted if **they impose** restrictions ~~to that~~ discriminate against any individual based on a protected class, to include race, color, religion, sexual orientation, national or ethnic origin, age, or disability.

Commented [GC1]: Corrected to better align with Washington State protected classes

Purpose

To provide direction for the acceptance, handling, and recognition of donations and sponsorships at the Library.

Donations

The Library welcomes philanthropic donations made through the Pierce County Library Foundation (the “Foundation”), both outright and deferred. The Foundation is a separate Washington State nonprofit organization having IRS 501(c)(3) status. Donations are rooted in philanthropy and are given in spirit and intent to further the mission and vision of the Library and Foundation. Types of donations encouraged include cash, redeemable checks, and securities; bequests; retirement plan assets; charitable remainder trusts; charitable lead trusts; beneficiary designations; real estate; works of art; other tangible personal property; and in-kind goods or services. **The Library Executive Director, or designee, has the vested authority to accept donations through the Foundation or Friends of the Library that have a clear benefit and relevance to the Library's initiatives. Such donations, upon acceptance, become the property of the Library. Donations of new books may be accepted by the Library with the understanding that the same selection criteria are applied to gifts as to materials purchased.**

Commented [GC2]: Copy edited for clarity and reordered paragraphs for readability

Donations of used books, movies, or other items may be welcomed by the Friends of the Library at individual locations. All annual request funds remitted by Friends of the Library organizations to the Library shall be recorded and treated as donation revenue to the Library in accordance with established financial guidelines and procedures.

Commented [GC3]: Clarified Friends of the Library role, naming what is accepted, how and where.

Sponsorships

The Library welcomes sponsorships structured through an agreement between the Library or the Foundation and another entity, in which that entity makes a monetary or an in-kind donation of goods or services of a quantifiable value, which may be in exchange for promotional consideration and recognition.

Certain criteria apply in deciding the specific nature and conditions of acceptable sponsorships. They are:

- All sponsorships will further the Library’s philosophy and mission, vision, and values.
- Sponsors may neither direct nor affect the selection of library materials or vendors, **nor** require endorsement of their products or services.
- Sponsorship opportunities offered by the Foundation will be approved in advance by the Library’s Executive Director.

-
- The Foundation will work with the Library's Executive Director to develop appropriate recognition commensurate with the value contributed and weighed against the benefit to the Library.
 - The logos of the Library and/or Foundation ~~or both,~~ will have be given prominence over sponsor name listing or their logo(s). Library and Foundation events and programs will be named to reflect that they are joint Library and Foundation activities with underwriting provided by the sponsor.

Charitable Agreement Morals Clause

If at any time the donor/sponsor fails to conduct themselves with due regard to public morals and decency, or if the donor/sponsor commits any act or becomes involved in any situation pertaining to the intentions of this clause, or occurrence tending to degrade the donor/sponsor in the community, or which brings the donor/sponsor into public contempt or scandal, or which materially and adversely affects the reputation or business of either the Library or the Foundation, whether or not information in regard thereto becomes public, the Library and Foundation at their sole discretion shall have the right to remove donor's/sponsor's recognition rights as required pursuant to the donation/sponsorship agreement.

Adopted by the Pierce County Rural Library District Board of Trustees, April 10, 2024.

By the enactment of this policy the Board of Trustees of Pierce County Library System is concurrently rescinding any prior policy or procedure within PCLS that is either in conflict with or expansive of the matters addressed in this policy.

Subject: Fiscal Management Policy - Discussion

The Fiscal Management Policy is presented annually to the Board for review and discussion. The policy continues to provide the framework for the Library's fiscal planning, reserve management, budgeting practices, and long-term financial sustainability. The review reinforces the Board's role in overseeing the Library's financial health through budget approval, reserve management, major fund transfers, and long-term sustainability planning; especially important as the Library balances operating costs with limited revenue growth.

As development of the 2027 budget begins, Board oversight remains important as the Library balances service needs with the goal of extending the life of the Levy Sustainability Fund (LSF). This policy remains an important tool for guiding the Library's fiscal stewardship and supporting informed decision-making as the budget is prepared.

Staff recommend no changes at this time, as the policy remains effective as written. Should the Board identify areas for further consideration or revision, staff will incorporate that direction and return with proposed amendments. No action is required.

Board Policy

Fiscal Management Policy

Policy Statement

Pierce County Library System (“Library”) Board of Trustees shall implement and maintain sound financial management of the entrusted resources provided by the taxpayers and other sources of funding, consistent with the Library’s mission. This comprehensive policy encompasses fiscal management, food purchases, and payment of claims.

In accordance with state law, RCW 27.12.070, the Pierce County Office of the Assessor-Treasurer serves duly as the Library’s fiscal agent, and the Library implements all accounting rules and processes required by the Assessor-Treasurer.

As authorized by the State Auditor, the Library implements the cash basis of accounting but can choose to implement modified accrual or full accrual basis of accounting. Cash basis of accounting does not conform to Generally Accepted Accounting Principles (GAAP), and the State Auditor notes this status in annual audit reports.

Purpose

The purpose of this policy is to outline fiscal management policies and measures used to align with RCW 27.12.070. This policy also provides guidance to ensure the board of trustees and library employees understand our responsibilities for fund and fiscal management. Other areas of responsibility outlined in this policy support transparency of fiscal management of public funds.

Policy

Fiscal Management

The Library Board of Trustees establishes the following fiscal management policy sections, which require Board action to enforce, make decisions, make exceptions, or otherwise implement to the extent law allows:

1. *Current Year Operations*: Current year general fund operations are funded from current year revenues.
2. *Cash Transfers*: Cash may be transferred among funds.
3. *Debt Incurrence*: Debt may be incurred as a last resort.
4. *Cash Reserves*: Cash reserves is a fiscal resource to stabilize long-term library sustainability. Cash reserves may be used but not as a sole substitute for budget reductions to meet economic challenges.
5. *Emergency Release of Cash Reserves*: Upon declaring a need for cash reserves to address a severe emergency having effects that cannot be addressed through the existing budget, the Board may pass a motion to release cash reserves for purposes of continuity of operations and services. Examples of emergencies are a natural disaster or a virulent pandemic.
6. *Maintenance of Positive Fund Balances*: Cash reserves in all funds shall maintain positive fund balances that plan and account for fiscal year patterns of revenues and expenses.
 - a. The General Fund shall have adequate cash reserves beginning January 1 of every fiscal year to pay for anticipated expenses until the first major property value receipt occurs on or around May 1.

-
- b. The Capital Improvement Fund shall have adequate cash reserves beginning January 1 of every fiscal year to pay for anticipated expenses until the General Fund transfer occurs during the fiscal year.
 - c. Specific guidelines shall be managed under Library Responsibility below and in the Library Finance Guidelines Manual.
 7. *Board Authority on Cash Reserves:* The Library Board of Trustees may set cash reserve balances for any Fund as circumstances require.
 8. *Additional Fund Types:* For purposes of managing the Library's finances, additional fund types may be implemented.
 9. *Establishment of Funds:* Various funds, such as the Capital Improvement Fund, Special Purpose Fund, Levy Sustainability Fund, Property and Facility Fund, and Elections Fund, are established and funded appropriately for specific purposes as outlined in the Library Fund Management section.
 10. *Unanticipated Revenues or Savings:* When there are unanticipated revenues and savings, the Board will consider transferring all or some portion thereof to any other fund.
 11. *Annual Budget Approval:* The Board approves an annual budget for revenues and expenditures in each fund, and any substantial modifications throughout the year. The annual budget process anticipates the need for long-term sustainability of services and future system expansion and improvement and allocates revenue accordingly.
 12. *Amended Budget Approvals:* The Board may approve amended budgets for various funds throughout the year if deemed necessary.
 13. *Reduction of Operation Costs:* The Board recognizes that in the absence of new revenue sources such as annexations, levy lid lifts, or bonds, additional services and cost from system growth will need to be funded mostly through reductions in operational costs.
 14. *Physical Cash Handling:* The Library maintains no petty cash funds and accepts no physical cash in any denomination as a form of payment, including coins and paper-based forms. The only exception for physical cash handling is monies that are found at the Library, which will be handled through guidelines outlined in the Finance Guidelines Manual.
 15. *Policy Review:* The Board reviews this Fiscal Management Policy annually, particularly during the fiscal year budget process, and makes amendments as necessary.

Library Fund Management

1. *General Fund:* A public sector accounting term for the primary fund to operate a governmental entity. It records all financial activities to conduct day-to-day business.
2. *Funding:* In accordance with the State Auditor BARS Cash Manual, General Fund transfers, grants, donations, and other revenue sources including but not limited to, distributions from external sources such as a Foundation, restricted or unrestricted revenues, special set-asides, and other sources of revenue, fund the following funds:
3. *Capital Improvement Fund:* A Capital Improvement Fund is established to pay for capital improvement projects, including, major asset and system purchases, maintenance, and improvements.
4. *Special Revenue Fund:* A fund that is designated by the governing body as having a restricted or committed use for specific purposes.
5. *Special Purpose Fund:* A Special Revenue Fund called the Special Purpose Fund is established to pay for special purpose projects.
6. *Levy Sustainability Fund:* To manage funds for a funding cycle's fiscal sustainability, a Special Revenue Fund called the Levy Sustainability Fund is used to accumulate cash at the beginning of a Funding Cycle in order to balance subsequent budgets without incurring major reductions in services. Aside from the other funding resources, this fund may also receive direct tax revenue receipts.

-
7. *Property and Facility Fund*: To manage funds for future land and buildings, a Special Revenue Fund called the Property and Facility Fund is established and is used to accumulate funds for purposes of purchasing property, land development, and major facilities construction.
 8. *Elections Fund*: To manage funds for future election costs, a Special Revenue Fund called the Elections Fund is established which is used to accumulate funds for purposes of paying for election costs, primarily ballot printing and mailing costs, legal costs, and consulting costs.
 9. *Debt Service Fund*: This fund is established to finance financial resources that are restricted, committed, or assigned (intended) to expenditure for principal and interest.
 10. *Fund Transfers*: As indicated in the Board Responsibility's section, the Board may transfer unanticipated revenues and savings to other funds as deemed appropriate with Board Action.

Bonding

1. *Councilmanic Bonds*: These bonds are also called limited tax general obligation (LTGO) bonds or non-voted debt, may be issued by a vote of the legislative body. Because the voters have not been asked to approve a tax increase to pay for the principal and interest, general fund revenues must be pledged to pay the debt service on LTGO. It is important to note that LTGO debt does not provide any additional revenue to fund debt service payments but must be paid from existing revenue sources. The Library may issue this type of debt at a rate of one tenth of 1% of the Library assessed valuation. The borrowing entity must repay the debt within twenty years.
2. *Library Capital Facility Area (LCFA)*: A quasi-municipal corporation and independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, created by a county legislative authority of one or several counties. A Library Capital Facility Area may include all or a portion of a city or town. The Library would create a specific area to include, for example, one or two cities and a portion of unincorporated Pierce County. This forms a Library Capital Facility Area within which a bond would be issued. An LCFA proposition includes (1) the creation of the LCFA taxing district and (2) approval of bonds for construction of one or more library buildings, which requires a passage of 60% majority, as well as a 40% voter turnout from the previous general election. Because an LCFA forms a separate taxing district, it does not affect the overall debt capacity of the Library.
3. *Unlimited Tax General Obligation Bonds (UTGO)*: When voters are asked to approve the issuance of these bonds, they are simultaneously asked to approve an excess levy which raises their property taxes to cover debt service payments. UTGO bonds can be used only for capital purposes. Replacement of equipment is not a permitted use. Bonds may be issued as a measure to voters in the taxing district and requires a passage of 60% majority, as well as a 40% voter turnout from the previous general election. The Library's maximum legal debt capacity is one-half of 1% of the Library District's assessed valuation, and in the simplest form may be levied up to 30 years.
4. *Other Funding Measures*: Other State or Federal programs that make funds available to local governments for capital purposes will be considered on their own merits.

Library Responsibility

The Board expects the Library staff to carry out the following responsibilities:

1. *Expenditure Management*: Establish and administer a budget and expenditure management system to meet the goals of this policy. Implement the State of Washington's Budget, Accounting, and Reporting System (BARS). Furnish the Board appropriate financial reports on a regular basis, and deliver the annual report to the Board subsequent to filing it with the State of Washington.

-
2. *Guidelines and Procedures*: Financial guidelines and procedures for Library staff in managing the Library's finances are established in written format in the Library Finance Guidelines Manual. This manual is kept current and enforced to implement this policy.
 3. *Strategy*: Establish a multiyear Funding Cycle and maintain a Sustainability Fund strategy to sustain services to the Library's communities. Administer a long-term cash-flow projection as an anticipatory approach to budget for and meet the Library's expenditure needs for future operations, including bill management.
 4. *Solvency*: Establish and maintain a current year cash-flow solvency strategy to sustain positive balances that ensure short-term debt is not used to pay for operations. Cash of at least four months of anticipated operating costs shall be available in the fund balance as of January 1 of each fiscal year. This four-month cash balance is calculated with all yearend payables having been satisfied. Prudently invest with the county any cash not anticipated to be utilized in any funds for current liabilities.
 5. *Fund Reserves and Balances*: Develop and manage fiscal practices and strategies so that cash reserves have at least two percent (2.00%) of the following year's anticipated revenues in addition to the amount set aside for General Fund solvency. Maintain a goal of 4% of average annual General Fund revenues in the year-end Capital Improvement Fund Balance over a ten-year period.
 6. *Budget*: Develop an annual budget calendar and timeline to review budget strategies and priorities with the Board. Present a draft and final balanced budget for public meetings to the Board of Trustees. Make efforts to reduce operational costs as part of the annual budget process anticipating that future service expansion may need to be met without significant future revenue increases.
 7. *Costs above approved threshold*: Bring to the board for approval of purchase/change orders or payments, or both, above a Board-designated dollar threshold as stated in the Purchasing and Procurement Board Policy. Purchases of materials (books, movies, databases and related subscriptions, etc.) are exempt from this clause.

Food Purchase

At the Executive Director's discretion (or designee), the Library may purchase food and beverages and serve them in connection with Library-sponsored activities, events, and meetings.

Approval and administration of these purchases shall be documented thoroughly to align with auditor requirements, purchases shall be inexpensive, and the effort necessary to purchase, prepare, and present shall be minimum in nature.

Purchase of alcoholic beverages with Library funds is not allowed.

Payment of Claims

The Board authorizes periodic updated resolutions titled *To Designate Primary and Alternate Signatory, Investment, and Auditing Officers* to formally appoint Auditing Officers who audit and certify all claims prior to payment. Past library resolutions confirm that the entire process for auditing, certifying and payment of claims shall be conducted according to appropriate Washington State law and Washington State Auditor's rules, including a blanket voucher certification process.

All such claims paid in advance of a Board meeting shall be included on a list delivered electronically to the Board members prior to the Board meeting. All relevant paperwork associated with each paid claim shall be available for Board review via electronic means prior to and at each Board meeting. Any claims of an unusual nature or of a type so designated by the Board shall be held for approval of the Board at their regular meeting.

Definitions

Budget: A statement of anticipated revenues to be used for planned expenditures.

Cash: The actual cash contained on hand or in a financial institution, to include any cash invested through the Pierce County Treasurer.

Cash reserves: A portion of cash that is set aside in any fund for short-term, mid-term, and long-term sustainability without needing to incur debt.

Current Year Revenue: A combination of new revenue, use of fund balance, and transfers from a Levy Sustainability Fund.

Expenditure management: A process to capture and report actual expenditures compared to the budget of planned projects and operations.

Fund Balance: The projected available cash after satisfying all recorded liabilities and accruals to be paid.

Related Policies/Procedures

[Comprehensive Purchasing and Procurement Policy](#)

Adopted by the Pierce County Rural Library District Board of Trustees, August 3, 1995.

Revised and approved on: June 13, 1996; July 23, 1998; June 9, 2004; August 8, 2007; October 14, 2009; November 18, 2015; September 13, 2017; July 10, 2019; December 11, 2019; September 8, 2021; September 14, 2022. Reviewed August 9, 2023. Updated August 14, 2024; August 13, 2025

By the enactment of this policy the Board of Trustees of Pierce County Library System is concurrently rescinding any prior policy or procedure within PCLS that is either in conflict with or expansive of the matters addressed in this policy.

Subject: Approve Purchase Order for Three HVAC Unit Replacements

The heat pumps at the Bonney Lake, Key Center and Steilacoom locations have experienced significant reliability issues over the past two years. Collectively, these units have failed at least a dozen times, resulting in repeated service disruptions, increased maintenance demands on our HVAC vendor, and ongoing operational challenges including closing the Key Center Library while their unit was down. These recurring breakdowns are inconvenient and uncomfortable for both staff and customers.

During this period, the Facilities Department has spent more than \$50,000 on repairs and maintenance for these units that are all well over their anticipated lifespan of 25 years. Continuing to invest in repairs is no longer a cost-effective or sustainable approach. The estimated cost to replace the units, including testing and balancing, is \$205,063 plus applicable taxes

In alignment with the recommendations outlined in the Facilities Condition Assessment and Comprehensive Capital Plan, the Library has budgeted for replacement of these HVAC systems. We are requesting Board approval to issue a purchase order not to exceed \$250,000, as the amount exceeds the Board's \$150,000 purchase order approval threshold.

Following approval and execution of an agreement, the project is expected to be completed by the end of 2026. Replacing these units will reduce future maintenance costs, minimize equipment downtime, and improve operational reliability.

ACTION: Move to approve a purchase order for Hermanson Company in an amount not to exceed \$250,000 for three HVAC unit replacements.

MEMO

Date: July 7, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Gretchen Caserotti, Executive Director
Kristina Cintron, Facilities and Capital Projects Director

Subject: Approval of Purchase Order for Solar Panel Installation

At the end of 2025, the Library applied for and received a grant with the Washington State Department of Commerce for the Clean Energy Grants 2025 program in the amount of \$594,642 to install 271 Washington-made solar panels on the roof of the Administrative Center. This is a fully reimbursable grant funded by the Washington State Department of Commerce through the Climate Commitment Act.

This initiative supports our Strategic Plan Goal 4: Build a Sustainable Future with Strategy 10, Environmental Stewardship. This project will install a 157kW DC/100kW AC system that is estimated to generate over 174,000 kWh annually, saving approximately \$9,120 per year. The annual energy consumption from March 2025 to February 2026 at the Administrative Center was \$40,786. The solar panels will provide the Library with approximately 22% savings in annual energy costs with a life expectancy of 25 years. *(The annual carbon dioxide savings is equivalent to 13,900 miles driven by an average passenger vehicle!)*

This project will be administered through the Washington State Department of Enterprise Services (DES). The initial Investment Grade Audit was completed and is compliant with performance-based renewable energy investment that advances state clean energy objectives while providing documented, verifiable energy production under the DES contracting framework. The installation will be provided by ATS Automation, Inc., an approved Energy Service Company (ESCO) under DES's Energy Savings Performance Contracting process.

Because the solar panel project was an unknown factor until grant funding was secured, we did not include it in the 2026 capital budget. Therefore, we will bring you a revised capital budget for you to review and approve during the September 2026 regular board meeting. In the revised capital budget, a new line item for \$595,000 for the solar panel project will be included from the use of the capital fund balance, which will be replenished upon grant reimbursements received in 2027. There may be further changes needed, too, especially for the Summer project.

The total project costs for the solar panel are split into two: the actual procurement and installation (\$561,000), and an administrative fee to DES (\$34,000). Because the former is over \$150,000, the Board only needs to approve its purchase order. The latter needs no Board action.

Action: Move to approve the purchase order for ATS Automation, Inc. in an amount not to exceed \$561,000 for installation of Solar Panels.

Subject: Library Trends – Convenience Without Compromise: Service Access Beyond Traditional Hours and Buildings

This memo responds to the Trustees' request for ongoing insights into modern library trends in building design and operational efficiency. The July focus, **Convenience Without Compromise: Service Access Beyond Traditional Hours and Buildings**, highlights how public libraries are expanding access through 24/7 holds lockers, mobile self-checkout, automated service points, express libraries, bookmobiles, partner-site pickup, and other right-sized service models. Taken together, these approaches reflect a broader shift from library systems defined primarily by buildings to being defined by a network of access points.

For Pierce County Library System (PCLS), this trend directly supports reducing barriers to access, improving consistency across a large geographic service area, and making capital and operating investments work harder for communities over time. The service goal is to reduce extra travel, waiting, confusion, and unnecessary steps for library patrons. Convenience is about making library service easier for people to use, not only easier for staff to provide.

Why This Matters

Library users increasingly expect public and private services to fit real life: work schedules, caregiving responsibilities, school drop-offs, transportation limitations, mobility needs, and unpredictable routines. Traditional branch hours and building-based service remain essential, but they do not work equally well for everyone. Convenience strategies help libraries meet people where they are, when they are available, and in ways that reduce unnecessary friction.

The strongest service models do not simply keep buildings open longer. They create multiple access points such as digital, physical, self-service, assisted, mobile, and community-based options, allowing people to use library services in ways that fit their lives while preserving staff support for more complex, relational, and higher-impact services.

Why This Is a Defining Trend in Public Libraries

- **From building-centered access to distributed access:** Libraries are extending service through lockers, vending-style collections, bookmobiles, express libraries, partner sites, and remote pickup points so access is not limited to a full branch building.
- **From fixed service hours to flexible service windows:** 24/7 lockers, outdoor returns, digital services, mobile checkout, and limited extended-access models help people use the library outside traditional business hours.

- **From staff-mediated transactions to user choice:** Mobile self-checkout, self-check kiosks, online renewals, automatic notices, and account management tools let patrons complete routine tasks independently while preserving staff assistance for those who want or need it.
- **From one-size-fits-all service to right-sized community access:** Rural and geographically dispersed communities may benefit from smaller, lower-cost service points that match local demand without requiring a full branch building and full operating model.
- **From convenience as efficiency to convenience as equity:** The most persuasive convenience strategies reduce barriers for working families, students, caregivers, commuters, older adults, people with disabilities, and residents with limited transportation.

Convenience is not only about facilities and technology, it also depends on policy. Even when buildings, lockers, digital tools, or mobile services are available, people may still face barriers if library rules are hard to understand or difficult to follow. PCLS can support easier access by reviewing policies and procedures related to library card registration, borrowing limits, loan periods, renewals, hold pickup windows, fines and fees, room use, technology access, proxy pickup, and account resolution. The goal is not to remove all rules, but to make sure they are clear, fair, easy to follow, and designed around how people actually use the library.

Implications for Capital Planning and CCP Strategic Roles

This trend most directly supports PCLS’s strategic roles as a **Civic Resource Connector, Connection & Community Builder, and Community Risk Mitigator**. By expanding access through lockers, mobile service, self-service tools, partner locations, and right-sized service points, PCLS can make core library resources easier to reach, strengthen community presence beyond branch walls, and build a more resilient service network for residents who face barriers related to time, transportation, geography, or disruptions.

This direction also aligns with the 2025 PCLS Public Opinion Poll, which identified interest in more outpost-type services that could extend PCLS’s reach to non-traditional users and reduce barriers for people who may not regularly use a full-service branch.

Libraries across the country are already applying these approaches in practical ways.

Convenience Without Compromise: Service Access Beyond Traditional Hours and Buildings	
Beloit Public Library (WI) – Drive-Up Window https://beloitlibrary.org/drive-up-window-now-available/ 	• Drive-up service lets patrons pick up requested materials without leaving their vehicles. • Patrons can pick up holds and return library materials through an express service point. • The model reduces time inside the building and supports quick, low-barrier transactions. • It improves access for caregivers, people with mobility limitations, patrons with limited time, and those seeking contactless service.

Grand Prairie Library System (TX) – Library Vending Machine

<https://www.gptx.org/library/About-The-Library/Library-Locations/Epic-Reads-at-Library>

- “Epic Reads” is an automated library kiosk inside The Epic recreation center.
- Because the kiosk is available when The Epic is open, it extends access beyond traditional library hours.
- Patrons can browse and check out books, DVDs, audiobooks, and other materials.
- The co-located model puts library service where people already gather for recreation, learning, and community activities.

King County Library System (WA) – Holds Pickup Lockers

<https://kcls.org/news/pick-up-holds-anytime-in-a-24-hour-locker/>

- 24/7 holds lockers let patrons pick up requested materials outside regular library hours.
- Materials are held in a private, secure locker for a limited pickup window after notification.
- The service adds a convenient access point for patrons whose schedules or travel patterns make branch visits difficult.

Meridian Library District (ID) – Mobile Self-Checkout

<https://www.mld.org/ida-app>

- The Ida app lets patrons use their phones for library card access, holds, renewals, account management, and event information.
- The app also supports mobile self-checkout inside library locations, allowing patrons to complete routine checkout from their own device.

North Central Washington Libraries (WA) – Self-Check Kiosks

<https://www.ncwlibraries.org/self-check-kiosks-coming-to-all-libraries/>

- Self-check kiosks and mobile checkout support faster service across community libraries.
- The systemwide rollout followed pilot testing at four locations.
- The model gives patrons a quick “grab and go” option while keeping staff checkout available.

Oak Park Public Library (IL) – Book Bikes

<https://www.oppl.org/use-your-library/the-oak-park-book-bike/>

- Oak Park’s two book bikes, Paperback Rider and Anne of Green Fables, bring library service beyond the library’s three buildings from April through October.
- Staff ride the cargo bikes to schools, parks, block parties, businesses, summer camps, community festivals, and other local events.
- Visitors can apply for a library card, check out materials, listen to story time, and learn about library services and programs.
- The model is personal, visible, and eco-friendly, helping the library reach residents who may face barriers to visiting a branch.

Pendleton Community Library (IN) – Read ‘n’ Feed

<https://www.pendleton.lib.in.us/get-involved/read-and-feed>

- Read ‘n’ Feed combines library service with food access, helping residents connect with books, educational resources, and groceries through one service model.
- The program previously operated as a mobile service and now provides a more consistent pantry service inside the library.
- Home delivery remains available for residents who are unable to travel to the library.

Timberland Regional Library (WA) – Expanded Access Hours https://trl.org/eah/ 	- Expanded Access Hours allows registered patrons to use participating branches before opening and after closing, seven days a week. - Patrons age 14 and older can opt in with their library card and agreement to program terms. - Services include browsing, borrowing, computers, Wi-Fi, printing, self-checkout, restrooms, and workspace. - The model expands access in smaller and rural communities without adding staffed hours.
Worcester County Library (MD), Pop-Up Library (Bookmobile) https://worcesterlibrary.org/pop-library 	- Worcester County Library’s Pop-Up Library is a bookmobile that brings materials, resources, and programs to convenient locations across the county. - Stops include childcare centers, senior communities, long-term care facilities, community events, and other places where residents live, work, and gather. - Visitors can check out and return books, sign up for library cards, use public Wi-Fi, get tech help, and participate in programs such as story times and activities. - The model helps reach children, older adults, and residents who may have difficulty getting to a branch, making library service more visible and accessible.

Conclusion

Convenience without compromise means expanding access while preserving safety, equity, staff support, and the welcoming character of the library. The opportunity for PCLS is to think beyond a single building-based service model and plan for a network of access points that are right-sized for different communities. Holds lockers, mobile self-checkout, automated service points, express libraries, bookmobiles, and partner-site service models can reduce barriers for patrons and help public investment serve more people over time.

MEMO

Date: August 8, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Connie Behe, Deputy Director

Subject: Library Trends – The Flexible Library: Spaces That Change as the Community Changes

This memo responds to the Trustees' request for ongoing insights into modern library trends in building design and operational efficiency. The July Focus, **The Flexible Library: Spaces That Change as the Community Changes**, highlights how modern libraries are designing spaces that can serve multiple purposes over time.

Instead of relying on fixed, single-purpose rooms, modern libraries use open layouts, modular furniture, movable shelving, clear activity zones, and adaptable meeting spaces to support many uses in the same footprint. A space that works for quiet study in the morning may support a teen program in the afternoon, a community meeting in the evening, or emergency response support during a local disruption. For PCLS, this trend connects directly to the Library's role as **Connection & Community Builder; Community Risk Mitigator** in the Comprehensive Capital Campaign (CCP).

Why This Matters Now

Library spaces are being asked to do more than they were originally built to do. Communities need places to gather, learn, work, connect, access technology, cool down, warm up, charge devices, and receive trusted information. At the same time, libraries are managing aging buildings, constrained budgets, changing service expectations, and growing emergency preparedness needs. Flexible design helps PCLS get more value from existing and future spaces across branches with different sizes, layouts, and community roles.

Why This Is a Defining Trend in Public Libraries

- **From fixed rooms to adaptable zones:** Flexible zones can support quiet reading, tutoring, workforce support, public meetings, story times, civic conversations, arts and making, and partner services at different times of day. Meeting rooms use retractable or modular walls so a single large space can split into smaller study rooms or expand to host public events.
- **From collection-centered layouts to people-centered layouts:** Physical collections remain important, but more library space is now used for learning, gathering, technology access, creation, and connection. Movable shelving and furniture make it easier to balance collections with community use.
- **From occasional programs to everyday flexibility:** Flexibility helps staff adjust daily operations, respond to demand, and create better experiences for families, students, older adults, remote workers, and community partners.

- **From normal operations to community resilience:** During emergencies or rapid change, flexible spaces can become cooling or warming areas, information hubs, device-charging locations, distribution points, or partner service sites.
- **From service to meeting people where they are:** Libraries are minimizing large, fixed help desks in favor of open floor plans and roving staff, prioritizing community interconnectivity.

Implications for Capital Planning: Flexible space should be treated as a core design principle rather than an optional enhancement. This does not always require new square footage. In many cases, the most useful investments are practical improvements that make existing spaces easier to reconfigure and more comfortable to use.

- Prioritize modular, durable furniture and movable shelving that can support multiple uses.
- Design clear activity zones so quiet use, collaboration, children’s activities, public meetings, and technology access can coexist more comfortably.
- Apply universal design and trauma-informed space criteria so flexible spaces are accessible, understandable, and welcoming for a wide range of ages, abilities, and lived experiences.
- Include power, data, storage, lighting, durable finishes, and acoustic choices that support changing layouts over time.
- Integrate technology with visual displays, whiteboards, and charging stations to accommodate everything from lectures to small-group brainstorming
- Plan flexible meeting and program spaces that can support strategic partnerships, community resource navigation, co-designed programs, and services delivered with local partners.

Libraries across the country are already applying these approaches in practical ways:

The Flexible Library: Spaces That Change as the Community Changes	
Arts in the Alley at The Bubbler at the Madison Public Library 	<u>Arts in the Alley</u> is a program at The Bubbler that embodies the messy zones concept. Messy zones are indoor and outdoor flexible spaces that promote content creation and experiential learning for all in the community. Studio tables and stools are great for the messy space. Height-adjustable tables with butcher-block tops, tables with marker-board tops for collaborative ideating, and built-in storage, countertops and sinks help support the large variety of activities that could take place. Being able to move activities and supplies outside is key.

The Flexible Library: Spaces That Change as the Community Changes (continued)

Boston Public Library Outdoor Spaces

Flexible outdoor spaces can extend access to the library's free resources and community spaces that are safe and welcoming year-round. Outdoor spaces connect communities in unique and celebratory ways that can vary greatly throughout the year.

Columbus Metropolitan Library

Flexible design concepts extend to services outside library buildings. Economically and environmentally sustainable solutions for mobile services are popping up around the country. Retrofit and custom-made van and small trucks are popular replacements for large bookmobiles. The smaller vehicles provide more flexibility in what libraries can offer. Expanding beyond books, this style of pop-up library can be a tech or art studio in response to community needs.

Coral Gables Public Library

Flexible furnishings that foster collaboration are becoming more common in libraries.

In this example, mobile whiteboards can be used to activate collaborative workspaces in different areas of the library, creating ad hoc coworking opportunities wherever they are needed.

Conclusion

The flexible library is about making public investment work harder for communities over time. Flexible spaces help PCLS serve more people, adapt to local needs, support staff and partners, and respond when conditions change. As PCLS continues capital planning, this approach offers a practical way to strengthen community connection, improve long-term value, and support the Library's role as both a trusted everyday resource and a community support point during disruption.

MEMO

Date: July 15, 2026

To: Chair Neesha Patel and Members of the Board of Trustees

From: Connie Behe, Deputy Director

Subject: Strategic Implementation Plan Quarterly Update

This memo provides a Q2 2026 update on implementation of the Library's 2025-2029 Strategic Plan.

Overall, core work continues to move forward in alignment with Board direction, with several strategies intentionally paced due to staff capacity, competing operational priorities, and a thoughtful rollout approach. Significant progress was made this quarter in the areas of a new customer service model, strategic partnerships, emergency preparedness, and budget sustainability.

Several efforts are also producing useful implementation lessons about cross-department coordination, shorter sprint-based work, and moving strategies from development into broader organizational practice.

The new sprint structure is helping strategy teams engage staff in focused, time-bound work with clear deliverables and less reliance on long-term standing meetings. Strategy 12 is the clearest example to date. The budget sustainability sprint established a shared goal, brought together cross-department perspectives, and generated early findings that will inform a more sustainable framework for budget planning, purchasing, and long-term resource stewardship.

Additional structural updates include the launch of a new Strategic Plan page on the staff intranet, designed to increase organization-wide transparency, strengthen communication, and help staff better understand how individual strategy efforts support systemwide goals.

Across the plan, staff continue to balance strategic implementation with daily service delivery, emergent needs, and major organizational projects. Q2 reports reflect steady progress overall, with some schedule adjustments and resource constraints that are being addressed through intentional sequencing, clearer ownership, and more focused on near-term milestones. In response to Board request, discussion of the strategic plan will be added to the October Board meeting agenda.

Key Highlights:

- **GOAL – Enhance Customer Experience:** Improve visitor/user experience of accessibility, services and resources.
 - **Strategy 1: Modernize visitor/user experience in service delivery:** Implement systemwide, updated customer service model to emphasize human-centered, hands-on learning, and experience-based approaches.

A working draft of the GLEAM Customer Service Model is complete:

-
- G – Greet & Ground
 - L – Listen & Learn
 - E – Explore Options
 - A – Act & Align
 - M – Make it Memorable

Work in Q2 focused on creating the deployment plan, refining the model, engaging stakeholders across the organization, and developing a phased adoption approach. This work supports a more consistent, human-centered service experience while giving departments time to prepare for adoption.

The next phase shifts from model development to organizational change management, including communications planning, foundational learning, awareness building, supervisor preparation, and department readiness activities.

Work underway includes:

- Working draft of the GLEAM Customer Service Model completed.
- Deployment plan, readiness roadmap, communications planning (including branding) and phased adoption approach developed.

What's Next:

- Develop communications plan and internal campaign, launch foundational learning and awareness efforts, then prepare departments and supervisors for adoption.

- **GOAL – Welcoming and Inclusive Spaces and Services:** Create safer spaces and services.

- **Strategy 4: Become a trauma-informed library:** Implement staff training for trauma-informed approaches for libraries and implement trauma-informed space and program criteria.

Before formally launching this strategy, we took several important steps over the past few years that reflect trauma-informed approaches in our work. Including:

- Revised Code of Conduct to focus on behaviors rather than individuals, helping create clearer and more respectful expectations for everyone in our spaces.
- Partnered with Peer Kent to provide a full-time Peer Support Specialist in the Parkland community, connecting people to support and resources.
- Implemented Nonviolent Crisis Intervention de-escalation training for all staff to strengthen our ability to respond to challenging situations with calm, safety and care. These efforts helped lay important groundwork to build trauma-informed practices in our library system.

Work completed:

- Conducted an external scan of trauma-informed practices in other library systems and in fields such as education, healthcare and social services. This helped us better understand how trauma-informed principles can show up in an organization's culture, policies and services.

What's Next:

- Work on this strategy is paused until January 2027. Given the number of priorities and projects currently underway in our system, we want to ensure that when this work resumes, we have the capacity to engage with it thoughtfully and meaningfully.
- **GOAL – Emphasize strategic partnerships:** Focus on partnerships where working together has lasting and greater impacts.
 - **Strategy 7: Develop and sustain strategic, high-impact community partnerships:** Develop, maintain, and strengthen partnerships with shared goals to fill existing gaps or inefficiencies in services.

Work underway includes: Strategy 7 remains active, with work focused on internal communication, socializing an asset-based relational approach to partnerships, and testing draft tools and structures through real partnership requests. The team is using co-design principles and consultation with Administrative Team and Public Services Management Team to refine relationship definitions, a tiered partnership structure, and implementation readiness.

- Internal engagement: February 2026 Focus Group: Consulted with a group of CE Coordinating Librarians and Coordinators to understand relevant experiences, gaps/needs to inform deliverables
- Introducing Strategy 7 Team and Public Services Management Team to KA McKercher’s [six mindsets for co-design](#) for inspiration and to explore how it may support us as we stretch, grow new leaders across public services, and strengthen understanding (up and downstream, cross-departmentally) of this new approach to our work, relationships, and strategic partnerships
- Early testing suggests the proposed tiered structure and simplified agreements are reducing barriers and improving the partner experience, including positive feedback from GoodRoots and Pierce County Emergency Management.

What’s Next:

- Conduct Q3 consultation with Administrative Team and Public Services Management Team, then refine the tiered partnership structure and related tools based on feedback.
- Consult with Administrative Team Q2 on relationship definitions; Action item for department heads to complete scoped inventory exercise based on definitions (alignment check)
- **GOAL – Build a Sustainable Future:** Prioritize sustainability and the future of the Library, environment, and the community the Library serves.
 - **Strategy 11: Build resilience through emergency preparedness:** Integrate Library plans and resources into the Pierce County Emergency Management network planning.

Work underway includes: Strategy 11 is on track for scope, schedule, and resources. Work is now integrated with the Readiness and Resilience Team, which is developing the PCLS incident response framework and preparing for scenario testing, communications channels, training, and knowledge management.

- The Library initiated a pilot project to allow its partner Pierce County Emergency Management Network 24/7 access to Library facilities, starting at the Buckley Library. The pilot is ready on the PCLS side and is awaiting final response from the community partner. The Q2 update notes that the timeline remains partially dependent on external partnerships; however, internal planning and preparation are well positioned to move forward once partner confirmation is received.

What's Next:

- Test and implement the incident response framework, run incident scenarios, stand up new communication channels, and identify 2027 training needs through the Q4 emergency response risk analysis.
- **Strategy 12: Emphasize economic feasibility in sustainability:** Align budget processes to the sustainability priorities and use economic feasibility analysis in decision-making.

Work underway includes: Strategy 12 is on track for scope, delayed in schedule, and constrained by limited capacity. The team is analyzing budget sprint SWOT (Strength, Weakness, Opportunities, Threats) results, preparing recommendations, developing a framework, and using an internally developed training called Budget Boot Camp to strengthen shared budget knowledge and frontline understanding.

- The SWOT analysis identified strengths in resource stewardship, cost-saving practices, budget communication, and shared knowledge.
- It also surfaced opportunities for lifecycle planning, scenario planning, cost avoidance, resource optimization, and better cross-department process clarity.

What's Next:

- Assemble a cross-functional team for the Procurement SPRINT and identify process improvements that support sustainability and economic feasibility.
- Advance the budget and purchasing framework so long-term planning, sustainability factors, and economic feasibility are more consistently built into decision-making.
- **GOAL – Strengthen Organizational Culture and Alignment:** Embed the Library's mission, vision, and values into shared expectations, leadership practices, and HR systems.
 - **Strategy 13: Embed MVV into revised behavior standards and HR systems:** Complete integration of aligned behavior standards into HR systems and organizational communication tools.

Work underway includes: Strategy 13 remains on track for scope, with schedule and resources delayed. Work underway includes developing recommendations for revised core skills and qualities, leadership competencies, integration of the new service model, and a finalized HR plan that includes training and development. The primary challenge is organizational capacity, including urgent competing projects and reduced Staff Experience staffing.

What's Next: Finalize recommendations for revised core skills, qualities, and leadership competencies, continue integrating the new service model, and begin sequencing the HR plan so implementation is realistic within current capacity.

Goal	Strategy	2026												2027											
		J	F	M	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D
Enhance Library Experience	Modernize visitor/user experience and service delivery: Implement system-wide, updated customer service model to emphasize human-centered, hands-on learning, and experience-based approaches.																								
Welcoming & Inclusive Spaces & Services	Become a trauma-informed library: Implement system-wide staff training for trauma-informed approaches for libraries and implement trauma-informed space and program criteria.																								
Emphasize Strategic Partnerships	Develop and sustain strategic, high-impact community partnerships: Develop, maintain, and strengthen partnerships with shared goals to fill existing gaps or inefficiencies in services.																								
Build a Sustainable Future	Build resilience through emergency preparedness: Integrate library plans and resources into the Pierce County Emergency Management network planning.																								
	Emphasize economic feasibility in sustainability: Align budget process to the sustainability priorities and use economic feasibility analysis in decision-making.																								
Organizational Development	Embed strategic plan MVV into the PCLS HR systems and structure: Integrate new mission, vision, values into PCLS and the SE systems (i.e. selection, recognition)

Brian Lee, IT Director

Subject: Washington State Archives Digitization Grant – Project Completion

In 2025, Pierce County Library System received a \$50,000 Washington State Archives (WSA) Local Records Grant Program award to improve records retention, management, and access through digitization. The Pierce County Library Foundation's Grant Writer prepared a strong application that helped secure the funding. Below is a summary of work completed, which concluded on May 31, 2026.

The project focused on digitization of high-value records, including contracts and agreements, branch and community documents, board meeting minutes, and facilities records. Work was completed in coordination with an imaging vendor and in alignment with WSA standards.

With the support of the IT department, the Executive Office administrative support staff organized and prepared records for digitization; coordinated imaging services; reviewed records for retention, destruction, or archival transfer; and is developing internal workflows to support ongoing digitization efforts.

The project increased access to records, improved compliance with state requirements, supported preservation of critical records, and enhanced operational efficiency by reducing reliance on physical storage.

The Library will continue phased digitization of priority records, coordinate with the Washington State Archives on archival transfer, and evaluate opportunities for future grant funding or expanded work.

Completion of this grant represents a significant advancement in modernizing the Library's records management, improving access, and supporting responsible stewardship of public records.
